

GOLDSBORO HAS RAISED \$3,500 TO RELIEF FUND

Mayor Clark Receives Word of Contributions From Our Neighboring City

GOLDSBORO, N. C., Dec. 8.—Lionel Well, chairman of the Citizens Committee for the relief of New Bern fire sufferers, last night sent the following telegram to Mayor Edward Clark of New Bern.

"Happy to report collection of \$3,500 as a result of today's canvass of Goldsboro by the Citizens Committee. Our people here regard it a privilege to respond to the appeal for the relief of your fire sufferers."

Despite the fact that Goldsboro's quota for the drive held yesterday was \$3,500, the committee thinks that the result is very gratifying. The contribution is large enough to add materially to the total amount of aid sent to the stricken city, and together with the individual contribution already sent to New Bern from Goldsboro citizens, will bring this city's figures close to the five figures.

Also there yet remains a small portion of the city to be canvassed, and the negro contribution had not been received when the total was announced. Altogether it is likely that the final report will amount to almost \$4,000.

KILLS WIFE AND THEN HIMSELF

Goldsboro Man Shot His Wife While She Was Preparing Dinner for Him

GOLDSBORO, Dec. 8.—After picking a quarrel with his wife Rebecca, 54-year old, as she was preparing dinner in the kitchen of their home here yesterday afternoon, Phillips McDewitt, 57 years old, No. 212, South Bucknell St., shot her in the head and killed her, then went up stairs and committed suicide by shooting himself in the head.

In the house at the time the fatal shots were fired was their twelve-year-old daughter Beatrice who had been kept home from school yesterday because of illness. She was in bed upstairs, and hearing the shot which killed her mother ran down only to be chased back by her infuriated father.

Soared at his frenzied actions Beatrice locked the door of her room and hid beneath the bed. After the second of the fatal shots she crept out of her room and went down stairs where she found her mother dead on the floor.

About the same time a knock sounded on the door and she went and admitted the insurance man who called to collect. She sobbingly told of the tragedy and he called in the police of the Forty-first district, who removed the bodies to the Methodist Hospital, where they were pronounced dead.

According to neighbors, McDewitt drank heavily and never known to work steadily. He was a machinist and had been employed at the Navy Yard up to the time of the lay off several months ago. He was under the influence of liquor nearly every day, and continually quarrelled with his wife.

After his lay-off he took a job on the railroad as a traveling machinist and up until the past week had been away from home. Since he has been back, the neighbors say, he has been constantly under the influence of liquor. Mrs. McDewitt, they added, was a charming and agreeable neighbor and mother, three of whom lived with them. Their ages range from 10 to 36 years.

THREE NECESSARY

When the life of a loved one is at stake the doctor and nurse must have medicines. The Great Physician put all three here for the purpose of curing disease and allaying pain. Each is useless without the other; every drop and grain of medicines ordered by the doctor, to be administered by the nurse must be added by the pharmacist.

That is our job—you can depend upon our pharmacists doing their part with skill of a master-builder. They are dependable.
