TIME TO PAY YOUR SUBSCRIPTION

Last summer when things were dull and money was scarce, we put a notice in the paper that we were going to carry every one not then able to pay their subscription until the Fall season. That season has come and gone and a large number of them have not come in and settled up, so we are again calling their attention to their delinquency and beg of them to pay up now as we need the money.

We hate to do it, but we cannot carry these on our books after the first of January, who are as much as three months in arrears, unless they call in and make some arrangements with us about carrying them.

White paper is higher now than it was six months ago and we cannot continue to send papers out and not collect for them.

Come in and pay up, and let the paper continue to you through the New Year.
