**"OLIVER"**

When about to Purchase a Plow weigh every fact well.

You of course want to secure the plow that will wear the longest, is the easiest to handle, has the lightest draft, is made the strongest and of the best material, has the best turning and scouring qualities; in fact you want a plow first-class in every respect.

THE OLIVER CHILLED PLOW answers all of these requirements and while many different makes of so-called chilled plows have been brought out and a large number have enjoyed a brief sale, they have been forced to give way to the superior merits of the OLIVER. The only safe plan is to buy the GENUINE OLIVER at the start and then no question can arise as to the quality of your plow.
