

SOCIALISTS CLAIM TWO MILLION VOTES

Chicago, Nov. 3.—Socialist party national headquarters here this morning claimed more than two million votes in the country, more than three times its vote in 1916. The socialists also claimed the election of Victor Berger to congress from Wisconsin and the election of eight assemblymen and one state senator in New York city.

Hope was held to the election to congress of Meyer London in New York.

New York, Nov. 5.—The Republican landslide continued to roll along in greater proportions today as additional election returns came in from the west.

Besides electing Harding, it was evident the Republicans would increase their vicarious control in the senate from one to a working majority.

Congressional returns from many states were slow, as were indeed the returns for president. But on the basis of partial returns, it would seem that Harding would have not less than 330 votes in the electoral college, while all that could be counted on the Cox column were the 127 in the solid south.

In many aspects the election was very unusual. It may develop what may turn out to be the greatest Republican victory in party history. Both the Democratic candidate and his party chief conceded the election early.

With the election went what President Wilson characterized as a "solemn referendum" on the league of nations issue and if it may be said that the electorate regarded their votes as an expression on that question, they registered for a preference for Harding, who declared for "staying out" as against Cox who declared for "going in" with a landslide which exceeded the expectations of the most enthusiastic Republicans.

Everywhere the shift towards the Republicans was heavy. Many states which went to the Democrats when Wilson defeated Hughes in 1916 returned to the Republican column; Boston going Republican for the second time in its history; New York giving Harding an unheard of plurality and ratios of two to one in many states give indications of the proportions of the Republican slide which apparently left the Democratic candidate nothing but the apparently solid south.

HARDING SPENDS BUSY DAY AT MARION

Marion, Nov. 3.—No longer a party nominee, but president-elect of the United States, Warren G. Harding turned his thoughts toward rest and recreation today before formulation of his administration machinery and policies.

He plans to take a week on the Texas coast and spend a week of scouting in the Panama canal zone.

A few fag ends of the campaign remained to be cleared away from his desk first, however, before rounding out his affairs here. He probably will not return to Marion before December.

One of his tasks today was to read and acknowledge hundreds of telegrams of congratulations that had been pouring in since the balloting began yesterday.

ST. PETERSBURG ALSO FOR HARDING

St. Petersburg, Fla., Nov. 3.—Harding carried all seven precincts of St. Petersburg by a majority of 287. This is the first time in history that St. Petersburg gave a Republican majority and perhaps the only town in Florida.

By the Associated Press. Orlando, Fla., Nov. 3.—Perry, the negro who early this morning shot and killed two white men at Ocoee, ten miles west of this city, hangs at a tree this morning just outside the corporate limits of the city.

ACCEPTS DEFEAT WITH SMILE --COX

Dayton, Nov. 3.—Governor Cox, the defeated Democratic presidential candidate, today wired his respects to Senator Harding pledging support to the executive in "whatever emergency might arise."

From early last night the governor had no illusions about the final result, but he refused to make any statement, his newspaper announcement, "Republican Landslide; Harding Wins," being purely impersonal.

The governor proved a good loser and the last hour at his office was spent in comforting disconsolate callers. He never lost his smile, nor did Mrs. Cox, who spent the evening with him.

To all friends who brought condolence, he said with a smile: "I am proud of your interest."

Apparently he made good his campaign assertion that for him the result was impersonal.

MARYLAND AGAIN GOES REPUBLICAN

Baltimore, Nov. 3.—With returns from about 90 per cent of Maryland, showing Harding's lead over Cox for president to be more than 40,000, interest in the election turned today to the senatorial and congressional situation in the state.

Ovington E. Weller, Republican opponent of John Walter Smith, Democrat incumbent senator, had a majority of about 13,000 with but 100 precincts missing. The Baltimore Sun, Democratic, conceded Smith's defeat by 15,000 or more.

ROBERTS AND COX LOSE IN TENNESSEE

Memphis, Tenn., Nov. 3. Incomplete returns from 79 of the 89 counties in Tennessee compiled by the Commercial Appeal today give Harding a lead of 9,876 over Governor Cox and Alfred Taylor, Republican candidate for governor, a lead of 17,000 over Governor Roberts.

STRIKE IS ORDERED CLOSED IN ENGLAND

London, Nov. 3.—The executive officers of the miners' federation have decided to declare the coal strike ended and advise the men to resume work. This action was resolved at a conference of executives today, although a ballot of the miners showed a majority of more than 8,000 against accepting the offer.

NEW YORK STATE VOTE IS VERY HEAVY

New York, Nov. 3.—Revised figures for 6,542 districts out of a total of 7,308 in the state gave for president:

Cox, 733,537; Harding, 1,722,154. Of the 7,308 districts in the state 6,384 gave for governor:

Smith, 1,194,095; Miller, 1,178,229. Returns from 4,195 districts out of 7,308 gave for senator:

Walker, 526,079; Wadsworth, 851,628.

COX HAS CARRIED OKLAHOMA STATE

Oklahoma, Nev. 3.—Unofficial and incomplete returns from 1115 precincts out of 2,685 in Oklahoma give for president:

DEMOCRATS CARRY KENTUCKY EASILY

Louisville, Nov. 3.—Kentucky gave Governor Cox a substantial majority, reelected United States Senator Beckham, Democrat, and on the face of returns shows seven Democrats and three Republican congressmen.

In the seventh Swope, Republican, apparently was losing to his Democratic opponent, Judge Gilbert.

Last unofficial figures from more than three-fourths of the precincts in the state gave Cor a lead of 37,000.

HARDING MAJORITY IN OHIO 258,000

Columbus, Ohio, Nov. 3.—The noon tabulation on the Ohio presidential vote showed Senator Harding leading Governor Cox by 258,946 on returns from 5,248 precincts in the 7,145 in the state. The vote was Harding 810,746; Cox, 551,800.

Returns from 3,676 precincts gave former Governor Willis a lead of 158,368 votes over W. A. Julian, his Democratic opponent for United States senator to succeed Harding.

THE BOY SCOUTS

Washington Star. The presentation of a farm on Northwest branch in the Burnt mill neighborhood to the Boy Scouts of the district marks a step in the development of the scout movement—a movement which has made a remarkable advance within a few years.

There the scouts will have an outdoor home in a picturesque bit of country and although they will hike and wander and practice their manly character-forming craft in all parts of the district and environs, they will have as headquarters a part of the country, embracing field, forest, rocky glen, and boys who are scouts are particularly fortunate.

Those men who were boys half a century ago were under the necessity of finding their own swimming holes, fishing places, hunting grounds and camp sites, and nobody outside their own parents was especially interested. Memory records it that those boys who managed in one way or another to have a pretty good time, but if they learned any woodcraft or nature history or natural philosophy it was in a haphazard way. Developments proved that many of them were good observers and apt students.

These Boy Scouts are being given great opportunities to develop into better men than their fathers. They promise well and the hope of everybody is that they will keep their promise.

"PHANTOM SEWING MACHINE" AGITATES THE PORTUGUESE

Lisbon, Portugal, Oct. 11.—Portugal, always a hotbed of superstition, now is agitated by what is described as "a phantom sewing machine." Columns of the daily newspapers are filled with letters reporting cases in which a mysterious sound resembling that produced by a sewing machine has been heard. Oother communications are from scientists, philosophers and spiritualists attempting to explain its origin.

The Lisbon newspapers say the strange sound was first heard about three months ago in a house in Oporto at midnight and the newspapers add that hundreds of people have heard the same sound since but at different places.

It is reported that one family abandoned their house at a fashionable bathing resort because they had heard the sound for six successive nights. At Sinfaes a young girl is

seriously ill from fright and her parents declare they heard the sound for several hours each night apparently coming from the bed railings. The popular explanation is that the soul of a seamstress has been doomed to haunt the world to expiate a sin and, all through the provinces, the peasants are praying for her repose.

TENNEY, LOWE AND SPAUGH ALL REPORT FOR PRACTICE

Chapel Hill, Nov. 2.—Carolina hopes for the V. M. I. game here Saturday took an upward jump when Tenney, Lowe and Spough at veteran backfield men who have been on the injured list, reported for practice and ran through signals with the varsity. All of them took things easily, but every indication now points to their being in the line-up against the flying cadets. Their presence will make a world of difference to the offensive strength of Tar Heels.

Fuller kept McDonald at quarter, where he did well against Maryland and put Lowe at half back. Tenney was at the other half and Spough at full, Hutchins, who must be considered seriously for the backfield, was limping a little from bruises of last Saturday and followed the team. Jacobi, who was also pounded a lot, had a day's rest and did not put on a uniform. Bell took his place.

Fuller is still experimenting with his ends. Yesterday he put Morris, who has been playing guard, at one end, and Bob Griffith, the sub half back, at the other. Hanby has been back to his tackle position and Pritchard to guard and Kernodle will be kept as a reserve tackle. The varsity lined up with Morris and Griffith at ends, Harrell and Hanby at tackles, Poindexter and Pritchard at guards, Bell at center, McDonald, Lowe, Tenney and Spough in the backfield. The team tried out new formations and showed lots of pep and dash.
