FINANCE ROADS The council of state has approved the plan of the State highway commission to allow the counties to finance road work in addition to the \$10,000,000 the State will spend

WILL ALLOW THE COUNTIES TO

during the year beginning June 1. The resolution of the highway commission says: "Resolved, that his excellency, the governor, and the council of state be and are hereby requested to permit the State highway commission to spend, during the year beginning June 1, 1921, the sum of ten million dollars in the construction of the State highways as provided by law in addition to the sums of money that may be furnished by several counties to aid in the struction of certain portions of said highway system."

Money advanced by the counties for this purpose is to be repaid by the State later in installments or as the highway commission thinks just and equitable. The money advanced by the counties is not to be considered a part of the ten millions which the 1921 legislature authorized to be spent annually.

Gov. Morrison and the council of state endorsed the plan of the commission with the proviso that "the total amount of the obligations of the State incurred do not exceed fifty

By this plan the commission will be able to go ahead with road work that could not have been financed solely by the State.

FOR RESULTS USE OUR WANT AD COLUMNS

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and

time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only one. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Out of 176 bills of indictment harging violation of the selective service act presented to the grand ury of the Federal court for the western district of South Carolina, in session at Anderson, the grand

VOLSTEAD BEER BILL IS AP-

PROVED BY COMMITTEE
The Volstead bill, designed to prevent the use of medical beer, was agreed upon by the House judiciary committee, which will report it to the House with a request for its imme-

Prohibition leaders declared there were votes enough to put it through before the bureau of internal revenue \$3.00 could make effective proposed regulations by which beer could be pre-74.55 scribed for the ailing under a ruling 541.08 of former Attorney General Palmer. Although the measure as a whole

29.00 would make the prohibition enforcement act more drastic, representatives of the drug and flavoring ex-150.00 tract trades won their fight against 225.00 a section requiring the medicating or 25.00 denaturing of alcohol prior to its 35.09 withdrawal from warehouses and distilleries for manufacturing purposes.
