The people of the Bass section are nearing completion a nice building which when completed, will be dedicated to the use of Sunday school, preaching and prayer services.

Our singing school has closed for the present. The class improved in singing. The favorable comments heard ought to stimulate the young people to higher attainments in that line.

His many friends and relatives were glad to have with them Mr. J. L. Winstead and daughter, Carrie, of Norfolk, Va. After spending a week visiting his people they returned home.

An effort is being made to continue the school until June, thus making a nine-months term. Miss Cooper seems to keep the school well in hand. Indeed we were fortunate in securing such a teacher.

Several of the young men are going to organize a string band. Uncle Ike is anxious to hear some good sweet old-time music. Music, how it soothes the soul, quickens and refreshes our feelings, charms and enlivens our imaginations, and prompts us to have sublime thoughts and aspirations that lead to noble deeds.

PHOENIX PAYS PROMPTLY.

Death Claim on Life of the Late Jas. A. Matthews.

CASTALIA, N. C., Feb. 6, 1908. This is to certify that of the four policies carried in various companies by my father James A. Matthews, that the Phoenix Mutual Life Insurance Co., of Hartford Conn., paid first. This company is to be recommended to all persons seeking life insurance on account of the promptness of payment and on account of the liberality of their policies and their large annual dividends. I cheerfully recommend the old Phoenix Mutual.

Yours truly,
THOS. A. MATTHEWS.

The premiums in the old Phoenix Co. are reduced after the first premium, giving the policy holders a considerable reduction. The premium of Mr. Matthews in 1907 was \$81.13 and his dividend reduction was \$11.42 thus showing those who consider facts, that this company is far preferable to those new companies which are not able to pay dividends and which have no record in the Spectator Index as published as late as 1907. The index shows the condition and standing of all companies in America. The Phoenix is the second or third oldest company in the United States. It has over one hundred policy holders in Nash county. Its terms will compare favorably with any other company and its financial basis is absolutely firm.

Virginia-Carolina Fertilizers

That Virginia-Carolina Fertilizers are far superior to any other fertilizers is proved by the experience of Mr. D. M. Griffin, D. D. S. of Plant City, Fla., who says: "I was trucking on a small scale, and decided I would try a few sacks of your fertilizer, as it was cheap and said to be good. I put it under some tomatoes by the side of some other high grade fertilizer which cost me \$15 a ton more, and in the same proportion per acre. I don't think I exaggerate in the least in saying that the yield where I used Virginia-Carolina Fertilizers was three times that of where I used the other brand of so-called high-grade fertilizer." Many valuable positions on truck farming written by government and private authorities, will be found in our new Farmer's Year Book or Almanac.
