The present session of the legislature should not fail to investigate "pauper counties." There is not a county in North Carolina which is not able to bear its just proportion of the State's obligations...

Thus far no legislation effecting Nash county has been passed by the law-makers, with the exception of a bill amending the charter of the town of Whitakers...

There are two things citizens of Nashville should unite their efforts in securing within a reasonable time and they are, additions to the present passenger depot which will make conditions better than now exist.

Mr. Post's course in Congress has been consistent with the ideas of his constituents throughout the Fourth Congressional District. His withdrawal from the contest for membership on the Ways and Means Committee...

Marion Butler and his gang of bond looters have again been foiled in their attempt to harass North Carolina through their repudiated bond scheme. Some of these fraudulent bonds had been donated to the State of Nevada and, under their law it was mandatory upon the part of the Governor of Nevada to accept of these bonds...

It is reported throughout the county that already a bill has been introduced in the General Assembly putting the officials of Nash county upon the salary basis. This is a mistake, as no bill has yet been introduced to that effect...

Senator Thorne has introduced a bill in the Senate to form a new township in Nash county to be known as Oak Level township. The territory embraced in this township takes a part of Nashville, Stony Creek and Coopers townships.

The law-abiding people throughout North Carolina are looking to our law-makers to rid the State of the near-beer nuisance. If the legislature will deal with this matter according to the sentiment of the people the near-beer business will be put to route, and it will save many towns and counties the trouble and worry of having special laws for their particular section.

North Carolina badly needs an Administration Building and Hon. Ashley Horne's bill providing for the erection of such a building in the State's Capitol City is timely. Anyone acquainted with conditions existing in Raleigh and who have had the opportunity to note the conditions existing in other States, where they are far advanced over North Carolina, will readily see the wisdom of Representative Horne's bill.

"Tom Avent" is one of Nash county's best and most influential citizens and his many friends throughout the county will be pained to learn that he is now critically ill at his home at Avention. For some time Mr. Avent has been in feeble health but recently his condition improved. It is earnestly hoped that his recovery will be speedy.

Representative Koonce is right. There should be the fullest investigation of the rates charged by the insurance trust in North Carolina. In looking after railroad freight rates, telephone rates, the law-makers might also look into the exorbitant and varying rates charged by the Express companies.

INQUITOUS GOVERNMENT SUCCESSFUL

1 Kings 16:23-33—January 22

"Righteousness exalteth a nation: but sin is a reproach to any people."—Prov. 11:3

THE Omri dynasty of Israel was a successful one according to worldly standards, but a failure from the Divine standpoint. Omri, a great general, succeeded to Israel's throne after the death of Zimri. He was very successful and conquered the Moabites, to the East of the Jordan, putting them under an annual tribute of the fleece of two hundred thousand lambs...

Omri died, or, according to the records, "Omri slept with his fathers." We are not from this declaration to draw the inference that Omri was a good man, but to think of Omri as a man who was not a hypocrite, but a man who was not a hypocrite, but a man who was not a hypocrite...

Ahab and Jezabel Ahab's name signifies, "Like his father." And surely he was! His name was appropriate to a man who was more successful in unrighteousness. For twenty-two years he devoted himself to the further undermining of true religion and to the promotion of the worship of the licentious heathen idolatry.

Lessons Here For Us All civilized people are deeply interested in earthly governments and their success. We all crave social and financial prosperity. It is still true that prosperity is injurious in proportion as it separates the people from the Divine arrangements and the blessings which thereto attach themselves...

The worship of Mammon, the bowing to the golden calf, the sacrificing of lives to the acquisition of wealth, belong to our day as truly as to that of Ahab—but on a more refined scale and therefore the more deceptive and insidious.

Ahab, Jezabel and Elijah as types. As all Christian students know, Jezabel, Ahab and Elijah were used of the Lord as types, and their experiences foreshadowed much greater things in the experience of the Church, spiritual Israel, during this Gospel Age.

Antitypical Ahab and Jezabel As all Christian students know, Jezabel, Ahab and Elijah were used of the Lord as types, and their experiences foreshadowed much greater things in the experience of the Church, spiritual Israel, during this Gospel Age.

Notice is hereby given that application will be made to the next General Assembly of North Carolina for the passage of an Act authorizing certain amendments to the Charter of the Town of Nashville, N. C.

A BEE IN YOUR BONNET! Not a Presidential bee, nor a political bee of any sort but the bee in your bonnet should be the lesson taught by the little hustler, the bee itself. The bee is a worker. He is also a strapper. Ever get acquainted with his business end? He looks out for his own, stands up for his rights, but above all, he works and saves.
