THURSDAY, OCT. 12, 1911.

Good Roads Value-Makers.

We note a Mecklenburg farm advertised thus: "Fourteen acres for \$1,300, four miles from court house." That is nearly \$100 an acre, and the reason is, "on macadam road." Some people say they don't want good roads because it will make their land go up and they will have to pay more taxes. The history of tax assessments in counties where good roads have sent values flying upward is that there has been comparatively little increase in values for taxation; but even if good roads did so increase values as to make a man pay more tax, it seems strange that anybody would turn down a proposition that would double or treble or quadruple the worth of his property. Good roads make farm lands a whole lot more valuable than the same lands are worth on mud roads."—Catawba County News.

New Cotton Picker.

Mr. C. W. Godwin of Raleigh has invented a cotton picking machine which is pronounced a success.
The cotton is picked by a rotating and reciprocating finger and conveyed by fan to sack. It requires one man to act as picker, and with two men at work either four or five rows of cotton can be picked clean, as the cart moves forward.
The man operating the picker simply places the mouth against the boll and the cotton is twisted from it and within the wink of the eye, it is in the sack. The picker refused to take leaves or trash and only seizes the cotton, picking the boll clean and doing this so rapidly that the capacity of the picker is only to be measured by the quick time in which a man can move from boll to boll. With two men at work last week, neither of them having used the machine before, cotton was picked at the rate of 100 pounds an hour.—Wilson Times.

Some Castalia News.

The people of this section deeply sympathize with Mr. and Mrs. D. W. Welons in the death of their little four-months-old son a few days ago.
At Red Bud Baptist Church, in Franklin county yesterday afternoon at 3:00 o'clock Mr. N. D. Smith and Miss Annie Swanson were united in marriage.
Rev. C. G. Lowe, of Rocky Mount, who assisted in the series of meetings held last week, made a fine impression on all, and it is hoped much good will result from the meetings.
Mr. Willie Frazier, a clever and industrious young man miraculously escaped a horrible death a few days ago by being caught between the seed elevator at M. S. J. Bartholomew's gin.

Big Minstral Show Coming.

The A. G. Allen Minstral Shows are billed to appear in Nashville on Monday, Oct. 16th, and will give two performances under their large canvas which will be pitched on the lot just in the rear of the court house. This aggregation of performers, numbering twenty-nine, and excusing with them a twenty-piece brass band, have visited Nash county before, playing an engagement at Spring Hope last season, where they made a good name. The Allen Minstral has the reputation of being one of the finest minstrel shows on the road and will produce a show that is indeed pleasing and of decided worth. It is said their vocal talents are of a high order and they will certainly give a good show.

Recorder Court.

Court convened Monday morning with Recorder Thorpe, of Rocky Mount, presiding. The docket was not as congested as it has been heretofore but there were several cases of more or less importance. William Alton, colored, through his attorneys entered a submission of an assault with a deadly weapon. It appeared that he had invited another negro named Bud Goode to his house and being called away for some purpose, when he returned he found that his absence had been taken advantage of by his friend and as he came in he reached in his trunk and procured his pistol and emptied it at his friend, striking him once in the hip which did not prove to be a serious injury. The defendant was fined one penny and cost.

A negro boy about fourteen years old acknowledged stealing some money and a knife from Mr. F. V. Avent's store at Avenon. The boy's father was a tenant of Mr. Avent and he said he had reason to believe there was a more mature mind advising and procuring the boy to make the theft and as the boy was so young that he had no disposition to prosecute him. The father expressed a willingness to thrash the boy in the presence of the Sheriff or any other person the Judge would order. In the hopes of reforming the boy and saving him from the association of hardened criminals on the road the Judge suspended judgement upon the payment of the cost and good behavior and warned the boy that if any complaint was made to him of his misconduct that he would re-open the case and give him a severe road sentence. The Judge did not order but recommended that his father give him a good thrashing in the presence of Mr. Avent and keep the boy under close subjection.

Mr. Edward Chappell was indicted by Mrs Bunn for obstructing a road leading to some of her tenant houses. Mr. Chappell claimed that the road he obstructed was a road he cut across his own land and that he had a right to stop it. Mrs. Bunn contended that it was an old road that had been there for thirty years or more. There was evidence that there was a road there in use for many years and that it had been in use up to the time Mr. Chappell placed his saw mill at that place. Witnesses testified that they assisted in cutting a road with the general direction of the road in question in 1902 and Mr. Chappell said that was the road he blocked. A jury was ordered in the case and after hearing the evidence and argument and the charge of the Judge the jury found the defendant guilty and after making a motion for arrest of judgement and a new trial he appealed from the judgement of the Court that he pay a fine of twenty-five dollars and cost.

The solicitor took a nol-pros in the case of State vs Whitney Overby for failure to work the road on account of the road Supervisors failing to keep their records in the proper manner.

Notes From Pleasant Grove.

Prof. J. H. Hall, of Dayton, Va., is conducting a two-week's social singing at Pleasant Grove.

The woods are full of tobacco drummers these days. One or more can be seen in this community almost every day.

The farmers of this section are very busy housing their crops. The low price of cotton is causing many of them to feel very "blue."

We long to see our public roads in just such fine condition as are the roads of Nashville township. The people of Mannings should wake up and not allow all other sections of Nash lead them in such matters of permanent improvement.

The meetings recently held at Pleasant Grove came to a close several days ago. There were several accessions to the church. Rev. D. F. Putnam, of Spring Hope, assisted the pastor, Rev. Geo. W. May. Mr. Putnam is an excellent preacher and our people learned to love him.

Parson's Poem A Gem.

From Rev. H. Steubenvoll la. in praise of Dr. King's New Life Pills. "They're such a health necessity. In every home these pills should be. If other kinds you've tried in vain, Use Dr. King's, and be well again. Only 25c at Nashville Drug Co."

Kill More Than Wild Beast.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attack. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which expel and destroy these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield to this wonderful blood purifier. Try them and enjoy the glorious health and new strength they'll give you. Many thank it and satisfied. Only 25c at Nashville Drug Co.

Notice, Teachers And Committeemen.

The next public examination of teachers, both white and colored, will be held in Nashville Thursday the 12th day of October 1911.
A joint meeting of the school committeemen and teachers of Nash County will be held in Nashville on Saturday the 14th day of October 1911. Every teacher and school committeeman is urged to attend. This will be a public meeting and everyone who is interested in public education is invited to attend and participate in the meeting. Important educational subjects will be discussed and every one who wishes to take a part in the discussions will be given an opportunity to do so. L. C. Brogden, State Supervisor Rural Elementary Schools, will be present and address the meeting.
S. F. Austin, Co. Supt.

NOTICE

Having qualified as administrator of the estate of J. H. Vester, deceased, late of North Carolina, this is to notify all persons having claims against the estate of said deceased, to exhibit them to the undersigned or his attorneys, Finch & Vaughan, at Nashville, North Carolina, on or before the 29th day of Sept. 1912 or this notice will be pleaded in bar of their recovery. Will sell one brood sow and eight pigs, also three Thoroughbred Berkshire sow shoats, weighing about 125 lbs. Also one Thoroughbred Berkshire boar, six months old. Apply to L. T. Rackley, R. F. D. 2, Nashville, N. C.

The built-in porcelain lined water cooler of the

Automatic Refrigerator

is built in the partition which separates the food and ice chambers. Food flavors cannot reach the water it contains. Filth cannot collect around it. It requires no extra consumption of ice, nor does it take up extra room. It is filled from the outside at the top of the Automatic Refrigerator. The nickel plated faucet is in front, out of the way of all harm. The ice chamber nor food chambers need not be exposed when either filling the cooler or drawing the water from it. It is absolutely sanitary and economical and its convenience is suggested by the illustration of the child procuring a glass of ice cold water.
