THURSDAY, NOV. 23, 1911.

The fancy prices paid for tobacco will cause many farmers of Nash county to make their usual mistake next year by planting too large an acreage; many reducing the acreage in cotton to give room for tobacco. In this matter the farmer should exercise the wisdom of reducing both crops and looking more closely to the production of things for home consumption. There is no safer plan than adopting the "hog and hominy" idea.

Raleigh is anxious for the Atlantic Coast Line to make the extension on from Bunn to Raleigh. All Eastern North Carolina is deeply interested in the matter and would hail with delight the completion of the line above mentioned. It would prove of vast importance to Raleigh, Eastern Carolina and the Coast Line.

Nashville's business men will give cordial welcome to good roads experts and all who come with them next Thursday. Every citizen of the town should make it convenient to visit the Good Roads Special during its short stay in the city.

To-morrow morning shortly after sunrise Henry Clay Beattie will pay the death penalty in the Virginia prison for the murder of his wife. Thus will end the career of one of the most dastardly murderers in the annual of Virginia.

One of the blessings of not having everything you want is the opportunity it affords you for having something to wish for and hope for.

Jurors For Superior Court.

Kill More Than Wild Beast.

The number of people killed year by year by wild beasts does not approach the vast number killed by disease germs. No life is safe from their attack. There is air, water, dust, even food, that contain germs which are constantly passing through your system. These germs will cause disease and will also cause death. The only safe way to protect your family and your life is to use a germicidal disinfectant. Try the germicidal disinfectant.

Escaped With His Life.

"Two and one half years ago I faced a mortal death," writes H. B. Martin, Poston Harrison, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure. I tried everything I could hear of, for my cough and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so and was completely cured. I feel that I owe my life to this great thro' at and lung cur." It is positively guaranteed for coughs, colds and all bronchial affections. 50c & \$1 Trial bottle free at Nashville Drug Co.
