

THURSDAY, JAN. 30, 1919.

One of the main reasons why you can purchase goods cheaper from the liberal and persistent advertiser is the fact that the merchant who advertises has the goods to talk about, sells more of them at a more reasonable margin of profit, yet makes more out of his gross sales than the other fellow or non-advertiser, who sells fewer goods, yet has to make up for the loss in volume of business by frequently charging a higher price for his wares. There is another phase of it in this way, the fellow who has nothing to talk about can't say anything. You can look over the advertising columns of any local newspaper and tell who are the "live wires," business men who will do to tie to.

Why the people will continue to buy diphtheria antitoxin at from \$3.00 to \$5.00 per dose when they can get it from the County Health officer for 25c. is not clearly understood by the Board of Health. Recently the County Board of Commissioners instructed the County Health Officer to provide antitoxin for the people at the above nominal figure, yet you hear instances where they pay the higher price for something that is no better.

The Graphic yields considerable of its local news space this week to give in full the interesting and instructive letter received from Sgt. W. C. Ferrell. There are no incidents here at home in Nash county transpiring this week that will prove more interesting reading than the letter of Sgt. Ferrell, appearing in part on the local page.

Just at this time the town of Spring Hope is laying the foundation to broaden out and develop as it should many years ago. As will be seen by reference to the half-page advertisement on page six, a fine lot of land in and adjacent to the town is being thrown on the market for wide-awake investors and farmers.

Do You Enjoy Your Meals?

If you do not enjoy your meals your digestion is faulty. Eat moderately, especially of meats, masticate your food thoroughly. Let five hours elapse between meals and take one of Chamberlain's Tablets immediately after supper and you will soon find your meals to be a real pleasure.

The Best Cough Medicine.
When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cuhrun, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."
To The Dyspeptic.
Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others - why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

Service in Clothes Selling

Copyright 1918 Hart Schaffner & Marx

THE greatest success in business comes, in the end, to the store that gives the greatest service. We all want success; but sometimes we forget that serving is the way to it.

Serving, as we understand it, means more than "waiting on" a customer pleasantly, delivering his purchase promptly, etc. Service begins when we buy, not when we sell; yes, before we buy; it begins with the makers of our goods. That's why we buy, and sell.

Hart Schaffner & Marx Clothes

THEY SERVE; THEY SERVE THE WEARER. AND THAT'S WHY YOU OUGHT TO BUY AND WEAR THEM, AND BE CONTENT WITH NOTHING ELSE.
