President Stone, of the Kentucky Burley Tobacco Growers Association, oas answered the questionsire sent out by the Greenville, N. C. Tobacc Board of Trade in its efforts to discredit Cooperative Marketing in North Carolina. Saying that these questions are easy to answer, Presient Stone has sent the following to headquarters of the Tobacco Growers' Cooperative Association, at Raleigh, N. C.

1 What per cent of the Kentucky crop delivered to the Association been sold by the Association? Answer - Fifty per cent-

2 What per cent of the tobacco old was the best tobacco delivered to the Association?

Answer Leaving out the green grades, the tobacco sold was not above the average of what we still have on hand. This question will be be answered more fully below.

8. What per cent of the tobacc now in the hands of the Association is common tobucco?

Answer-There is approximately twenty per cent of the tobacco we have on hand unsold which is com

4. What per cent of the 1921 crop of Burley tobacco that has been delivered to the Association is still in the hands of the Association unsold? Answer - Same as number one.

5. When will the Association sell this tobacco, that is still in the hands of the Association?

Answer—We sold five million pounds of our re-dried tobacco last week, and judging from the demand we have for it, it all will be sold in the next sixty days. 6. When will the A

ie farmer in full for his 1921 crop of Burley tobacco?

9. Does the Association require you to deliver all of your tobacco crop at one time, or can you deliver t one load at a time?

As soon as all the 19 en sold and the final d ande However, we ha demonstrated to the as I our members that the
