The Clemmons' Will Case.
THE JOURNAL is informed that the Clemmons' will case will be heard in chambers at Asheville, the 28th inst. This is a suit between the heirs of T. Clemmons, deceased, and the Moravian church. It will be remembered that E. T. Clemmons, of Salem, died about a year ago, leaving a will which provided that his wife should have a stipulated sum and that the residue of his estate should go to the Moravian church upon the condition that the church build a church edifice, a parsonage and a school house at Clemmonsville, his native town. The widow dissented and claimed her dower. The heirs then brought suit to contest the validity of the will. The amount involved is said to be \$100,000.
