TO YOUR TENTS, O ISRAEL!

Once more THE JOURNAL would impress upon all lovers of good government, all lovers of honest conduct and righteous rule in public affairs, the imperative necessity of bestirring themselves in this supreme nour for wear or wor to our good old state.

The supineness that has ob tained among us democrats in this section must now give way to action. Our candidates are all nominated, and the time has now come to the rear of the salocn. One of his October, 1868, at 12 o'clock M. the land for work to elect them.

We have good men to fill every position, from judges down to the peated, and again the lips moved with of Forsyth and State of North Carolina constable of Winston township, out a sound being uttered. Seizing a and being known and designated as lot

The forces are all drawn up for battle and there is no retracing our steps except in defeat before an ignoble and relentless enemy.

have as our candidate for congress Capt. E. F. Lovell, one of the best and bravest of men. Gallantly he led his company in the war that tried men's souls, and gallantly will he lead us in this campaign from start to finish, without fear, above reproach and beyond the shadow of turning.

Our own honored E. B. Jones is on Mott's trail, and dirty though the trail may be, everybody knows and believes that Jones will get the coon this time and make us a solicitor, able, conscientious and discreet, administering the office in the interest of law and order, instead of his own private gain at the expense of innocent parties.

Then there is Bob Glens, one of our own, who was honored by the sister counties of Rowan and Davidson by a unanimous nomination to the senate. Bob Glenn whose elo quence and logic in Eastern North Carolina is today bringing back hundreds of deluded populists to the rescue of our state from shame, and firing the hearts of democrats to resolve to win this battle or die. Rowan and Davidson counties promise to elect him to the senate, shall we, of Forsyth, fail by lethargy alone, to do for him our very best, to show then they can't beat Forsyth people in standing by their own honored sons! Verily the hour is ripe for aggressive, determined, red-hot action and with Glenn and Jones and Baldwin to lead, let us resolve from now out that Forsyth county lovers of good government will storm the citadels of thee nemy in one impetuous charge from now until the election day and rescue it from the hands of the Hessians who have rifled our pockets, dishonore I our

fair name and brought shame and disgrace to our state.

Gentlemen, if we wish to win we must wake up and go to fighting. The enemy has long been in the field in this country; with its horde of office holders poisining the minds of the credulous and misinformed by every art that could beguile, in the secret of midnight, in the day, on public squares on the highways. the bawars and hedges of the country I very where can be seen the strate on their torthous path

Men of Forsyth, men of Winston. Salem, get together and we will redeem this state. Get together another war tol spendit; it will just and get to work.
