WHAT THEY FAVOR.

Louisiana Plan is Heartily Approved.

While the Democratic Executive committee, which met in Raleigh last night took no action with reference to the legislation that will come before the General Assembly, the members talked freely in the hotel lobbies about the sentiment of the Democratic voters in their sections of the State. Reporters of this paper interviewed most of the members before the meeting last night. If they reflect the sentiment of the State, it may be safe to say that the Democratic voters in the State are in favor of these propositions:

1. Submitting an amendment to the Constitution, without any Constitutional Convention, embodying the main points in the Louisiana Constitution restricting suffrage, or "something equally as good."
2. Enacting a law providing for white Democratic primaries, regulated by law.
3. Enacting a Jim Crow law.

If there is any division of sentiment in favor of these propositions, I did not discover it in my interviews with most of the members of the committee. There is also a strong sentiment though not so pronounced, in favor of two other propositions:

1. Dividing the school fund to the nearest proportion by them.
2. Changing the time for holding the State election from November to July or August, and separating the State and national elections. If this is done, the idea is to submit the constitutional amendment restricting suffrage at the "regular election" in August. It was suggested by one member from the central section of the State that this would secure the united support of all who voted the Democratic ticket last November, whereas if the amendment was submitted at a national election there might be friction or national issues that would endanger the ratification of the amendment to the Constitution. NINETEEN YEARS FOR MOORE.

The Man Who Played the Badger Game on Mahon Gets a Long Sentence. Payne Awaiting a New Trial.

NEW YORK, Dec. 27.—W. A. E. Moore, convicted of robbing Martin Mahon, a hotel keeper of this city, by the "badger game," was yesterday sentenced to 19 years in state prison. The charge against Moore was that he conspired with his wife, Fayne Moore, to rob Mahon and that Mahon was benefited by the woman to the apartments occupied by the Moores and there compelled by the husband to pay blackmail. Moore was convicted on his second trial, the jury in this instance having disagreed. In the case of his wife, Fayne Moore, the jury also disagreed and the woman is now waiting her second trial.

Justice Daly, in the supreme court yesterday, on the application of counsel for Moore, granted a stay of execution on the sentence passed on Moore by Recorder Goff, until a motion could be argued for the granting of a certificate of reasonable doubt in order to enable an appeal to be taken.

How They Will Evacuate.

The American evacuation commissioners in their proclamation yesterday call upon the people of Cuba to treat the Spaniards with courtesy and respect until they are able to get away from the island.

All who cannot embark by January 1st, are given a reasonable time to leave and are guaranteed protection of life and property by the United States government, the military officers of Spain obligating to preserve order and discipline among the troops.

The following is the interesting programme decided upon:

EVACUATION PROGRAM.

"The commissioners of the United States and the commissioners of Spain in order to accomplish with due formalities the official delivery of Cuba by representatives of the government of Spain to representatives of the government of the United States, in accordance with the agreement between both nations, we have resolved by common accord upon the following:

"First. At 12 o'clock on the first day in January, 1899, a battery at Cabanas will discharge twenty-one cannons and immediately thereafter the Spanish flag will be lowered from Morro Castle and from all official buildings where displayed, and the flag of the United States shall be raised in its place, saluting with another discharge of twenty-one guns from the same battery; these salutes to be fired by American and Spanish artillerymen respectively. American and Spanish ships of war that may be in this port properly equipped shall also salute both flags, discharging the proper number of guns.

"Second. Land and naval forces of the United States which may have been designated by their respective commanders and who shall have entered Havana in advance and

shall have located themselves at a convenient place, upon hearing the salutes shall proceed to occupy the fortifications, edifices and places in the city which the American authorities may desire to occupy, and at all military places a Spanish officer will await the arrival of the American forces and will deliver the place to them, leaving it in their possession. If on that day and hour there shall yet be Spanish troops in Havana they will remain in their quarters and will form ranks during the time of the delivery of the city, saluting American troops which may pass there, presenting arms to sounds of march from musicians and bands. The American troops will return the salute in identical form.

"Third. At the same hour of 12 o'clock, on the first of January, there shall be present at all centers, tribunals, offices and civil dependencies of the Spanish government, the respective functionaries and employes who may have not yet ceased discharging their duties, and they shall make delivery to the American functionaries who may present themselves for that purpose and will receive proper instruction.

"Fourth. Before the time of delivery, the commissioners of the United States and the commissioners of Spain, together with the two governors general and their headquarter officers and guards, will assemble at the palace of the captain general, to decide, at the moment, and by common accord any doubt or difficulty which may occur over the delivery, and to receive immediately afterward any person who may desire to visit them either in recognition of new authority or in a farewell to the one that ceases.

"Fifth. Although it is not to be expected from the culture of this city that any one will disturb order or the gravity of the delivery of the island, if any one should so disturb it he shall be immediately suppressed by public force and the American authorities will punish the guilty with severity.

"Sixth. On concluding the delivery of the Spanish troops which may yet remain on the island shall be considered as a foreign army in a friendly country and as such respected as all."

KILLING AT REIDSVILLE.

Bill Saunders a Blockader Shot by Revenue Officer.

On Saturday evening a fight resulting fatally to one of the combatants, occurred near Reidsville.

Bill Saunders, a farmer, it is said, has for some time been manufacturing a portion of his grain into juice, on the sly of course, and the knowledge of this side-line came to the ears of his friend and neighbor, Will King, a revenue officer. Friendship cannot stand in the way of duty, and King proceeded to do as the law requires in such cases—report the moonshiner.

Saturday Saunders went to the home of King to demand an explanation, carrying a shot gun to emphasize his remarks. He found King at the barn, but instead of shooting, began using the weapon as a roll.

The two men rolled on the ground, each striving for the mastery. King's wife hearing the noise, started from the house with a pistol for her legs, but it seems he did not need it. He had one in his pocket, and before she could reach them, had gotten his hand on it, and shot Saunders three times in the breast, killing him instantly.

King came to Greensboro Sunday, gave himself up, and was placed under bond for his appearance at the next term of Federal Court. Greensboro Telegram.

DEATH OF MISS GARCIA.

Passed Peacefully Away Yesterday at The Massville, Ga.

THOMASVILLE, Ga., December 28.—Miss Mercedes Garcia, daughter of the late Calixto Garcia, the Cuban leader, died at the Piney Woods Hotel, in this city, yesterday evening of consumption.

Mrs. Garcia and her two daughters arrived here the day General Garcia died in Washington, and while at dinner received the intelligence of the death of the head of the family. The contents of the telegram were never revealed to Mercedes, who was at that time falling rapidly. All the members of the Garcia family, at present in this country, were at the bedside of Miss Mercedes when the end came.

The body will be embalmed and taken to Cuba on the warship which the United States has designated to convey the remains of Gen. Garcia back to his native country.

MEWBURN RESIGNS.

Captain Bill Day is Appointed Superintendent of the Penitentiary.

Governor Russell has sprung another political surprise by the acceptance of the resignation of J. M. Mewburn as superintendent of the penitentiary and the appointment of Captain W. H. Day. Captain Day has not accepted as he wishes to find out whether the legislature will confirm him and J. R. Tibery, also of Halifax, whom he wants to take the management of the State farms for him.

Capt. Day voted for white supremacy in the last election, before this he has been a fire eating republican or democrat, as occasion required, is one of the ablest criminal lawyers in the State and has been Russell's attorney in most of the railroad litigation of his administration.

Unless we are very much mistaken, the coming legislature is going to examine the books and the management of the penitentiary before it accepts any of Russell's appointees, resignation, or endorses anybody he appoints.

Resolutions of Respect.

The Elders and Deacons of the First Presbyterian Church, Winston, in meeting assembled, desire to give expression to their profound sorrow and sense of bereavement in the death of a

DISTRESSING ACCIDENT.

Robert Rierson Accidentally Shot by Leon Chapman.

A very sad accident occurred in our city Monday evening which may result in the death of a young man.

Will Colie, Bill Barber, Charlie Dalton, Will Perry, Robt Rierson and Leon Chapman all young boys, whose ages ranged from 15 to 17 years, met in the wooded ravine near the Boulevard in the rear of Luffert, Scales & Co's tobacco factory, and dividing the crowd on opposite hills they proceeded to have a little target practice with flouret rifles. From what we can learn the boys shot at trees near where those boys on the opposite side of the hill stood with the object in view, it seems, to have been to ascertain how far the rifles would shoot and in order that they might do this safely they stood behind trees. The boys were about one hundred and fifty or more yards apart and as they were shooting with flouret rifles they did not for a moment apprehend any special danger.

Leon Chapman fired and Robert Rierson, some two hundred yards distant on an opposite hill and entirely unseen by Chapman, dropped. Upon examination it was found that a bullet had penetrated his skull just above the right eye and entered the brain, making a dangerous if not a fatal wound.

Young Rierson had, unluckily, just stepped from behind a tree coming in direct line with the shot. Rierson was taken to the Twin-City hospital and given every possible attention that loving relatives, friends, good nurses and the best medical experts could administer and while at this writing his condition is slightly improved his recovery is regarded as doubtful.

Leon Chapman has held a position as errand boy in the Journal office for two months and we have noted nothing in him that would not justify the opinion that he was other than a quiet, honest, industrious boy. He is very much pained at the mishap and his mother, a widow lady, has suffered the keenest sorrow over the unfortunate occurrence.

Since the above was put in type young Rierson has died. He expired at the Twin-City hospital today at 12:30 o'clock. The funeral arrangements have not yet been made.

NO POST MORTEM.

We learn that the coroner, Dr. A. Z. Lunsford, will not hold a post mortem examination over the body of Robt Rierson unless special request be made to him to do so, as from the best information he is led to believe that it was purely an accident.

WARBLOOD STAR.

The Moon and Mars Are Each Other in Redness.

Nearly the whole moon slipped away last night without the slightest notice. Early in the evening it began to get "red in the face" and many who had not received official notice of the eclipse began to wonder whether it was on account of a delayed Christmas celebration among the inhabitants of the earth's satellites.

Those who took this view of it must have thought that a good many ice houses had been set on fire by the display of fire works, for the redness became almost blinding.

Soon however the mystery was explained. It all meant simply another eclipse, but whose beauty is seldom equaled.

Not far away when the redness referred to began, was Mars. He was evidently determined not to be outdone, for he took on even more than his accustomed redness and showed how a "blood star" looked.

COMPLIMENTARY GERMAN.

A delightful german was given Monday night at the Adair hall in Greensboro, complimentary to Miss Reuben Shipman, of Winston, and Miss Helen James of Danville, two charmingly winsome young ladies who are visiting in Greensboro.

The german was led by Mr. C. T. Hagan, of Bedford, Va., assisted by Mr. Wingfield Young, of Winston, and was a success from start to finish. There were twenty couples on the floor and the enjoyment lasted from 10 p. m. to 3 p. m.

It was under the management of Mr. Tompkins Berry and to his untiring efforts the enjoyment of the occasion is due and is to be complimented on his ability to handle such affairs.

BRADSTREET'S REVIEW.

Bradstreet's today says:

Industrial activity is reflected in reports from leading Western markets. Holiday trade at Chicago is the best reported. St. Louis, Kansas City, and, in fact, all leading Western points report holiday and retail trade generally as the best for years, while wholesale trade is rather quiet. On the Pacific coast rains have helped the crop outlook in California, and reports as to retail trade are very favorable.

Reports as to retail trade in the South continue good, but the volume of such trade at Little Rock is reported not up to expectations. Southern raw cotton markets report better demand for cotton with prospect of increased speculative activity after holidays. Southern cotton goods are in full up, further mills are running full time and ocean tonnage is insufficient for the quantity of freight.

CHRISTMAS DINNERS IN OUR HOTELS.

The Phoenix hotel set up an elegant bill of fare to their guest for Christmas dinner. For variety and high, elegant dishes nicely prepared it was sumptuous.

The Jones House also gave a splendid dinner to their guest Christmas day. Everything nice and well prepared. Our local man partook of it by invitation and pronounced it very good.

beloved brother and deacon, Albert Barrow Correll, which occurred Dec. 13th, 1898; and to place the same on the records of the church.

Therefore, be it resolved, that we recognize in our departed brother a subject of the grace of God, distinguished for many abilities and honored in many spheres of life by reason of his high and useful qualities.

That we feel deeply the loss of his valuable services as a member and officer of this church, which deserve to be held in lasting and loving remembrance.

That we bow in humble submission to the will of God in this calamity, and record our trust in Him, who "buries his workmen but carries on his work."

That we extend our heartfelt sympathy to the bereaved household and commend the sorrowing ones to the rich and tender and sufficient grace of God.

That copies of these resolutions be transmitted to the family and to the North Carolina Presbyterian and the local papers for publication.
