HOW TO CURE RHEUMATISM.

It Is An Internal Disease And Requires An Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the maldy to get a firmer hold on you. Liniments may ease pain, but they will no more cure Rheumatism than paint will change the fiber of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has affected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and \$1 a bottle. In tablet form at 25c and 50c a package. Chinese Torture Christians.

The holy war of the Chinese against foreigners and native Christians is spreading through many districts and fleeing fugitives tell many tales of horror.

While the safety of Caucasians, for the most part missionaries, is in doubt, the riots have, for the most part settled into a war of extermination of native Christians, hundreds of whom have been tortured or slain. There is even some disorder within the city Hankow and the situation is constantly increasing in seriousness.

The intense hatred of proselytes from the native religions is shown in the more than ordinary Chinese ingenuity employed in torturing them.

In some instances victim's tongues have been torn out by the roots, and they have been mockingly told to preach the new creed. Bound till they could scarcely move a muscle, others have been tickled continually till their brains gave way.

The water torture—the steady dropping of water on one spot of the body—has been frequently employed.

Just a moment, be kind to the umpire. Remember that he has to decide against somebody.

Had Done Enough.

In a Western Kentucky town Ben Watson had saved the life of Myra Underhill, according to Harper's. Miss Underhill had been overturned in a creek with a swift current, and the act of young Watson was a very heroic one. He had saved the life of the girl after she was sinking for the third time, and he had barely strength to pull himself and the young woman to shallow water.

The news soon spread and Ben Watson was hailed as the real, live hero of the village.

Aunt Tabby Wilson, the oldest woman in the village, mother of the little colony, was loud in praise of the heroism of the young man, and at once declared that Ben and Myra must get married. "Ben saved Myra's life," she said, "and how they must marry and be happy ever afterward, just as they do it in the story books."

But Ben demurred. The arrangement did not suit him.

"Why not marry Myra, Ben?" said the old lady. "She is yours and we must have a wedding."

"She's a nice girl, all right," replied Ben, "but I don't think we oughter marry. Seems to me," he went on, "I have done enough for Myra."

One Conductor Who Was Cured.

Mr. Wilford Adams is the name and was confined to my bed with chronic rheumatism. It gave me more relief than any other medicine I had ever used, and it will do all you claim in cases of rheumatism." Don't Fool With the Grip.

The after results of the grip are apt to be exceedingly serious. It leaves in its wake weakness and a run down condition in general.

Prof. R. E. R. Hicks, of Maplewood, Ala., says that after grip, Vinol restored his strength and cured his cough after different physicians and cough syrups had failed and he considers Vinol one of the greatest blessings ever offer to the public.—Gibson Drug Store.
