ASSIGNMENT TODAY.

The D. J. Bostian Mercantile Company Assigns for the Benefit of Its Creditors.

The D. J. Bostian Mercantile Company, which until a few months ago operated a store here, made an assignment today for the benefit of the creditors. Mr. M. B. Stickleby was made the assignee.

For many years Mr. Bostian operated the Racket Store here, and did a good business. He started with a \$27 stock, and built up an excellent business. Three years ago, feeling the result of keen competition, he left Concord and moved to Fayetteville, organizing the D. J. Bostian Mercantile Company. He remained in Fayetteville for two years, his business not being satisfactory. In February, 1909, he moved his business back to Concord, and occupied the room next to the H. L. Parks & Co. He conducted the business here for a year with ill success, and in February of this year moved his stock out and stored it.

Mr. Bostian was born and reared in Concord, and he has the deep sympathy of everybody. He is an honest, upright and energetic man, and as a business man and a citizen, has been worth much to Concord.

Negro Women Have a Jamboree.

Some of the negro women of the city have organized what they call a "ladies society." The society held one of its regular meetings at Mack Boger's hall on Chestnut street Saturday night. After the business of the meeting had been concluded the members proceeded to have a festival. One Cora Allison, a member of the society, became offended at some of her sister members and left the meeting. She later returned while the festival was going on, in a high state of intoxication and proceeded to cuss out the meeting, the member of the festival and everything that had lately transpired. She was ejected from the room and later locked up by the police. Just before the close of the festival Mag Pierson accused one of her sister members, Rose Goodman, of trying to meddle in the affairs of her and one of her lovers. Rose denied the charge, but this evidently did not satisfy Mag, as she pulled forth a razor from her bosom and proceeded to do a fancy stunt on one side of Rose's face. She was given a hearing in the Recorder's court this morning and fined \$15.00.

Cora Allison was fined \$14.00 for being drunk and using profane language.

Schoolboy Rivalry.

Charlotte Chronicle.
A son of Mr. John B. Sherrill, editor of the Concord Times, recently graduated from the graded school at the age of 17 years. He entered the school when he was six years old and made the remarkable record of not having been tardy, or not missing a day in all that time. Statesville is hoping to present a parallel case. The Landmark, talking for its town, says: "Henry Nicholson entered the first grade of the Statesville graded school and has progressed to the seventh without missing a day. If good fortune favors Henry he will graduate with a record equal to that of the Concord young man." Good health to young Nicholson! We hope he will tie young Sherrill's record. These two boys have set an example for the youth of the State to live up to, but any boy who makes up his mind, can do it—for, listen—pretty nearly one hundred per cent. of the "sick" absences from school are mere shams.

Mr. Campbell at Central Church.

Rev. W. G. Campbell, of the Jackson Training School, occupied the pulpit of Central Methodist church yesterday morning in the absence of Mr. Durham at the State University. Mr. Campbell preached from the text: "I have come that ye might have life, and that ye might have it more abundantly." It was an excellent sermon, one for thoughtful minds, and yet so simple that a child could understand. Mr. Campbell was formerly pastor of St. James Lutheran church here, and a number of his former members were present yesterday to hear him.

Legalized Primary in Rowan County.

Rowan county has the legal primary by a special act of the legislature. In the plan governing the holding of the primary Section 6 reads: "That all white persons who shall be qualified to vote in the November 1910, election and who have heretofore affiliated with the Democratic party, and has been a consistent voter of the Democratic ticket in State and county elections, or who will in the November, 1910, election vote for the nominees of the Rowan county Democratic convention of July 2, 1910, shall be entitled to vote in said primary election."

Mrs. Dr. Dunlop Thompson and son, Master Charles, of Morven, and Miss Miss Seymour, of Burlington, will arrive tomorrow to visit at Mr. H. A. Graeber.

STATE BONDS GO A-BEGGING.

Second Bid for the \$3,430,000 Issue is Less Than the First.

The second bids for the 3,430,000 refunding forty year 4 per cent bonds to take up bonds falling due July 1, were opened by the State Treasurer at Raleigh Saturday and it was found that there were bids for only \$1,195,000 of the issue as compared with \$1,765,000 that were bid for on the first date for the bond sale, May 18, when all bids were rejected.

This time the bids ranged in batches from \$1,000 to \$200,000, whereas there was one \$500,000 bid at the first effort to sell the issue. The \$500,000 bid was by the New Life Insurance Company and was not renewed. The Council of State was in executive session all afternoon considering the situation, a number of the prominent bankers and other business men being with them in confidential conference. Late in the evening announcement was made that the bids opened are accepted and that additional bids are on hand running up the sale to \$1,218,500.

The bids in hand leave \$2,211,500 of the issue to be taken care of in some extraordinary way. Several methods of extracting the administration from the embarrassing dilemma are being suggested although the Governor and Council of State are not talking. One is the calling of the General Assembly in extra session to either increase the rate of interest above the 4 per cent provided so as to effect the sale in the ordinary way, empower the Treasurer to exchange new bonds for the old, or authorize some other means of tiding the State over the difficulty until there can be permanent adjustment at the next regular session in January. Another is to sell all the bonds that are now bid for or for which bids can be secured before July 1 to redeem those bonds that are presented for collection and to borrow money to take care of the rest until the regular session of the Assembly. This is believed to be the policy decided on by the council.

There is a suggestion that the State could get money on the railroad bonds the State owns as security or effect other financial arrangements that would save the State the \$25,000 or more expenses of an extra session of the Legislature.

Forest Hill News.

Black & Shepard Celebrate First Anniversary.

The popular firm of Black & Shepard, ladies' outfitters, will celebrate the first anniversary of the opening of this store by inaugurating a "Spot Cash Birthday Sale" of muslin underwear and wash coat suits. Every garment they offer is new and up-to-date, and was made this season. The sale will commence Wednesday morning, June 1 at 9 o'clock, and will close Saturday evening at 10 o'clock. In The Times today you will find a big three column ad of particulars of this sale, and the same ad will appear in The Tribune tomorrow.

Crush at Store Opening.

During the opening of a new department store in Hagerstown, Md., Saturday, the crush was so terrific that several women fell fainting and were, with difficulty, rescued from the crowd by policemen, who by prompt action prevented a panic.

It became necessary for the proprietor to erect heavy boards over the display windows to prevent the surging crowd outside from smashing the large plate glass. The crowd filled the sidewalks and street for a half a block.

See notice of the administrators of the estates of Drs. Lilly and Walker, in this paper.

EDISON'S NEWEST PRODUCT.

Has Invented Moving Pictures in Their Natural Colors.

Thomas A. Edison, the "electrical wizard," said Saturday that he has succeeded in producing a moving picture photographing machine which will take pictures in their natural colors, the experiments showing such results as to warrant the inventor saying that almost any day would see its perfection.

"While color photography is not new by any means," said Edison, "its difficulty for just ordinary landscape pictures is such that only a few experimenters care to use the Lumiere plates, and even in the hands of the experts the results are indifferent. I am also working on a machine which will reproduce the pictures as well as the moving-talking-picture machine. I know that there are some on the market, but none of them are any good. There's no synchronism between the pictures and the talking. Just think of having a picture colored true to nature, with the action and talking clearly reproduced.

"I've had Mr. Lumiere here. He stayed with me a couple of days and was satisfied with what I have done."

Mr. Edison was asked what was the principal invention needed by the human race and which had not been invented.

"I am no prophet," he replied, "and do not care to answer that question. Let's rather talk of what we have done."

"Do I intend to write a book? Not on your life. I have not written anything for 20 years, except an article the other day for a friend who runs an electrical magazine. The only thing I write now are autographs."

Mr. John Means Home on Furlough.

Mr. John Means arrived in the city Sunday morning to spend a nineteen days furlough with his parents, Mr. and Mrs. T. H. Means. Mr. Means is on the U. S. S. South Carolina and is now stationed at Norfolk. He had the good luck to help his ship win the navy trophy for best shooting with the twelve-inch guns. He has received \$10 per month increase of pay and will share in a distribution of about \$1500 prize money among fifty men, for his skill in gun pointing. He is making a fine record for his first enlistment.

Dinner to the Veterans.

The Daughters of the Confederacy here will serve dinner to all the Confederate veterans of the county next Friday, June 3, which is the anniversary of Jefferson Davis' birthday. The dinner will be served in the court house yard, and it is hoped that not a single veteran in the county will miss being there. The Daughters will serve dinner on every anniversary of Mr. Davis' birthday as long as there is one veteran living in the county to partake of it.

Drunkenness Decreasing in Salisbury.

According to the court records drunkenness in Rowan county has decreased sixty-five per cent. since the state-wide prohibition law went into effect more than a year ago. In 1908, when liquor was sold there were 830 arrests in the county for drunkenness while in 1909 under the new law, the number reached only 273. It is also stated that there has been a corresponding decrease in all criminal lines since the State went dry.

Blessed Audience and Died.

Just after delivering an address before the Randleman township Sunday school convention yesterday, Wilson Davis, an aged citizen and superintendent of St. John's Sunday school of that place, dropped dead in the convention hall.

He closed his address with "May God be with you till we meet again," and taking his seat suddenly expired.

Twins Born With Teeth.

Chicago physicians are interested in an extraordinary case—the birth of twins—each one of which had two well developed teeth. Making the case still more unusual is the fact that the teeth were extracted when the twins were ten days old, and this operation in dentistry perhaps saved their lives. The twins are the daughters of Mr. and Mrs. Edward F. Hurd.

Dr. R. S. Young went to Salisbury this morning to get his automobile which has been in the garage there for several days. Dr. Young was accompanied by the following young ladies who will make the return trip with him: Misses Rath McGhee, Margie Ridenhour and Helena Ridenhour.

Champ Clark on the President.

"It is a great pity for the President," said Champ Clark, of Missouri, in his recent speech in the House, "that he was influenced in his opinions on the tariff question by Senator Aldrich and Representative Payne, the Republican floor leader. It would have been a great thing for Mr. Taft if he had vetoed the Payne-Aldrich tariff bill. It would have added much to his usefulness now and more to his fame in the days to come. That masterful man, Charles Stewart Parrell, once said:

"Opportunity is a horse, bridled and saddled, which stops at each man's threshold once in a lifetime. Be ready, mount and he carries you on to success and honor. Pause an instant, he is gone, and the clatter of his iron hoofs echoing down the corridors of time will forever remind you of what you have lost."

"The golden opportunity of writing his name among the country's greatest benefactors came to President Taft on the 5th day of August, 1909," said Mr. Clark. "He let it go by unimproved, and it will never return to him as long as grass grows or water runs."

It is rumored that Hon. R. M. Douglas will be a candidate before the Republican State convention for the nomination of chief justice of the Supreme Court.
