**Sharks Eat Seventeen.**  
Seventeen persons have been eaten by sharks in the Zambesi river while journeying through Portuguese territory. The steamer Dararo, loaded with merchandise, struck a submerged rock and rapidly filled with water. The four passengers and the crew jumped into the boats, which were overturned in their frenzy. When they tried to swim ashore they were attacked by sharks, and despite the efforts at rescue by the Portuguese gunboats, Tete and Sena, only the captain, one passenger and two sailors were saved, the remaining three passengers and fourteen of the crew being eaten.

The latest political development in Wake county is a report pretty generally circulated to the effect that W. A. Simpkins is to run independent for the state Senate against Mr. E. W. Sikes, who was nominated in the sensational Democratic primary in which the "insurgent" faction of the party defeated the "regulars." Mr. Simpkins has not confirmed the report. He is a primitive Baptist minister and extensive farmer.

**THE TRIBUNE**

CONCORD, N. C., JULY 5, 1910

**TO-DAY'S WEATHER REPORT.**  
Unsettled weather with thunder showers tonight or Wednesday; moderate variable winds.

**LOCAL AND OTHERWISE.**  
The Theatorium is running two very sensational films—a Kalem and a Vitagraph.

Messrs. C. H. Peck, W. B. Fisher and J. C. Lingle will run an excursion from Concord to Asheville on July 28, returning July 29th. Watch for full particulars.

It seems at present that with 79 counties heard from and ten withholding instructions and nineteen to hear from, the Allen-Manning contest stands: Allen, 402,266; Manning 358,266.

Rev. T. B. Anderson preached last night at the Cannonville Presbyterian church. His text was: "The effectual fervent prayer of a righteous man availeth much." He will preach each night this week at 7:30.

The condition of Capt. J. M. Odell is somewhat improved today. He rested well last night and is able to recognize those about him. His condition today is such as to cause his friends to be hopeful as to the outcome of his illness.

The Timothy O'Connell place, a part of the McClure farm, in No. 2 township, consisting of 109 acres, was sold at public auction at the court house today at noon. Mr. J. H. Hargrave, of Greensboro, offered the highest bid, \$1330 and received the property.

Messrs. M. J. Harris and J. W. Harris, of Albemarle and Mr. S. F. Harris, of Spencer, were at Rocky River yesterday to attend the burial of Miss Ellen Harris, who died in Albemarle Sunday. She was the daughter of Mrs. Eva C. Harris and was 18 years old. Her father died several years ago. When two years old the young lady swallowed a thimble which lodged in her throat, remaining there for six weeks before it could be removed. An ulcer was left which never healed and the hemorrhage from this caused her death.

**At Chickamauga Park.**  
Throughout the month of July the God of Battle will hold sway at Chickamauga Park, Tenn., where 12,000 militiamen from Tennessee, Mississippi, Florida, Georgia, and North and South Carolina, with 2,000 regulars, will engage in mimic warfare. The battles of the Civil War, which made this section historic, will be fought over, and, while the fighting will be bloodless, it will lose none of its spectacular features.

A new feature, which is sure to attract many to the maneuvers, will be the use of the war aeroplane. The war department expects to get valuable information as to the usefulness of air fighting craft during these maneuvers.

In order to enable their patrons from all over the south to witness these most thrilling sights, the railroads of the southeastern territory have granted very low rates, which will make the trip so low in cost as to be in the reach of anyone. Full information as to rates may be obtained from any railroad agent in the southeastern territory.

**The Returns from the Fight.**  
A large crowd was present at The Pastime yesterday afternoon to get the returns from the big fight and everyone seemed well pleased with the service furnished them. To Miss Virginia Foushee, the ever obliging manager of the Western Union, is due a large part of the credit for the full detail service that was furnished. Whenever the people here are anxious to know the details of any foreign event all they have to do is to go to Miss Foushee, and although it very often causes her a large amount of extra work, she is always ready, willing and anxious to do what she can and that usually means that you are furnished with the information you desire in a remarkably short time. Last fall when a young man of the city, was trying to get up enough money to get a full report of the World series and had failed to secure the necessary amount, Miss Foushee came forward and voluntarily offered to contribute the same amount asked of anyone. But that is the spirit in which Miss Foushee does things and whenever you want to know something, and know it quick, go to the Western Union and ask for Miss Foushee.

**Teacher's Examination.**  
The next regular examination of applicants for teachers' certificates will be held on the second Thursday and Friday of this month, the 14th and 15th. The examinations for entrance to the A. & M. College will be held at the same time.

The examination will be held at the court house and will begin at 9 o'clock on Thursday, the 14th.

CHAS. E. BOGGER, Supt.

The Ballinger investigating committee adjourned last week to meet in Minneapolis September 5 to draw up its report. As the committee's findings probably will be made known before he fall elections the report may have some bearing on the political contest to be waged between the two parties for control of the next House.

**PERSONAL.**

**THE CHAIN GANG POET AGAIN.**  
George Jones Again Bursts Forth into Near Poetry.

Mr. George Jones, the erstwhile barber, who now is lingering with Col. Hamp Blackwelder's force, has again broke forth into song, and here is his latest effusion, which will go down into history as a classic:

My friends, do listen while I relate,  
The troubles I have had here of late.  
My troubles began in the month of October  
And when I get free I will try to stay sober.  
For drinking and gambling was the cause of it all,  
And drinking and gambling will make any man fall.  
Now, young men, listen to me, please do,  
And put drinking and gambling far behind you,  
For both are bad habits, I know very well,  
And just one of them will send you to hell.  
My trouble began, it was just this way,  
I was sent to make a purchase one day  
But before the purchase I could make  
I was asked by a friend a drink to take.  
I took a drink and couldn't resist,  
For drinking I thought was such a bliss;  
So I kept drinking and got tight that day,  
Blew in the man's money and went my way.  
I was arrested and sent to jail,  
And had no friends to go my bail,  
In jail I lay for quite a while,  
And waited in hope to have my trial.  
Court came at last in the month of May,  
I was sent to the chain gang four months to stay,  
But since to the chain gang I have gone,  
I don't find things like they were at home.  
But to home I will go the 8th of September,  
And the county chain gang I will remember.  
Cap. Blackwelder treats the prisoners all right,  
But if we go wrong; he knows how to fight,  
And now for the guards they think they are wise,  
But there are some who think they are guys,  
But I am glad to say that they are good,  
And would be better if they could.  
And the rations—they are all right  
You can eat your supper and rest good at night;  
So now for this time I will close,  
And hope it will do good wherever it goes.
