 Concord, N. C., February 18, 1911.

THE FAMINE IN CHINA.
 Monroe Enquirer.
 What did you have for dinner today? An important question, you may say, but it is one that can well be asked of any citizen in this land of plenty without embarrassment to him. There was bread of the best; meat, plenty of it; one or more kind of vegetables; coffee or milk, and then there was in all probability some pie, cake, pudding or some other dessert. In other words, you had a square meal and you have all you can eat three times every day of your life. You do not know what it is to be hungry.
 This is written to broach the subject of the famine now existing in China. Read the report of the terrible famine in China, read of how men, women and children are dying by the roadside for the lack of food. Think of that densely populated, crowded land where there is never any great surplus of food like there is with us in this country—think of the crop failure there on account of the great floods, think of the parents giving their children away to whoever will feed them. The situation is so foreign that we cannot conceive the distress of it. And then think of what you had for dinner. And think, too, as you look upon the faces of your well-fed children that multiplied thousands of little yellow children on the other side of the globe would deem it the greatest of blessings if they could be given the contents of your kitchen slop-bucket.
 There is a creed that teaches that all men are brothers. Do you believe in the common brotherhood of man? The writer is frank to tell you that foreign missions is not his long suit—but when strong men and women and little children are starving for bread, that's not a matter to spend many words about. Let the heathen Chinese be able to say to Christian America, "I was hungry and you gave me bread."
 Now, if any of you well-fed people want to give anything to these starving people in China, The Enquirer folks will take your money, send it on with their subscription to the National Red Cross Society and the same will be acknowledged in these columns. Just a little from every one now will mean so much to those starving Chinese.
They are Good Church Folks Too.
 Albemarle Enterprise.
 In copying our recent editorial in reference to a class of subscribers that gives every newspaper trouble which is not conducted on a strictly cash in advance basis, the Greensboro Christian Advocate says:
 "The editor of the Stanley Enterprise, which by the way is one of the best weekly newspapers coming to this office, bewails a bad habit of some subscribers.
 "The Advocate has lost enough on an average to pay the editor's salary and all the clerical expenses of the office for the last 10 years to elect saints who insist that they are under no obligation to pay for a paper continued to them after the time paid for has expired. Right recently, in our effort to be a little more careful to accommodate this class of subscribers, and not being able to discriminate in every case, we have given mortal offense to some who happened to fall under the scimitar and they have written us 'huffy' letters, saying we were afraid to trust them for a little while. So what is a poor editor to do? And these are all good church folks at that, Brother Bivins."

WORKING WOMEN.
 Here is a Helping Hand—A Newton Woman's Experience.
 You know just how it is yourself—when you are tired out, perhaps a little run-down, and hardly able to drag around, life is a burden, you are irritable, nervous, depressed and every little task seems like a mountain.
 Miss Katherine Burns, of Newton, Mass., says—"About six months ago I was in a run-down condition and my blood was very poor. I had taken several medicines prescribed by physicians, but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle noticed a great improvement. I have taken six bottles and I feel as well as ever, and I would recommend Vinol to anybody needing a good tonic to build them up and make them strong." (We guarantee this testimonial to be genuine.)
 We want to ask every woman who finds herself in this condition to try Vinol, our delicious cod liver and iron tonic, without oil, with the understanding that their money will be returned if it does not help them.
 We know Vinol will create an appetite, aid digestion, make pure, rich blood, and in this way build up and strengthen the run-down, overworked, nervous system. You take no chances. Try it. Gibson Drug Store.
Backache, Rheumatism, Sleeplessness.
 Result from disordered kidneys. Foley Kidney Pills have helped others and they will help you. Mrs. J. B. Miller, Syracuse, N. Y., says: "For a long time I suffered with kidney trouble and rheumatism. I had severe backaches and felt all played out. After taking two bottles of Foley Kidney Pills my backache is gone and where I now sleep in comfort. Foley Kidney Pills did wonderful things for me." Try them now. M. L. Marsh, Druggist.
Too Much Phone Spooing.
 Brockton, Mass., Feb. 17.—Brockton telephone subscribers must cease "spooing" over the wires of their rates will be advanced, declared Manager C. C. Starbird to-day.
 He says the lines are also tied up mornings with women talking about the latest fashions and in discussing the best methods of housekeeping and a hundred and one other things that the expense of the company have jumped to such an extent that higher rates will be necessary.
Pneumonia Follows a Cold.
 But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stowell, Hannibal, Mo., says, "I contracted a bad cold and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." No opiates, just a reliable household medicine. M. L. Marsh.
 The provision in Senator Ewart's bill prohibiting newspapers from publishing advertisements of liquors ought to be passed. The people of the State by a large majority have declared in favor of the prohibition of the liquor traffic, and the papers of the State ought not to be permitted to abet the violation of law by advertising the goods.—High Point Enterprise.
Speedy Relief From Kidney Trouble.
 "I had an acute case of Bright's disease with inflammation of the kidneys and bladder, and dizziness," says Mrs. Cora Thompson, Jackson, Mich. "A bottle of Foley's Kidney Remedy overcame the attack reduced the attack, reduced the inflammation, took away the pain and made the bladder action normal. I wish everyone could know this wonderful remedy." M. L. Marsh.
 One day the office boy went to the editor of the "Sounding Eagle" and said:
 "There is a tramp at the door, and he says he has had nothing to eat for six days."
 "Fetch him in," said the editor.
 "If we can find out how he does it, we can run the paper for another week."
Remember the Name.
 Foley's Honey and Tar for all coughs and colds, for croup, bronchitis, hoarse ness and for racking the grippe coughs. No opiates. Refuse all substitutes. For sale by M. L. Marsh.
 Our friends of the General Assembly must excuse us for saying they passed one fool bill, that which requires the sheriff of Anson county to keep blood-hounds. No wonder Anson is among the "paperers." These blood hounds will never pay for the pot liquor they will drink.—Thomasville Davidsonian.
 Foley Kidney Pills are a reliable remedy for backache, rheumatism and irregularities. They are tonic in action, quick in results and afford a prompt relief from all kidney disorders. M. L. Marsh.
Be Prepared for Emergencies.
 When a cold comes to you—or in your family—or a sudden chill—if you instantly take you can make recovery sure. A bottle of Perry Davis' Pain-Expeller in half a glass of hot water or milk will be the thing to have later and greater trouble. This old reliable family remedy sells by millions of bottles annually. See the new sign and the

KILLING THE GOOSE THAT LAID THE GOLDEN EGG.
 The rumor is current that the promoters of the interurban road, which it is proposed to build through this State, are going to cut Davidson county off the line. It has always been intended that the line would pass through Concord, Salisbury, Lexington, Thomasville and High Point on to Greensboro and Durham. It is now said to be the intention to eliminate Davidson county entirely and run the line through Davie county to Winston-Salem, and thence to High Point and Greensboro.
 This decision, it is said, has been brought about by the unreasonable attitude of the people of Davidson county in the matter of charging prices for rights-of-way over their lands which amount to little less than robbery. That this is true is proven by the attitude of the Lexington Dispatch, which in an article of a column and a half in length in a recent issue gives its own people one of the fiercest roasts we have ever seen administered. Among other things the Dispatch says:
 "Now to be perfectly plain about the matter—Davidson county has reached the point where 'corporation-baiting' must stop. We can not afford to have the word go out that Lexington and Davidson county will not give a corporation a square deal. We are not saying this for the sake of any corporation on earth. We are saying it for the benefit of the people of Davidson county. We have had lawyers—and we have a few now—that took inordinate delight in starting trouble for corporations. There have been suits against the Southern Power Company and against other corporations which were entirely uncalled for. Some are on the docket of the superior court of Davidson county today. The lawyer, of course, will get his little forty, fifty, or even a hundred-dollar fee and the plaintiff will get his part of the swag—let us call things by their right names, for the money wrung unjustly from a corporation is as much entitled to the name of "swag" as that taken from a citizen by the burglary route or the hold-up plan—but, what a short-sighted policy it is! The lawyer will lose not only his self-respect, but he will lose financially in the long run and it is a cinch that the property owner will lose and lose heavily, if his greed serves to drive away the interurban and that is exactly what it promises to do."
 "We have in mind now one case in which the Southern Power Company is being sued for \$300 damages to a small tract of land which sold in 1900, or thereabout, for only \$350. It is now valued at less than \$1,000 and the power transmission lines run along the border of the little tract of land a distance of less than 400 yards. Hotten!"

Constant Sufferer From Chronic Catarrh Relieved by PERUNA.
 Mrs. J. H. Bourland, San Saba, Texas, writes:
 "For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expirations. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages. I tried many Remedies, which gave only temporary relief or no relief at all. I at last tried PERUNA, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured. I must cheerfully recommend the use of PERUNA in any case similarly affected."

Lawyers the Only Ones Who Object to the Torrens System.
 Carolina Union Farmer.
 So far as we can determine there is but one objection to the Torrens system of registering land titles and that objection is the legal profession of North Carolina—not quite all the profession, but nearly all. If you haven't written your representative, and especially your State Senator, about this matter and let them know how you feel about it, won't you get busy right after supper tonight and attend to the matter without delay? If you have already written, can't you write 'em a few more lines to let them know that you prefer to be remembered with results after the election rather than to have so many flattering promises before the election? The legislature will not be in session much longer, and what is done must be done quickly.
 "Dean's Obituary" cured me of a cold that had annoyed me a long time. The cure was permanent."
 Mrs. S. W. Matthews, Commissioner of the Southern Dispensary, Ma. Sold by

Cannon & Fetzler Company.

Improved Service to Knoxville, Cincinnati, Louisville and Points West.
 Effective with the inauguration of the Southern's new train the Carolina Special which is a solid through train from Charleston, S. C., to Cincinnati, Ohio, put in operation on January 2, 1911, passenger for Knoxville, Cincinnati, Louisville, and points west, can leave Salisbury on train No. 21, at 2:30 p. m., which is a solid through train from Goldsboro to Asheville, with parlor car, arriving at Asheville at 7:40 p. m. and Cincinnati at 10:00 a. m. The Carolina Special makes close connection at Lexington, Ky., for Louisville and points west. This gives three daily connections from this section to Knoxville, Cincinnati and points west, and very greatly improves the service.
Three Splendid Premiums.
 The Times and The Tribune have chosen of three splendid premiums to offer to all subscribers who pay a full year in advance to either paper. They are as follows:
 1st.—A pair of eight inch Spring Fension Sizers.
 2nd.—The Progressive Farmer one year for only 15 cents additional. This applies only to NEW subscribers to the Progressive Farmer.
 3rd.—One year's subscription to the Southern Agriculturist.
 All may have choice of any of the above premiums, but of course only one will be given.

Bill Nye Building.
 The Greensboro News.
 Some days ago the boys in the Stonewall Jackson Training school donated the sum of \$9.18 money they had earned doing little odds and ends of work—to the fund for the Nye Memorial building at the school. It had been the purpose of the boys to give the money to some worthy object. Acting upon that decision they sent it to the treasurer of the fund.
 The incident furnishes a story that is full of interest. It shows some of the work of reformation that has already been done. The boys in that institution were picked up from the drifting throng of youngsters that is daily being steeped in sin and crime—drifting hallelujah. The object is to save them from the jails and the penitentiary, to make men of them and give them to the state as an asset and to humanity as a blessing. The incident mentioned shows how quickly they are willing to help themselves, to cooperate in the work being done for their uplift, and add to the equipment for saving still others of the boys who are going the downward way.
A Successful Farmer.
 Mooresville Enterprise.
 Mr. R. P. Craven, of Coddle Creek township, last week purchased the Jep Jones farm, consisting of 240 acres, paying the flat price of \$5,500 for it. This land adjoins the "home tract" of Mr. Craven and gives him a total of 1150 acres in one piece in this township. Mr. Craven owns other land in Rowan and Cabarrus counties. He is one of the most successful farmers in this community and last year made 121 bales of cotton from all his lands, his home place making him 90 bales. He received an average of \$14.85 per hundred pounds for his cotton and 45 cents for his seed. Mr. Craven is one of the many big feeders to our town's commerce.

\$100 Reward, \$100.
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O.
 Sold by all Druggists, 75 cents. Take Hall's Family Pills for constipation.
 Flirting is almost as dangerous as playing with a dynamite stick, only those who handle it are more careful.—The Widow.
La Grippe Coughs.
 Strain and weaken the system and if not checked may develop into pneumonia. No danger of this when Foley's Honey and Tar is taken before for all coughs and colds, and promptly. It is a reliable family medicine for all coughs and colds, and effectively in cases of croup. Refuse substitutes. M. L. Marsh.
