**TWO SUCCESSFUL FARMERS.**

In a single issue of an exchange the other day the following two examples of success by progressive farmers were noticed. They are given here for the information and inspiration of our readers.

Last year Mr. D. E. McKinne, of Princeton, N. C., planted a piece of corn after oats, which made a very fine yield. From one and three-quarter acres he gathered eight two-horse loads. This was fifteen stands or five barrels, making twenty-five bushels to each load. Two hundred bushels for one and three-quarter acres is certainly a large yield. This land since planted in clover.

Mr. John Stephenson, of Pleasant Grove, N. C., and his son, Mr. R. I. Stephenson, who farm together raised good crops again last year. On their farm they had an acre of corn which followed cotton and made a very fine yield. They broke the land with a two horse plow and made the rows four feet apart, with the corn twenty-two inches in the rows. They used three sacks of 8-3-3 guano and one hundred pounds of nitrate of soda and one hundred pounds of top dressing. They made 42 1-2 bushels of corn, 400 bundles of fodder, and 16 bushels of pears on the acre.

The Mr. McKinne mentioned above is the father of Mr. F. B. McKinne, formerly of Concord.

We call attention to the communication in another column signed "Citizen," in which a vigorous protest is made against the disorderly conduct of drunken people who make it unsafe for women and children who are often unprotected. We want to say that this condition is not confined to West Depot street, but can be found in nearly every part of the city. It has gotten so it is unsafe for a woman to go alone even on our main street in the heart of the city. Formerly here, such a thing was unknown, and women could go almost anywhere with impunity. Last night (Sunday night as it was) some ladies on their way to church were accosted by two drunken men in front of Mr. J. W. Cannon's residence, on Union street. Gentlemen of the police force, this is a serious matter and needs your attention.

**The Bad Boy as an Asset.**

Judge Lindsey, in National Monthly. The State is today taking care of tens of thousands of its young men after they have become criminals when they might have been saved from lives of crime by sane, sensible and sympathetic interest by the state in boyhood. From one-fifth to one-fourth of all arrests in cities have generally been among boys under 17 years of age and in proportion to ages of our population, by decades, this means that more boys are being arrested in cities than any other class of citizens, and these boys are mostly the criminals of tomorrow, unless wisely corrected and protected today. The cost of detecting and convicting criminals for a period of three years, in the city of Denver, through the criminal courts, was \$1,200,000. The saving to the people of Denver in actual dollars and cents in three years under the juvenile court system was more than a quarter of a million dollars.

**Dramatic Death of Aged Minister.**

Montreal, Feb. 19.—"When I saw him I fell at His feet as one dead" (Revelations 1:17) was the text from which the Rev. Andrew Mowatt was about to preach a sermon on "A Vision of Christ" at the Erskine Presbyterian church today when he was fatally stricken with heart failure. The choir was singing the hymn just preceding the sermon, when members of the congregation noticed that their pastor was in distress. Several helped to carry him to the vestry, where he passed away without regaining consciousness.

**CONGRESSMAN UNDERWOOD, TO HEAD WAYS AND MEANS**

IN the American house of representatives there are 391 men and two large jobs. One of these latter is the speakership. The other is the chairmanship of the ways and means committee. This is the most important of all the house committees. It is considerably more important than any of the senate committees. It is the committee that plans ways for running the United States and finds means wherewith to run it. All financial matters come before the ways and means committee. All taxation, tariff and monetary affairs of whatever sort, except appropriations, are handled by the ways and means. In short, it is the ways and means that raises the dust, puts money in the purse of Uncle Sam, keeps the exchequer from collapsing. It requires a big man to head this big committee, and the Democrats have found one of the proper size in Congressman Oscar W. Underwood of Alabama. He will be the new chairman of ways and means in the Sixty-second congress. He is a native of Kentucky, lives in Birmingham and has been in congress sixteen years. He usually receives about nine-tenths of the votes in his district.

**Bonds for Roads.**

Statesville Landmark. Far and away the most important movement ever inaugurated for the material progress of Iredell county was formally launched by the good roads meeting in Statesville Saturday, when it was decided to ask the legislature to authorize the county to vote on a bond issue of \$400,000 for good roads and to work the roads by taxation. The spirit of the meeting, the unity of action, was most encouraging. It shows that the people are aroused to the importance and the necessity for a forward movement for good roads, and if every citizen of the county does his duty Iredell will in the near future be placed in the front rank among the progressive counties of the state. As soon as the bill is prepared it will be printed and everything in connection with it will be explained. Those who don't understand should ask questions and hear

explanations before accepting any story that may be passed around. But most important of all now is for every individual in the county who favors the plan proposed to get to work right away. Talk the measure at every opportunity and make opportunities to urge it on every occasion. Talk and work now until the day of election.

**Penny Column Ads Are Cash.**

We are obliged to call the attention of our patrons to the fact that Penny Column ads must be paid cash. This rule will be rigidly observed. If you telephone the ad to the office you will be advised what the cost will be and expected to make payment at once. The price is one cent a word for each insertion. We hope our good friends will please bear the above in mind.
