JOHN M. OGLESBY, City Editor.

Concord, N. C., February 27, 1911.

It seems to be certain that the 60-hour bill for operatives in cotton mills will become a law this week. A strenuous effort was made against its passage by many of the cotton mill men, but the fact that a number of the largest mills in the State now run on a 60 hour schedule probably had more to do with the position of the legislators than anything else. It is probable that under the law, most of the mills will run 11 hours as at present each day, except Saturday, closing at noon on that day and giving the operatives a half holiday. We hope this law will have the very best results, though we are opposed to any legislation of this kind. The cotton mill industry has made North Carolina, and it is certainly the chief industry we have in this section. To do anything to cripple it would be not only an injustice to the mill owners but a blow to the industrial condition of our section.

Mr. Thad R. Manning announces that he has sold his Henderson Gold Leaf to Mr. P. T. Way, of the Waxhaw Enterprise, who will organize a stock company to continue the paper. Mr. Manning has been editor of the Gold Leaf for twenty-nine years continuously, and is forced to retire on account of the failure of his health. He has published a good paper, and one that has done incalculable good to his town, county and section. He is popular with his brethren, and his popularity is well deserved. Mr. Way is a man of excellent newspaper ability, and the people of Henderson, since Mr. Manning is to retire, are to be congratulated that he is to have such a worthy successor.

The city of Concord and the county of Cabarrus each contributed more to the Bill Nye Memorial building fund than any other city or county in the State, the combined collection amounting to \$125.00. In addition to this, hoping that we may be pardoned for mentioning ourselves, this paper has raised more than any other paper in the State from this fund. The total collection from the three sources amounts to about \$335.00. If every county in the State would do as well as Cabarrus has already done the sum of \$35,000 would be secured for the building. We have yet not done all we expect to do, either.

**New Buling Made on Mailing Papers.**

Uncle Sam has formulated a new plan by which to decrease the promiscuous sending out of second-class mail matter, including newspapers, magazines, and other periodicals. The postoffice department has issued an order instructing postmasters to notify publishers in case of no-delivery of such mail, and five weeks after notice is served the postmaster is authorized to attach a label and return the matter to the sender and collect at the rate of one cent for each two ounces. If the publisher sends return postage the matter will be returned at the rate of one cent for every four ounces.

This gives the postmasters additional work in re-forwarding second-class mail, and also gives the publishers extra expense, in the case of promiscuous mailing of matter that finds no delivery. It will be of utmost importance to publishers to have their subscribers to keep them posted as to any change of address.

**Quoted His Sumner Pice of Walter.**

New York World.  
Philip Connolly, twenty-one years old, demonstrated to a crowded luncheon in Lincoln Square last evening his juggling ability and as a result went to jail for three days.

While paying his check for baked beans and coffee Connolly noticed several uncut pies on the counter. "I'll show you a trick," said Connolly, grabbing one of the pies. He spun it toward the ceiling and caught it as it descended. The second attempt resulted in a glass being broken.

For the third time the custard pie went spinning aloft. It fell on the upturned face of the waiter.

"It was an accident," said the prisoner in Night Court. "I've done the trick thousands of times. I meant no harm, mistakes will happen, you know, Judge."

"Three dollars," said Magistrate Breen.

**Thousands of Oil Stoves to Heat Big Orchard.**

To heat a square mile of orchard with oil stoves seems impossible but that is what W. H. Underwood, of Hutchinson, Kan., says he will do next spring.

Mr. Underwood, who is a fruit grower, was in Kansas City yesterday directing the manufacture of 19,500 stoves. These stoves each of which has a reservoir which holds 10 gallons of oil, will be placed in his apple orchard near Hutchinson to prevent damage by the trees by frost.

**FOR CONSTIPATION.**

**A Medicine That Does Not Cost Anything Unless It Cures.**

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physics, and permanently remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 10c. Sold only at our store—The Rexall Store, Gibson Drug Store.

**A Farmer's Chicken Report.**

Union Republican.  
As I have seen some reports of local poultry raisers in your columns, I will give you the result of my achievements along this line. We have on hand at present about 100 hens, viz.: 25 fine Barred Plymouth Rocks in one pen, one lot of white single comb Leghorns and about 55 single comb brown Leghorns running outside and I am ready for filling orders. During 1910 I gathered the following number of eggs: January 212, February 638, March 1,183, April 873, May 751, June 634, July 650, August 429, September 430, October 191, November 174, December 195; total 6,427. I sold \$117.59 worth of eggs and \$43.32 worth of chickens from 65 hens besides what we set and ate.

**\$100 Reward, \$100.**

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75 cents. Take Hall's Family Pills for constipation.

**Speedy Relief From Kidney Trouble.**

"I had a acute case of Bright's disease with inflammation of the kidneys and bladder, and dizziness," says Mrs. Cora Thorp, Jackson, Mich. "A bottle of Foley's Kidney Remedy overcame the attack reduced the attack, reduced the inflammation, took away the pain and made the bladder action normal. I wish everybody could know this wonderful remedy." M. L. Marsh.

**Pneumonia Follows a Cold.**

But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. "It beats all the remedies I ever used. I contracted a bad cold and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." No opiates, just a reliable household medicine. M. L. Marsh.

**IF ALL PEOPLE KNEW WHAT IT DOES**

**There Would be Much Less Suffering.**

Mr. T. A. Morgan, of Hammond, Ind., said: "If all people knew what Root Juice did for me and what I know it has done for many others, there would be much less suffering in the world, as I know they would get some of it and go to taking it right away. Before taking Root Juice my kidneys and stomach were in a dreadful condition, but by the time I had used six bottles of the great tonic I was as free from pain, and in as good health as I ever was in my life. Before taking the medicine I had no appetite to speak of, had to get up ten or twelve times every night on account of my kidneys, and was nervous, weak and dyspeptic all the time." Root Juice has proved its wonderful merits to many of this locality. It seems to from the very start soothe and heal the linings of the stomach and bowels, increase the appetite and build up the wasted tissues. Those who are in need of the great medicine should call at once at Marsh's drug store and learn what they have to say about the great good it has done and is doing in this locality.

Beware of masculine women and feminine men.

**Backache, Rheumatism, Sleeplessness**

Result from disordered kidneys. Foley Kidney Pills have helped others and they will help you. Mrs. J. B. Miller, Syracuse, N. Y., says: "For a long time I suffered with kidney trouble and rheumatism. I had severe backaches and felt all played out. After taking two bottles of Foley Kidney Pills my backache is gone and where I now sleep in comfort. Foley Kidney Pills did wonderful things for me." Try them now. M. L. Marsh, Druggist.

Hunger makes poets write and parrots talk.

**La Grippe Coughs.**

Strain and weaken the system and if not checked may develop into pneumonia. No danger of this when Foley's Honey and Tar is taken for all coughs and colds, and promptly. It is a reliable family medicine for all coughs and colds, and effectively in cases of croup. Refuse substitutes. M. L. Marsh.

OF GREENSBORO, N. C.

From a Late Snapshot

To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Packard enjoys a state wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the date, March 7th, and come early.

**JUST Rheumacide**

IT CURES

Rheumatism and Blood Diseases. The cause of rheumatism is excess uric acid in the blood. To cure rheumatism this acid must be expelled from the system. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments may ease the pain, but they will do no more cure rheumatism than paint will change the fiber of rotten wood. Cures Rheumatism in Six Days. Science has discovered a perfect and complete cure called Rheumacide. Tested in hundreds of cases, it has effected marvelous cures. Rheumacide removes the cause, gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the bowels and kidneys. Sold by druggists at 50c and \$1; in the tablet form at 50c and 60c, by mail. Booklet from Bobbitt Chemical Co., Baltimore, Md. Gets At The Joints From The Inside.
