JOHN M. OGLESBY, City Editor.

Concord, N. C., March 1, 1911.

The Congressmen are willing enough to cut off passes from editors, but when it comes to abridging their own privileges—why, that's another matter.—Charlotte Chronicle.

The have not only cut off "passes" from editors and everybody else, which was exactly right, but they have gone to the outrageous length of saying that editors and railroads shall not affect an exchange of advertising space for mileage on a purely business basis. Such an exchange would be an injustice to nobody and affects only the railroads and the newspapers themselves. The editors have never asked for any "special favors" and desire none. What they want is the right to sell their advertising space for cash or anything else they want to take for it. If they want to sell it for railroad mileage it should be purely a matter of a business deal between them and railroads. We will, however, do the Congressmen the justice to say that we have no idea they expected that such a construction would be placed on the law as the Interstate Commerce Commission placed on it. We have heard several of them say so. Still, no genuine effort has been made to set the matter right.

The Legislature begins the last week of the session in a remarkable condition. So far almost no measures of State-wide importance have been enacted. Numerous important bills are pending and the real work of the session is yet to be done. It can hardly be done in one week. In the hurry and rush there is danger of imperfect legislation and much danger of sneak bills.—Statesville Landmark.

The fact is deplorable. As the Landmark says, practically all the legislation of State wide importance is yet to be enacted, if enacted at all. Of course, many of these measures have been considered, and the matter of their passage may consume only a short time. But it is a physical impossibility to have the necessary clerical work done in the four days that yet remain. In all the hurry and confusion some bad and undesirable legislation will almost certainly be sneaked in.

This state has a prohibition law, but it has prohibition only in part. The legislature should not adjourn without making it tight enough to amount to a real test.—Greensboro News.

With the exception of the law as construed by the Supreme Court affecting the locker clubs, the laws are "tight" enough now. The only trouble is that the law against the sale of whiskey in drug stores and by blind tigers is not enforced in many communities because the officers are in sympathy with the whiskey business and wink at violations. And when sifted to its last analysis, it will be found that in such communities the fault is with the people themselves. The laws will be executed in any city or community where the people are in favor of their enforcement.

The Winston-Salem Southbound Railway company announces the opening of its entire line, and inauguration of freight and passenger service between Winston-Salem and Wadesboro on March 6th, 1911 thus forming a new short line between the North and West and the Southeast, in connection with the Norfolk & Western Railway and the Atlantic Coast Line Railroad.

**SPEAKER CANNON, WHO WILL GO WAY BACK AND SIT DOWN**

TIME'S nearly up for Uncle Joe in the speaker's chair. He has been there almost eight years, so long that he has grown fast to the seat, but Champ Clark is going to break him loose from that high and mighty place and tell him to go way back and sit down in an ordinary congressman's chair. Cannon will do it with his customary smile, for he is a game old fellow and can take his medicine like a good patient who minds what the doctor says. Mr. Cannon comes from Danville, where just now there is an investigation of wholesale vote buying. Danville and vicinity seem to be vying with Adams county, O., in a contest to determine which can open the jack pot as the champion vote selling community. But that has nothing to do with "the subject of this sketch," as some writers would put it. Joseph Gurney Cannon always got plenty of votes to return him to congress without buying them, and he seems still to be a popular favorite with his old friends back home.

**FREEDOM.**  
Freedom can never be given. It must be purchased.—Booker T. Washington.

**Waste Paper is Valuable.**  
It is an interesting fact that waste paper can be so important a commercial factor. In Toronto, Canada, there are 10,000 tons of waste paper collected annually. For these there is received about \$100,000.  
For just the ordinary waste paper the sum of \$10 a ton is paid. But for the better grade of waste paper the price has been known to run as high as \$40 a ton.

**Chicago Bars 13 Street Numbers.**  
Those who have superstitions regarding the number 13 will have no cause for uneasiness over the assignments of new street numbers in the downtown district of Chicago. The number has been avoided.

**A Food Expert**  
In making the world-famed food—  
**Grape-Nuts**  
Combined whole wheat and barley in such a way that it is partly digested before being eaten.  
The distase in the barley, in the presence of heat and moisture, changes the more or less indigestible starch part of the grain into an easily digested form if sugar—just as the organs of the body change it if they operate properly.  
Thus the expert solved the problem of perfect digestion for those who may be below par.

**NEIGHBORLY ADVICE**  
Freely Given by a Concord Citizen.  
When one has suffered tortures from a bad back and found out how the aches and pains can be removed, advice is of untold value to friends and neighbors, particularly when they know the statement is absolutely correct. The following neighborly advice comes from a Concord resident.  
Mrs. D. M. Thornburg, 45 Crowell street, Concord, N. C., says: "Several years ago I used Doan's Kidney Pills and from my experience feel justified in advising other kidney sufferers to use them. At that time my back was very lame and sore and often pains extended into my limbs. I also had dull, miserable headaches and dizzy spells and was annoyed by irregular passage of the kidney secretions. Thinking that my troubles arose from disordered kidneys, I began using Doan's Kidney Pills and was convinced that they were the remedy I needed. They soon disposed of my complaint and it has never returned."  
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.

**JUST RHEUMACIDE IT CURES**  
Rheumatism and Blood Diseases  
The cause of rheumatism is excess uric acid in the blood. To cure rheumatism this acid must be expelled from the system. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments may ease the pain, but they will do no more cure rheumatism than paint will change the fiber of rotten wood.  
Cures Rheumatism To Stay Cures.  
Science has discovered a perfect and complete cure called Rheumacide. Tested in hundreds of cases, it has effected marvelous cures. Rheumacide removes the excess uric acid from the system, sweeps the poisons out of the system, tones up the stomach, regulates the bowels and kidneys. Sold by druggists at 50c and \$1. In the tablet form at 50c and 50c, by mail, Booklet free.
