

## THE LEGISLATURE STILL IN SESSION

### MAY ADJOURN TONIGHT OR TOMORROW.

**Child Labor Bill Again Killed—Primary and Anti-Trust Bills Again Discussed—Presentation of Gifts to House Officials.**  
Special to The Tribune.

Raleigh, N. C., March 7.—Despite daily predictions from near prophets, there will be no adjournment of the Legislature before tonight and possibly tomorrow.

In the House another attempt to pass the child labor bill was killed. On motion of Petbel the sixteen-year limit bill reported by the committee today was tabled.

In the Senate Hobgood's new State primary bill and the Turlington bill (accompanied by Substitute bill of Judiciary committee) were the leading subjects of interest, but both were late getting into the firing line. Presentation of gifts to House officers was a feature today.

### House Passes Mileage Book Window Bill.

Special to The Tribune.

Raleigh, March 7.—2:30 p. m.—The Senate refused immediate consideration of the new Primary bill, and then took up the Senate Judiciary committee substitute for Turlington (House) trust bill. Graham explained differences, and Bassett opposed sections of Turlington's bill, but approved that which allows appropriation for prosecution. Hartsell followed Bassett, favoring the committee substitute and pointing out the objections to the Turlington bill.

The House this afternoon passed the mileage book window bill, which requires two windows in towns of 2,000 or over. Trust bills still being argued in Senate.

Raleigh, N. C., March 7.—Among the bills which fell by the wayside last evening was the Banking Bill, introduced by Gen. Jule Carr, at the instance of the State Bankers' Association. Among its provisions was one limiting the minimum capital of state banks and fixing it at \$10,000. But the House tabled the bill along with many others.

The "Medical Bill" which the State Medical Association promoted caused a lengthy discussion, but the Senate passed it after two hours of debate without amendment, although several amendments were urged and defeated. It amends the public health laws and provides more stringent regulations governing the establishment of water sheds of municipal water works, and enlarges the powers of the State Board of Health; also provides for the prompt financing of efforts to suppress epidemics of diseases when such occur.

The bill concerning leaf tobacco statistics went to the table for introduction in the Senate.

The Machinery Act and Revenue Acts were agreed to finally by the conferees and those important measures were ratified last night. It includes Senator Boyder's amendment designed to make paripatetic peddlers, posing as "merchants" and requires all such to pay the regular annual merchants tax, the same as the regular home merchants against whom they compete.

Two thousand dollars were appropriated for the rebuilding of a building at the Oxford negro orphan asylum, recently burned, the amount to be paid by the State treasurer November 1, 1912.

Business was interrupted last night in order to make way for the speeches of presentation and acceptance accompanying the usual formalities when gifts are presented to the officers of the two houses. In the Senate (President Newland having been presented with a silver service last Saturday evening) handsome gifts were last night presented to Speaker pro tem Pharr; another to Lieut.-Gov. Newland; to Sergeant-at-arms Staley; to Reading Clerk Squires.

Senator Boyden, of Rowan, arose and moved that a rising vote of thanks be extended to the Senate newspaper reporters—"three of the hardest worked and most conscientious and capable men who have been connected with the work of this General Assembly, for their fair and accurate and intelligent work which has kept the whole people of North Carolina posted of the daily business trans-

acted by their law-makers." The newspaper men referred to were Messrs. Lamb, Alvin Horton and Maxwell Gorman, the latter being the representative at the capitol of this paper and a number of other State papers; Mr. Horton serving the Raleigh News and Observer and Mr. Lamb the Raleigh evening paper and some others.

The feeling of good will and good fellowship throughout the evening session was most marked.

### Hobgood Trices Again for State Primary.

Late last night Senator Hobgood whose State Primary bill was killed in the House by a large majority last week, again presented the bill anew with some changes—this time the bill applies not to county officers or Congressmen, but does include all State executive, legislative (including U. S. Senators and judicial officers, etc.)

After strong and successful opposition to immediate consideration of the bill was referred to the committee on Election Laws, and went over until today, when it is formally reported back by the committee. The chairman of the Election Laws (London) is one of the active promoters of the primary plan and he notified the members of his committee of a meeting to be held specially to consider the resurrected Hobgood bill. Senator Green declared he would support a bill providing for election of U. S. Senators by State Primary alone.

### Vile Whiskey Shipped to Winston.

Winston-Salem Journal.

District Attorney A. E. Holton, at the request of the United States department of agriculture, on Thursday sent to Washington for analysis a sample of the cheap whiskey that is being shipped into North Carolina from Virginia and other states. This particular sample came from Virginia and was retailed at \$1.50.

So particularly vile is this whiskey said to be that it is thought to have actually killed three men in this city.

Similar requests, it is said, have been sent to all the prohibition states, and it is understood that this is the beginning of a crusade against impure whiskey being shipped under the interstate commerce laws. This comes under the head of the pure food and drug act.

It is claimed that a great deal of the whiskey that is shipped into North Carolina is adulterated, and it is the purpose of the department of agriculture to put a stop to this. Especially is it true that the cheaper grades of whiskey are adulterated, though it is stated, that upon examination recently a shipment of what was supposed to be the finest sort of Kentucky liquor costing \$8 per gallon, was found to be very much adulterated.

### Fire Has Been Burning In One Home for 80 Years.

Mr. J. C. Wren tells the Roxboro Courier of a remarkable family. Their name is McKees, living in Orange county, near Little River church, and, by the way, among the very best people to be found, who, he says, have had the same fire in the fire place for more than 80 years, and possibly longer than that. The old fork on which the pots were hung in the olden times is still hanging in the fire place and is known to have been in use for more than 110 years. They own a mule, which is doing good work, that is known to be 47 years old. They are not much on style or fashion, but just to be in line a score or more years ago they bought a box of matches, and the box is still full.

These good people buy nothing which can be made at home or raised on the farm, and are setting this generation a good example.

### Rainy Weather Promised.

Washington, March 5.—Indications are that the coming week will be one of moderate temperature with considerable cloudiness and well-distributed precipitation, according to the prediction of the weather bureau. The principal disturbance to cross the United States during the week is now off the North Pacific coast, whence it will move eastward, crossing the middle West Tuesday and Wednesday and the Eastern States by Wednesday. This disturbance will be preceded by rising temperature and accompanied by general precipitation. It will be followed by a change to colder weather in northern and central districts from the Rocky mountains to the Atlantic coast during the latter part of the week.

### Another Rummage Sale.

The ladies of Central Methodist church will have another rummage sale next Saturday, lasting all day. They will have the sale in the store room next to the Citizens Bank and Trust Co., recently vacated by the Cline Bros. Co. They will have men's, women's and children's clothing and many useful things for sale.

### THE INTERURBAN LINE.

#### Contract for Construction of First Line Awarded Monday.

Charlotte, N. C., March 6.—The contract for the first link in the big interurban line to be constructed by the Southern Power Company was let this afternoon to Stewart & Jones, of Baltimore. The link will run from Charlotte to King's Mountain, a distance of thirty-five miles, and the contract calls for its completion in 120 working days. The bid was \$400,000. There will be a one-cent compensated grade and 80-pound rails will be used. The link will run via Mount Holly and Gastonia. The contract for the next link, from King's Mountain to Greenvale and Greenwood, S. C., via Anderson, a distance of sixty miles will be let the latter part of the week. It is proposed to complete and put in operation the entire line from Charlotte to Greenwood, S. C., before work on the northern end of the system, from Charlotte to Concord, Salisbury, Greensboro and Durham, is started.

But it is expected that the entire system will be in operation within two years. J. B. and B. N. Duke, the tobacco magnates, are the heaviest stockholders in the Southern Power Company.

### Former Concord Man Robbed in Charlotte.

The Charlotte Observer of today has the following concerning a former Concord man, Mr. Ed Lady, of Salisbury, who formerly had a position at the passenger station here, and who is a son of Mr. John Lady, of No. 1 township:

Drugged by an unknown companion who placed him in a hospital and then departed with his victim's valise, Mr. Edger Lady, of Concord, awoke yesterday afternoon in a Presbyterian hospital to find that his belongings had vanished and that he had only a solitary robe de nuit in which to fight the battle of life. Who the robber was he knew not, neither does any other man know save that one himself. Mr. Lady had not fully recovered last night from the effect of the drug which had been given him and did not have anything like a comprehensive grasp on the events of the day.

He came to this city yesterday on the forenoon train. Either on the train or here, he met the stranger who between 12 and 1 o'clock, hailed a hack driver on College street, near the Eagle drug store, and, having hired the hack, brought his companion from somewhere inside the building and told the driver to go to the Presbyterian hospital. He was duly placed therein for treatment for an injured foot which the patient said he had hurt by jumping from a box car. The foot had really been hurt at some past time and doubtless was giving him pain. After seeing that Mr. Lady was comfortably located, his companion picked up the latter's valise and walked out of the room. He was seen no more. There was about \$20 in the portmanteau.

Mr. Lady has relatives in Concord, is said to belong to a family well-known there and is in no need, but he didn't like the idea of being encheered out of his money.

### The Sororis Club.

The Sororis club was delightfully entertained last Saturday afternoon by Mrs. Richmond Reed. The presence of Mrs. J. A. Cannon, an honorary member, added much to the pleasure of those present.

The programme was as follows: Roll Call, Responses—"Literary and Educational Items."

Reading—"University Life in Holland," Mrs. Morris.

Paper—"Physical and Intellectual Developments in Nederland," Miss Clara Harris.

Reading—"A Trip Through Holland," Mrs. Ritchie.

Salisbury Post: Mr. Caldwell Proprietor of Concord, an experienced pharmacist, who has been with the Parke Davis Company, of New York, for some time, has accepted a position with Theo. F. Klutz & Co., of this city.

### SUIT AGAINST SHERIFF HONEYCUTT.

#### J. R. Osborn Sues for \$200,000 for False Arrest—Sheriff Honeycutt's Statement.

J. R. Osborn has entered suit against Sheriff Honeycutt for \$200,000, alleging false arrest. Osborn claims that Sheriff Honeycutt arrested him and forced him to pay \$15.00 special tax for enlarging pictures, when he was not liable for the tax.

Sheriff Honeycutt stated this morning that he had never arrested Osborn for not paying such a tax, but that he had collected the tax and that he had refunded same. Up to the noon hour the papers in the case had not been served, owing to the fact that the law requires that all papers served on a sheriff shall be served by the coroner, and this office is vacant in Cabarrus. It will be necessary for the Clerk of the Court to appoint a coroner for this purpose.

### Farmers' Union to Handle Fertilizers and Other Supplies.

The Farmers' Union of this county has rented the old Presbyterian church building in rear of the city hall, and as soon as the improvements, which are now under way, are completed they will open for business. The Union will sell fertilizer principally, although they contemplate selling other supplies, soon, provided a sufficient demand is made for them. The business will be in charge of Mr. George C. Hagler, business agent of the county organization, and Mr. A. Sappenfeld. The business will probably open to the public the first of next week.

### Betterment Association Calls for Members.

Every woman in Concord interested in the civic improvement of Concord is invited to meet at the graded school building Wednesday afternoon at 3:30 o'clock. At this time the Woman's Betterment Association will effect its organization and hopes to enlist at least one hundred names. There is absolutely no membership fee for the women. We want your sympathy and intelligent co-operation. In order to give both some and join

COMMITTEE.

The condition of Mrs. E. C. Wagoner, who is ill at her home on Depot street, is very much improved today.

## Have You Seen

The Annual Statement of the Cabarrus Building and Loan Association for 1911? We would be glad to show it to you. It shows among other things—

### COUNTY MATTERS.

#### Very Little Except Routine Business Enacted.

The board of county commissioners held their regular monthly meeting Monday. Very little business other than the usual routine came before the board. The following are among the orders made:

W. A. Barringer presented his bond as road supervisor of No. 8 township which was accepted and ordered recorded.

Mr. M. F. Teeter appeared before the board and stated that the matter of the National Highway near Harrisburg would be dropped and proceedings started anew.

That the clerk notify James, M. Holshouser, of Rockwell, N. C., that a hearing of the matter of the road from G. S. Klutz's to the Rowan line will come up at the next regular meeting of the board, Holshouser to plant no crops on the land under dispute.

That the matter of the Brantley-Kanapolis road be left open until next meeting to hear any objections.

That Superintendent Ervin go down and look over the Martin Boger road and report best route to board at the next meeting.

That survey and profile be made of old and new roads in No. 6 township at Buffalo creek.

That the bond of R. D. Winecoff, constable of No. 4 township, be accepted and recorded on the records.

### Two Persons Lose Their Lives in Burning Hotel.

Carthage, March 6.—Two guests lost their lives, a score narrowly escaped death or serious injury and a property damage of \$30,000 was sustained by a fire early this morning destroyed the beautiful new tourist hotel, "Loch Crystal," at Lakeview, a resort about eight miles from this place.

The dead are: Mrs. Anna M. Barnes, of New York. Mrs. G. C. Pettis, of New Haven, Conn., who died from injuries after a heroic rescue by her son.

There are many things that look nicer than the dinner dishes on the kitchen table the next morning.

## New Spring Suits!

The garments you find here are made to render a satisfactory service. They are not made "just to sell"—but to hold their attractive features as long as the garments are in service—long and even strenuous service.

Washington Company Spring Suits for Men

Washington Garments

Are Stylish—a good feature—but what is just as important they hold their stylish lines as long as worn.

The "unseen" side of these garments is perfect in every detail. Nothing has been left undone to insure a long and useful life for each and everyone bearing the Washington Company label.
