JOHN M. OGLESBY, City Editor. Concord, N. C., March 25, 1911.

We publish elsewhere an interesting article on the fight to be made on Senator Simmons for the United States Senatorship. We have heard up in this contest, which promises to position be a memorable one. There is as litthe love among the "progressives" or ing Mrs. Chas. R. Ross for a few "Populist" wing of the party for days. Gov. Kitchin as there is for Senator Simmons. The plan, for the progres- few days here the last of last week game. sives is, we understand, to run Chief Justice Waher Clark against Senator Simmons, thus making a three-cornered fight, and four years hence to put up Mr. E. J. Justice against Senator Overman.

The executive committee of the North Carolina Press Association has made no mistake in selecting the beautiful mountain city of Lenoir as the isbury on business. place of the annual meeting in June. Those editors who have never been to Lenoir, or those who have not been there in several years, will be most agreeably surprised at its size and importance. The people who live there are among the best in the world and every editor who attends the meeting Ga., arrived here Monday to spend when he leaves for his home.

The women of Hunnewell, Kans. believing the men are running the dially invited. town as a "wide-open" place have defairs, and as a starter women have been named as candidates for mayor the good women can do more to reform a town than all other agencies combined, but this can be done without offering themselves for the public offices.

Man's Greatest Asset is physical strength and bodily health The bread winner cannot afford to give out.

It is a vital necessity that he keep his nervous and muscular system in good condition to withstand the daily vear and tear of life.

Those who are run-down, weakened or nervous should remember that nothing excels Vinol, which is a com bination of the medicinal elements of the cod's liver and tonie iron, to organs. M. L. Marsh druggist. strengthen the digestive organs create an appetite, make new blood and restore strength.

Prof. James Mitchell, of Jasper, Ont., says his system was run down to HUSTLER. a critical point from overwork. friend told him to take Vinol. He did so and is now enjoying perfect health, and he considers Vinol a wonderful tonic. (We guarantee this testimonial to be genuine.) We ask every run-down, over worked, weak person in this vicinity to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. -Gibson Drug Store.

Look out for severe and even dan-gerous kidney and bladder trouble resulting from years of railroading Geo. E. Bell, 639 Third St., Fort Way ne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroading left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most pain-

ful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured me completely. Since being cured I have recommended Foley Kidney Pills to many of my railroad friends." M. L. Marsh, druggist.

Why is the elevator always going up when you want to go down, and down when you want to go up?

A Special Medicine for Kidney Ail-

Many elderly have found in Foley's Kidney Remedy a quick relief and permanent benefit from annoying urinary irregularities due to advancing years. Isaac. N. Regan, Farmer, Mo. says: "Foley's Kidney Remedy effected a complete cure in my case and I want others to know of it." M. L. Marsh, draggist.

Why does the man who is on the down road get all the kicks and the

scored in securing Mr. H. E. C. Bryant (familiarly known as "Red Buck) to represent that paper as its Washington correspondent. Mr. Bryant is peculiarly fitted for this position, both by natural ability and training. He possesses the confidence of the public men in Washington who Booker Washington yesterday, and in know him, because they know that he spite of the injuries he received when will never abuse their faith.

## **Chemists Testify That Coffee Contains** More Caffeine.

Chattanooga, Tenn., March 23.--All who could crowd into the Federal court room in the customs house today listened with deep interest to the testimony offered by the defense in the Coca Cola case, in which the United States government is making an effort to prove that the drink, Coca Cola, is injurious to the public health and that it is not properly labeled.

Dr. John William Mallet, professor of chemistry in the University of Virginia, filed a chart showing the relative amounts of caffeine contained in a cup of tes, a cup of coffee and a glass of Coca Cola as sold at soda fountains. He said he had ansoda fountains. He said he had an-lyzed several cups of ten and found it to contain 1.54 grains of caffeine to the cup. In coffee he said the caffeine averaged 1.74 grains and that Coca Cola contained 1.21 grains to the glass. He claimed that We had analyzed the mysterious "merchan-dise No. 5," the principal ingredient of Coca Cola, and found that it con-tained coca leaves, alcohol, kola nui, wine, tannin and caffeine. He under-took to say that he could distinguial wine, tannin and caffeine. He under-took to say that he could distinguish tannin made from coca leaves from that made of tee and other leaves. On cross-examination Br. Mallett ad-mitted that there was more tannn in tee leaves than in cola leaves. He said that caffeine used in beverages in mederate amounts was not harm-ful to the human system, but admit-ted that the drug used to excess in much drinks would have a deleterious office
