JOHN M. OGLESBY, City Editor
Concord, N. C., April 4, 1911.

THE TRIBUNE TO BE ENLARGED.

Tomorrow the Tribune will be enlarged from a six to a seven column paper. This step has been made necessary on account of increased advertising patronage, which has encroached too much on our reading matter space. Other improvements are contemplated in the paper, and it will always be our purpose to give the people of Concord the very best paper the patronage will justify.

At noon today the special session of Congress was called to order. The scope of legislation and the probable length of the session are now the staple topic of discussion. The belief seems to be gaining ground that the new Congress will take up other subjects than reciprocity and tariff. The advocates of direct election of senators will probably make another try for their constitutional amendment. An apportionment bill will be sent over by the house. The new members with a record to make will clamor for public buildings and river and harbor improvements. Conservation measures left over unfinished from the last session may be revised. Indeed, the leaders think that the extra session may be called upon to take up a variety of subjects for legislative action. The President's message on Canadian reciprocity will be sent in tomorrow. This measure will no doubt be promptly approved by the House, but it will not find such easy sailing when it reaches the Senate.

On the whole, the Southern Railway Company is doing very well by the towns on its western division in the way of new depots. That just completed at Statesville is an architectural beauty in stone, pressed brick and terra cotta. We believe Statesville might claim that it is the handsomest depot in North Carolina. Work on the depot at Morganton is under way and it will have an imposing effect in cement. Marion has been provided for, and as soon as the Hickory people and the railroad company can come to an agreement on a site, a depot will be built there.—Charlotte Chronicle.

The energies of the Southern in depot building seem to be confined to the Western N. C. division. At least there has been no evidence of it around here. Concord is much larger than any town between Salisbury and Asheville, yet the above named towns get new depots while ours is only such as any town of less than 1000 inhabitants should have.

No Remedy in Sight.
Charlotte Observer.

The Wadesboro Ansonian, discussing the high cost of living, points out the great expense to which merchants are put in delivering purchases—much of which might be obviated. "One firm," it reports, "tells of sending its delivery wagon to the same house twelve times to deliver small telephone orders, the whole amounting to less than a load for the wagon. Another carried a loaf of bread a mile and a half—the profit on the sale being one cent. Another was asked to send a 5-cent spool of cotton beyond the two limits in order that it might be exchanged for one of another number." These instances may appear to be extreme, but we are confident that the average retail merchant would have no trouble in duplicating them from his experience without overstraining his memory to do so.

Simmons' Vote on Lorimer.
Fairbrother's Everyting.

Senator Simmons is still explaining why he voted for Lorimer. No explanations are necessary. We generally send a United States Senator down to Washington and presume he has sense enough to do his duty as he sees it. To vote for Lorimer was no infraction of the oath of office, and we are glad that Simmons was bold enough and big enough to vote his convictions. That one set would go a long way in convincing us that he should be returned when the time comes.

Will exhibit the entire week on the Morris Lot, rear of City Hall, featuring Smith's \$20,000 Merry-go-round, Prof. Scelsi's Royal Italian Band; Wild Animal Circus; Marvelous Melville, the areal wonder, and 28 other novel attractions, With Ten Big Shows.

FAITH.

The oldest building in Faith was rolled from one lot to another to make room for more and finer buildings that will go up at once.

The children of Mr. John Holler gave him a big surprise birthday dinner Monday, March 27th, this being his 70th birthday. Among those from a distance was his daughter and two little grandchildren, Mrs. P. McBride, of Mt. Airy. Venus was there and all spent a nice time and there was plenty left.

Mr. Dales Holler is getting some better.

Mrs. J. L. Shuping and little grandson have returned from Fleming, Ga., where they have been visiting her daughter, Mrs. W. W. Gill.

Mrs. C. R. Shuping and children have gone to Spartanburg to visit her father.

There was another birthday dinner today, March 30th, 1911, at Mr. and Mrs. John Rinehardt's. Mr. Charles Peeler, owner of the Globe store and Venus were there and all had a fine dinner. It was the birthday of both Mr. and Mrs. Rinehart.

The Faith Granite Company is loading another car of building stone today for the U. S. postoffice at Aiken, S. C. The general superintendent of the granite work is here today and is highly pleased with our North Carolina granite.

VENUS.

A Wonderful Walker.

Whenever Edward Payson Weston feels as though he needs a little exercise he goes out and walks a few hundred miles, as though it were nothing at all unusual. He just dotes on distance. Twice he has walked from coast to coast, twice from Portland to Chicago. Back in 1884 he walked 5,000 miles in England in 100 days and delivered a temperance lecture every night. But there was too much temperance about it to satisfy the sports, and too much sport to satisfy the temperance people. Now, in his 72nd year he is planning another trip across the continent.

Mr. N. B. McCannless, of Salisbury, will today appear before the board of county commissioners of Union county at Monroe and present a petition from the citizens of Goose Creek township asking the board to call another election in that township to again vote on the proposition of issuing bonds for the building of the Salisbury-to-Monroe railroad. In the recent election held for this purpose the bond issue was defeated by the narrow margin of six votes.

School Closing at Liberty Ridge.

School closed at Liberty Ridge on Friday, March 31. Class work ended Thursday evening after which all the children were treated to candy and bananas by the principal and assistant. On Friday there was an excellent exercise. The crowd present Friday was the largest known in the history of the school. There were present fifty-five boys from Mt. Pleasant school taking advantage of "April 1st." We were fortunate in having three of Cabarrus county's best speakers, namely: Prof. C. E. Boger, Rev. J. J. Long and Rev. Causey. The words of these speakers were heard with pleasure, and close attention was given from start to finish. Just before the close Prof. Boger presented in behalf of the school to Mr. D. S. Lippart a handsome watch fob; Miss Krimminger a neat belt buckle, thus showing the appreciation and esteem with which they were held. An elegant dinner was served on the ground; baseball was played the result being 6 to 22 in favor of the home team. A spelling match was enjoyed by a large crowd. There was no disorder or horses turned loose, everything went along quietly.

This was the best year ever known in the history of the school and more work has been accomplished. Mr. Lippart has won the hearts of the girls and the boys of our school and the respect of our men and women. He is one of the best young teachers that Cabarrus affords and there is a bright future in school work for him. Miss Loretta Krimminger, the assistant, is an excellent teacher knowing how to teach and work with small boys and girls.

Medical and Surgical Appliances in Factories.

The last Legislature passed a law requiring that every person, firm or corporation operating a factory or shop employing over 25 laborers, in which machinery is used for any purpose except for elevation or for heating or hoisting apparatus, shall at all times keep and maintain free of expense to the employes a medical or surgical chest containing necessary appliances (specified) to aid injured. Fine of not less than \$5 nor more than \$25 for every week during which violation of law continues.

The Champion Lumber Company, with a \$5,000,000 capital stock, has purchased more than 100,000 acres of timber lands, including two railroads, all lying in Haywood county and centering about Canton, and will shortly begin developments of equal, if not greater magnitude than that following the coming of the Champion Fiber Company to that section.

CRACKERJACK.

Walking toward his bed to lie down, Rev. S. C. Owen, of Candler, Saturday fell outstretched across the bed dead. He had complained of feeling unwell and had remained in his room while other members of the family went to dinner. Hearing the noise of a fall, his wife rushed into the room to find her husband dead.

There are plenty of peaches in this section that are not killed.

AWFUL PAINS FULLY DESCRIBED

A Lady of Pizarro Tells Story of Awful Suffering That Cardui Finally Relieved.

Pizarro, Va.—"I suffered for several years," writes Mrs. Dorcas A. Smith, "with that awful backache and the bearing-down sensations, so fully described in your book.

"I tried doctors and other medicines and found little relief, until I was induced to try Wine of Cardui, when I found instant relief, and today I can heartily recommend Cardui to all suffering women and think there is no other as good."

In some instances, Cardui gives instant relief; in others, it may take a little time. But in all cases of female trouble Cardui can be depended on to be of benefit, as it is a specific remedy for women and acts in a curative way on the womanly organs.

As a general tonic for women, to build up your strength, improve your appetite, bring back rosy cheeks and make you look and feel young and happy, nothing you can find will do so much for you as Cardui.

Your druggist has it.
