Nothing to Fear from Japan.
Washington, April 13.—The first expression in Congress concerning the situation on the Mexican border was heard today when Senator Rayner, of Maryland, addressed the Senate on that subject.

Although a Democrat, Mr. Rayner spoke in confidence of the attitude of President Taft and expressed the opinion that there would be no war with either Mexico or Japan.

While he did not express himself in exact terms it was evident that Mr. Rayner had in mind the reports that Japan is exerting herself to procure a coaling station on the Pacific coast of Mexico. In that connection he said:

"I am willing to admit that if Japan is entering into negotiations for coaling stations and bases for naval supplies for military purposes with Mexico we are entitled to know what these negotiations are. Congress is, however, without any information or evidence upon the subject. This country would not ordinarily be entitled to know the secret treaties or alliances that other countries may make, but upon the part of Mexico we would unquestionably be entitled to an explanation."

FROM LONDON TO PARIS IN LESS THAN FOUR HOURS.

Pierre Prier Flies at Seventy-Mile Gait a Distance of 296 Miles Without Coming to Earth.

Paris, April 12.—Eclipsing every other means of intercity travel, making a new world record for cross-country flying and joining two of the great cities of Europe with a single flight makes Pierre Prier one of the greatest aviators of the day.

At a 70-mile-an-hour speed Prier flew from Herdon, a suburb of London, to Issy-les-Moulineaux, just outside of Paris. He started his trip yesterday at 1:37 o'clock in the afternoon and finished at 5:33 without a stop. It is the first time any one has ever attempted to make the flight from London to Paris.

Apparently no consideration was given to the weather, for Prier found his path through the atmosphere filled with most unfavorable flying conditions. Shortly after he started from the Herdon aerodrome the birdman found foggy and squally weather. He flew higher and higher in search of better weather, and on reaching Dover he was at an altitude of about 3,200 feet and was soon out of sight crossing the English Channel.

No special preparation had been made for the flight; no ship escorted the daring aviator over the channel to keep an eye out for his safety. Prier seemed to make the aeroplane journey as if it was nothing but an automobile run.

The total distance over the course he took is about 296 miles, which he covered in 3 hours and 56 minutes, the fastest time man has yet traveled between the two cities.

As Beauvais, France, was reached by Prier in his Bieriot monoplane he again struck a dense haze and the fifty-four miles from there to Paris was made under great difficulty.

Announcement of the approach of the aviator preceded him at every city he passed, telegraphic dispatches having been relayed from town to town. When Prier came gently to earth at the aerodrome at Lary after his lightning-like trip, an ovation awaited him. The aviator was lifted from his monoplane and carried off the field on the shoulders of the overjoyed Frenchmen. Thousands turned out to greet the flyer and proclaimed him a hero.

Mount Pleasant Meets Defeat at Hands of Whitsett.

Whitsett, April 13.—Mount Pleasant Collegiate Institute met Whitsett Institute on the home grounds today in one of the best games of the season. The collegiate boys were in fine form and played good ball throughout but the fates had spelled disaster and they could not stem the tide. The game was pleasant and a number of brilliant plays were executed. For Mount Pleasant, Ritchie and Walsh starred and did much to hold their team in shape; for Whitsett, Ray, Ellington and Blue came in for well-merited rounds of applause. The Whitsett team is gaining strength daily and this was shown in every feature of the game today.

At All Saints Episcopal Church.

Mauday Thursday was well observed at the Episcopal church. All the signs of mourning in the sanctuary were removed. The altar looked lovely with its white hangings, white flowers and many wax lights. The Rector was celebrant and the server was Mr. David Bonds. Quite a nice number of the faithful made their communion, in fact Monday, Tuesday, Wednesday and Thursday the same may be said and quite a number of free will offerings have been made, amongst them a solid silver wholly gilt chalice, Eucharistic candlesticks, white burse and veil and other things.

On Saturday, "Easter Eve" services will be conducted as follows:

Morning prayer and ante-communion, 10 a. m.
First Evensong of Easter, 8 p. m.
Offerings of flowers, etc., for decorations to be at the church before 3 p. m.

Easter Day—First celebration of Holy Communion, 8 a. m.
Morning prayer and Holy Eucharist, 11 a. m.
Evensong and sermon, 8 p. m.
W. H. BALL, Rector.

Roosevelt Names Wilson.

Helena, Mont., April 13.—That Woodrow Wilson will be the next Democratic nominee for President is the belief of Colonel Roosevelt, according to Montana men who were with the Colonel during his visit here. They declared that he expressed the belief that New Jersey's Governor would be nominated without difficulty by the Democratic National Convention.

PEARL WEDDING.

Happy Occasion Thursday at the Home of Mr. and Mrs. John A. Sims Near the City.

Mr. and Mrs. John A. Sims celebrated their Pearl wedding yesterday, the occasion being the fortieth anniversary of their marriage, at their home about three miles from the city. Quite a number of guests were present, four of whom witnessed their marriage 40 years ago. An elegant dinner was served after which the 6-month-old infant of Mr. and Mrs. T. G. Picaud, of Danville, a grandchild of Mr. and Mrs. Sims, was baptized by Rev. Dr. J. M. Grier.

Those who enjoyed Mr. and Mrs. Sims' hospitality were: Rev. Dr. and Mrs. J. M. Grier, Mr. and Mrs. W. L. Bell, Mrs. R. A. Brown, Mrs. Will Johnson, of Salisbury; Mrs. Nicholas Sloan, of Charlotte; Mr. and Mrs. T. G. Picaud, of Danville; Mrs. P. B. Parks, of Yorkville; Mr. and Mrs. Pat Williams, of Charlotte; Mr. and Mrs. C. L. Sims, of Harrisburg; Mrs. Hettie Johnson, of Mill Bridge, Miss Martha Sims and Miss Johnnie Sims. All the children were present except Mrs. Mewborne, of Kingston, and Mr. Jay Sims, who is now in California.

Golden Wedding of Capt and Mrs. A. Thies.

The following story from the Charlotte News tells of an occasion of deep interest to many in Cabarrus:

The celebration by Capt. and Mrs. A. Thies of their golden wedding yesterday was one of the most interesting as well as brilliant social affairs of the season. There was an afternoon reception and an evening reception, and throughout both sets of hours the beautiful home of Capt. and Mrs. Thies on Myers Park was thronged with friends. An automobile met each car at Elizabeth College, taking the callers to the Thies' home. Almost entrancing was the scene in and around the lovely home. The large yard was parked with automobiles and carriages, and friends were passing in and out, many walking through the grounds to enjoy the glory of a perfect afternoon and the beauty of the landscape.

Many beautiful gifts were sent the "bride and groom," the most elegant of which were a gold lined punch bowl and set of cups from Mr. and Mrs. O. J. Thies.

Happy memories arose to make the afternoon and evening very sweet to Capt. and Mrs. Thies. Their thoughts went across the years, and across the waters to their wedding day in their German home. Congratulations came to them yesterday from the "Fatherland" and from friends in the Southland, which they adopted. Their lives have been useful, peaceful and happy. Through the tears and smiles of April days to come, may golden wedding love be theirs.

Poisoned by Milk.

The family of Mr. T. L. Thompson, of No. 3 township, who were recently poisoned by drinking butter-milk, have about recovered from its effects. Mr. and Mrs. Thompson and five children were taken ill soon after supper and for several hours their condition was considered critical. It is thought by them that the poison came from the milk, as several of the smaller children did not eat any supper, but did drink milk. Just what caused the poison in the milk is not known and an analysis has not yet been made.

Nine persons were slightly injured Thursday when Southern Railway train No. 31, the Southeastern limited, from Washington to Jacksonville, was derailed at Ashby, S. C. All the coaches but the rear Pullman left the rails. The accident is laid to a broken flange.

More Railroad Rumors.

Lexington Dispatch.
"Another railroad project is that of building a line from Charlotte by way of Concord, Salisbury and other points to connect with the Southbound at Lexington. Norwood has been pulling for a road from Charlotte to Norwood but Salisbury wants connection with the line and so does Concord and the argument is advanced that the Norfolk & Western and the A. C. L. have more to gain by paralleling the Southern and reaching the rich towns along the line of the Southern than by running through a comparatively poor section and tapping the Southbound at Norwood. The line would touch no village or town between Charlotte and Norwood. It is plain that the line to Lexington will have it through Lexington."

To Elect Senators by Direct Vote.

Washington, April 13.—The House of Representatives by a vote of 296 to 16, passed early this evening the Rucker resolution proposing a constitutional amendment for the direct election of United States Senators. This is the first of the Democratic program measures passed by the House. Backed by a solid Democratic phalanx, it went through without modification and with a speed that brought protests from the Republicans.

The time for the entries of candidates in the Democratic primaries closed today. There is only one contest, that for alderman from Ward 1 in which Alderman Barrier is opposed for re-election by Squire Joe M. Sills.

The ninth grade will be at home to the graduating class of the school on Friday evening, April 21, from 8:30 to 10:30.

DEATH OF MRS. JANE A. CALDWELL.

Occurred this Morning at 7 O'clock at the Home of Her Son, Mrs. James F. Hurley.

Mrs. Jane A. Caldwell died this morning at 7 o'clock at the home of her son, Mr. James F. Hurley, on Spring street. Before her marriage she was Miss Jane A. King and was born at Rocky River in March, 1837. She was first married to Mr. Roland Pharr, a native of this county, who lost his life in the Civil war. In 1869 she was married to Mr. Alexander Hurley, and from this union there was one son, Mr. James F. Hurley. In 1887 she was married to Mr. D. S. Caldwell, who died several years ago. Since that time she has been making her home with her son, Mrs. Caldwell had been a member of the Presbyterian church since childhood. She leaves one brother, Mr. Eason King, and one sister, Miss Matilda King. Mrs. Caldwell was a quiet and unassuming woman but one whose fine Christian character was well known to all who ever came in contact with her intimately. Mrs. Caldwell had been in failing health for several years, and her death did not come as a surprise to her loved ones.

The funeral service will be held tomorrow morning at 10 o'clock at the home, conducted by Rev. Dr. J. M. Grier. The pall bearers will be: W. W. Morris, J. F. Goodman, J. F. Goodman, J. P. Querry, C. W. Swink and J. B. Sherrill.

The deadlock in the Iowa Legislature ended Wednesday afternoon shortly before 1 o'clock, when Judge William S. Kenyon of Fort Dodge was elected United States Senator to succeed the late Senator Jonathan P. Dolliver, following perhaps the hardest senatorial contest ever fought in Iowa.

James A. Patten, the "wheat king," is giving away his millions during his life time for the benefit of humanity. "Social service" is his guiding thought, he says. Mr. Patten, during the last six months, has given away \$2,000,000 to various charities. Institutions in the vicinity of Chicago, his home, have been the chief beneficiaries of his philanthropy.

NORTH CAROLINA NEWS.

Items of Interest from all Parts of the Old North State.

Important steps in drainage work in Mecklenburg county are soon to be undertaken by the government, as a result of efforts made by Congressman Webb.

Stanly is among the number of counties of the State which are moving to secure the location of farm life schools, as provided by an act of the recent Legislature. The movement has back of it the Farmers' Union, and each local has in circulation a petition, these petitions to be presented to the county board of commissioners and board of education.

Through their pastor, Rev. M. Luther Camp, the Woman's Memorial Evangelical Lutheran church, of High Point, has just been informed by Mr. Andrew Carnegie's secretary that Mr. Carnegie will contribute one-half of the amount, \$1,400, which is necessary to pay for the handsome pipe organ which is to be installed in this church. The organ will have a two manual attachment and electricity will furnish the motive power.

Only \$22,500 of the endowment fund for the Salem Academy and College now remains to be raised. The General Education Board is ready with its \$75,000 and Mr. Carnegie is ready to contribute his \$25,000 if the remaining \$22,500 is raised within the next six weeks. This will give the college a \$300,000 endowment fund and place it on a plane with the leading colleges of the South in the matter of endowment.

April 13th was a legal holiday in North Carolina. On the 12th day of April 1876, the people met at Halifax and passed resolutions of independence. If you will notice the State flag, which ought to float from every school house in the State, you will observe the date April 12, 1776. That date is a mark of honor to the passing of the Halifax resolutions. The Legislature of 1909 made April 12th a legal holiday, but it is not generally observed throughout the State.
