## The Hand That Rocks the Cradle is the Hand That Rules The World!

**Everyone is Striving With Might and Main to Win One of Those Coveted Specials, for Now Everyone Realizes What a Distinct Advantage It Will Give Thier Little Favorite in This Great Race---Three of the Special Prizes Go to the Outside District and Three in the City.**

In the last few days many entries have been received, and men, women and children all over the city are fighting to win for their friends' babies one of the big prizes.

Several persons have sent in coupons nominating in the contest babies for whom they have promised to work, and many of these persons have asked for subscription books in order to help the one they nominated. Have you asked for one?

Remember the contest has only just begun. There is plenty of time for everybody to get busy and start in with a rush and forge into the lead.

While everybody is working no one has got a big lead, and anyone starting now will have an easy time reaching the mark set by the present leaders in the contest.

This interest little race for special honor will bring to a close the second week of the greatest newspaper enterprise ever attempted in this vicinity and already there is every indication that it will far exceed anything of this character that has ever taken place anywhere in this good old North State.

You may have until 9 o'clock Saturday night to turn in your subscriptions in competition for the six \$5 gold pieces. Turn in both old and new subscriptions, take out your voting certificates. These certificates you may keep until the last day of this contest if you desire, so that no one else will know just where you stand, even though you do make your report of subscriptions secured. You must report subscriptions every few days, for those from whom you secure subscriptions expect their papers to be

started to them promptly, and this cannot be done until we have heard from you. Already we have had a number of complaints that new subscribers were not getting their papers and investigation has disclosed that the subscriptions have not been turned in. This makes it embarrassing to all concerned.

You have four days left in which to win the special prizes of \$5 gold pieces for your favorites, and a little extra effort, a little close application, may turn defeat into victory. Are you going to allow someone else to seize the honor or are you going to see to it that it falls to your favorite? If you win this special prize and others which may possibly be offered as the contest progresses, who knows but that in the end you may win the grand prize?

There still remains plenty of time for others to enter this race and win one of the grand prizes, but it is not advisable to put the matter off too long. Better start now, get in touch immediately with all of your relatives, friends and acquaintances, get their subscriptions or a promise of a subscription later on if it be not convenient for them to subscribe at once. Organize a nice little campaign for your favorite, get your friends to take out subscription books and see their friends.

If you have started in this race you are in it to win, of course. In justice to the friends who are interested in the welfare of your baby and are casting ballots in his or her favor, you should not hesitate a single moment but should throw yourself into the fray determined to win.

### THE DISTRICTS WILL BE AS FOLLOWS:

District No. 1—The City of Concord.

District No. 2—All Rural Routes and Towns Outside of Concord.

### THE PRIZES.

- Five hundred dollars in gold will be distributed as follows:
- \$150.00 to the baby receiving the highest vote, regardless of district.
- \$125.00 to the baby receiving the highest vote in the district opposite to that in which the first prize winner resides.
- \$100.00 to the baby residing in the same district with the first prize winner, receiving the second highest vote.
- \$50.00 to the baby residing in the same district with the second prize winner receiving the next highest vote.
- \$75.00 in special prizes to be announced later.

### Dr. Harms at St. James.

A large audience greeted Rev. Dr. J. Henry Harms, president of Newberry College, Newberry, S. C., last night at St. James Lutheran church. Dr. Harms is of magnetic presence and held his hearers in rapt attention for forty-five minutes while he spoke eloquently of "The New Chivalry." Very happily he based his observations upon the oath of the Knights of King Arthur's Court, as depicted in Tennyson's "Idylls of the King," and applied the specific items of fealty—Good Conscience, Golden Deeds, Truthfulness, Purity and Kindness—to the coming age as the characteristics that shall mark the New Chivalry. At the close of the address, all repaired to the lecture room of the church, to meet and greet the guest of honor, as well as each other, and partake of most excellent refreshments. The function was under the auspices of the Woman's Bible Class of the Sunday School, assisted by the Luther Brotherhood.

### We'll All be There.

Salisbury Post.  
Hurry along the Spencer-Salisbury-Concord Electric Interurban Railway. By all means have the trolleyless cars in readiness to bring the people to Salisbury's great Fourth of July celebration.

"The egg," says a university extension professor, "was the symbol for eternity among the Druids," which suggests that cold storage plants are some sort of Druidic shrines.

### Soak Social.

A "Soak Social" will be given at the parsonage of Forest Hill M. E. church, South, tomorrow night by the Ladies Aid Society of the church. The following invitation is extended to everybody:

This little soak we send to you,  
It's not for you to wear,  
Please multiply your size by two  
And place therein with care,  
In pennies or in cents  
Just twice the size you wear.  
Don't forget the place and date,  
The door we will not lock,  
Will look for you, please don't be late  
And don't forget the soak.

### The Municipal Election.

As noted in yesterday's Tribune the municipal election passed off without the least display of interest and partisan enthusiasm, as the result was settled two weeks ago in the primary, and the following ticket was re-elected:

Mayor, C. B. Wagoner; Aldermen, R. M. King, J. W. Cannon, Jr., Luther Brown, John W. Propst, C. H. Barrier and W. B. Bruton. The vote in the four wards is as follows:  
Ward No. 1 box 1..... 69  
Ward No. 1, box 2..... 35  
Ward No. 2..... 31  
Ward No. 3..... 12  
Ward No. 4..... 37

Total..... 184

Some men live up to their reputation for trying to down what other men do.

### FORT MILL WINS THE FIRST.

Defeats Concord 6 to 2—Games this Afternoon at 4 o'clock—Come Out and Help the Boys Meet Expenses.

Concord and Fort Mill opened a series of two games yesterday afternoon at the graded school grounds and when the last man was out in the ninth the score was 6 to 2, with the boys from the Palmetto State holding the big end. The local lads played a spasmodic game at times showing a flash of speed that bordered on brilliancy, but at the critical stages they failed to tighten up, while the visitors played the game with a display of team work that moved with the precision of a well oiled machine.

Andy and K. Patterson were the opposing twirlers, with the honors in favor of the former, who held the Concordians safe at every stage. Fred Prim's terrific drive over right field fence, F. Patterson's one handed stab of a line drive in left and McVeer's fielding featured the fray.

F. Patterson Needed Only One Hand for Bradford's Drive.

Fort Mill went out in order in the first and in the locals half they came near starting something. F. Patterson was given a base on balls and Barrier was hit by the pitcher; Grier went down on a balk and the bases exhibited themselves in a state of intoxication; with O. Sappenfield up, bases full and no one out it looked as if the game would be sewed up there and then, but it proved that the Concordians were only flirting with home plate, as Oscar hit to short, forcing Patterson at the plate and L. Sappenfield and Morris out three gashes in the sultry atmosphere.

Fort Mill came across with a run in the second. Fultz singled and swiped second and on Andy's double scampered home. Little Prim fanned and McVeer succumbed via Sappenfield-Grier route.

Parks opened the third with a single and on F. Patterson's error journeyed to second; O. Sappenfield could not grasp Bradford's tap and Parks romped home; Bradford was caught at third; F. Prim was safe on Barrier's bobble and pilfered second and third; Archer hit to third and Prim was nailed at the plate.

Grier Looking Them Over.

In the sixth W. Prim walked and purloined second; Archer banged a single to center and Prim dented the pan. Concord failed to connect with Audrey's twist with enough regularity to produce a run.

In the seventh both teams chalked the scoreboard; Parks singled; Bradford walked; F. Prim swatted one over the right field fence, taking second a ground rule, Parks scoring; W. Prim singled, scoring Prim and Bradford.

Morris pried the lid off in Concord's half with a torrid rap to center for a trio of cushions; K. Patterson singled and Morris came across with his teams first run. There was nothing further going with the Bleasites but in the ninth the home kiddies garnered

### Dr. Kilgo Says It Essentials Insult To Racial Dignity, Pride and Character.

Washington Herald.  
"The South has been abused for mob riots; it has been called the spirit of barbarism. Any man who has ever realized his racial dignity, pride and character has been insulted; any man who has ever experienced the burning fire of resentment for such an insult knows that his feeling is something deeper than custom, sentiment or lack of restraint."

Rt. Rev. J. C. Kilgo, Methodist Episcopal Bishop of North Carolina, spoke thus in an address on "Southern Ideals in the Religious Life of Our Country," at the mass meeting last night in the Mount Vernon Place Church.

The South is sometimes called sectional, but there is no more sectionalized locality than New England and no more provincial city in the Union than Boston. The South is charged with bigotry in defense of its racial character. That is untrue. The South will never yield its blood, never surrender its Anglo-Saxon instincts.

"Some of our critics would break down the barriers between barbarism and savagery and civilization and culture, and would sacrifice the progress of 1,000 years to gratify a sectional creed. We are called conservative and sluggish, but history denies that. Too many first bullets were fired in the South and too many bullets un-sheathed there. The South has never lacked the spirit of defense or of terrible aggression."

The meeting was held in the interest of the Church Extension Society, with the object of arousing interest in the projected representative church of the denomination to be built in Washington by Methodists throughout the United States. Practically all the bishops of the Southern States were present, Rt. Rev. Alpheus W. Wilson, of Baltimore, the oldest bishop in the conference, presiding.

### Postponed Till Next Monday.

Tuesday was the date set for the meeting in Salisbury of Mr. W. J. Oliver and his associates and the local stockholders, together with Mr. T. D. Maness, of Concord, to perfect plans for the construction of the interurban electric line from Salisbury to Concord, but the meeting was postponed until next Monday, May 8, at which time the proposed work will be outlined and plans formulated for beginning the construction of the line.

### Death of Little Child.

Thomas Gale Pickard, Jr., 7-month-old son of Mr. and Mrs. T. G. Pickard, died last night at the home of Mrs. Pickard's parents, Mr. and Mrs. John A. Sims, two miles west of the city, of ptomaine poisoning. The funeral will be held this afternoon at 4:30 o'clock, conducted by Rev. Dr. J. M. Grier.

### BISHOP DEFENDS THE SOUTH.

Dr. Kilgo Says It Essentials Insult To Racial Dignity, Pride and Character. Washington Herald.  
"The South has been abused for mob riots; it has been called the spirit of barbarism. Any man who has ever realized his racial dignity, pride and character has been insulted; any man who has ever experienced the burning fire of resentment for such an insult knows that his feeling is something deeper than custom, sentiment or lack of restraint."

Rt. Rev. J. C. Kilgo, Methodist Episcopal Bishop of North Carolina, spoke thus in an address on "Southern Ideals in the Religious Life of Our Country," at the mass meeting last night in the Mount Vernon Place Church.

The South is sometimes called sectional, but there is no more sectionalized locality than New England and no more provincial city in the Union than Boston. Practically all the bishops of the Southern States were present, Rt. Rev. Alpheus W. Wilson, of Baltimore, the oldest bishop in the conference, presiding.

### New Depot the First Thing.

Charlotte Observer.  
Watch Concord hustle for a new depot. After it is erected those folks may find time to discuss the two-window exemption proposition with the railroad.

Attorney-General Bicket was called upon Tuesday at Raleigh to give his construction of an act calling an election in Albemarle for the issuance of bonds. There was some tangle, the new act conflicting with other provisions and he ruled that a majority of the qualified—meaning registered voters would govern the result.

### NEWLAND IN RACE.

Looks as if He and Craig Will be Only Aspirants.  
Special to Greensboro News.

Raleigh, May 2.—Lieut.-Gov. W. C. Newland, of Lenoir, who was here for several hours today, shaking hands with friends, talked freely of his gubernatorial campaign to a Daily News representative.

"Certainly I am in the running," he said, "and intend to be until the race is ended. I shall begin my active campaign a little later. The people of the state want, and are entitled to an off year."

Mr. Newland spoke kindly of Locke Craig, of Asheville, who is in the race. "Mr. Craig had not a stronger supporter than I at the Charlotte convention. I have nothing to say against him. As far as I am concerned I shall run my campaign upon a high plane, appealing to my friends to support my candidacy. I do not desire to stir up any harsh feelings and expect to have a conference with Mr. Craig shortly when I plan to tell him how I feel in the matter."

It was suggested to Mr. Newland that probably the people would find amusement enough in the senatorial fight, and to this he replied: "Yes, that will probably furnish them enough."

He said he did not know of any one else being in the race, and he thought it looked very much like he and the Asheville man would have the field. There is no telling what will break loose, but unless the senatorial cyclone digs pitfalls for the gubernatorial aspirants the race will be a mild one indeed. There is nothing at this stage of the game that sounds like a Julian S. Carr or Charles W. Tillet boom; such a thing would be born only in an emergency by the Kitchen forces. The emergency may or may not arise—time can only tell.

Good results always follow the use of Foley Kidney Pills. They give prompt relief in all cases of kidney and bladder disorders. Try them. M. F. Marsh, Druggist.

### STORAGE BATTERY CARS ON LONG ISLAND ROAD.

Trial on Bushwick Branch Said to be Successful—Use May be Extended.  
New York World.

A car propelled by Edison batteries, similar to that which for the last year has been in operation on the Twenty-eighth street cross-town line, has for ten days been undergoing a test on the Bushwick Terminal branch of the Long Island Railroad. The route of this car, which is of the Edison-Beach type, is four miles, from Bushwick Terminal to Bushwick Junction, and it is said to be handling the passenger traffic without difficulty.

"It would be too much to say that we have any intention of throwing into the scrap heap all of the expensive third rail equipment recently installed on the system," said a representative of President Peters to a World reporter yesterday, "but so far the tests of the car on the Bushwick branch have proved so satisfactory that it is likely to be adopted on many of the branch lines. Among these, probably, would be the trolley line across the island from Huntington to Amityville."

Work on similar equipment of the Manhattan Beach line will probably begin within thirty days.

The Erie Railroad has also been testing one of the Edison cars on its Greenwood Lake division. The car in use now operates from Forest Hill to West Orange, four miles.

### Trying to Keep Up With Mr. Talbirt.

Charlotte Observer.

There is a pastor in Baltimore who during a clerical career of 24 years has united in matrimony no less than 1,417 couples, although he has persistently remained a bachelor himself. We should be pleased to hear from The Asheville Citizen—the accepted authority in these parts—as to whether the two facts have any bearing the one upon the other.
