PROUD MAN. But man, proud man, Drest in a little brief authority, Most ignorant of what he's most assured,

SENATOR SIMMONS HAS NO CONNECTION WITH LORIMER.

The Charlotte Chronicle recently stated that reports are being circulated that Senator Simmons is "interested with Senator Lorimer in some big land deals in Eastern North Carolina."

This paragraph evoked a letter from Senator Simmons to Mr. Harris, editor of the Chronicle, in which he states emphatically that he has no such interest with Lorimer and that he owns no interest in any property whatever with him.

"I presume these rumors or reports have grown out of the fact that Senator Lorimer and Mr. Lowden, a son-in-law of George E. Pullman, together with certain other western gentlemen, as a result of conversations with me and investigations made by them through the Agricultural Department as to swamp and overflowed lands in Eastern North Carolina at different times during the past winter, either in person or through their representatives visited and caused to be examined quite a number of tracts of swamp and peoasin lands lying in the eastern part of the State, including several large tracts owned by the John L. Roper Company and the lands of the Wilkinson brothers near Belhaven, about which so much has been written in the North Carolina papers, also a tract of peoasin swamp land lying near New Bern in which Mr. Thomas D. Warren and Mr. A. D. Ward own an interest. But these gentlemen as a result of their investigations did not find any land which was sufficiently attractive to them as an investment, and there the whole matter finally ended."

Senator Simmons answers another charge in the following words: "In this connection it may be well for me to answer another charge which I understand is being circulated throughout the State with a view of discrediting me. It has come to me by correspondence and otherwise that it is being quietly but diligently circulated in sections of the State where my financial condition is not known, as in the town and section in which I live, that I am a millionaire and that I have become such since I entered the Senate. Now the fact is, as is well known in the city where I live, that practically everything I own is in lands, chiefly farming lands, and I am sorry to say that practically all of these lands, including even my home, is mortgaged, or pledged by way of reservation of title, for fully half of their value taken altogether, outside of the farm which my father, who died since I became a member of the Senate, left me I am worth today less than I was when I was elected to the Senate."

In the tragic death of Mr. L. McKee Morrison the county loses one of its best citizens. He was honored by the people both of city and county, having served terms as sheriff of the county and as mayor of the city. He was a fine type of the sturdy, honest country gentleman, one who served his day and generation well and left a community better because he lived in it.

Ex-Gov. Aycock, who has declared himself a candidate for the United States Senate to succeed Senator Simmons, says he is not going to make a secret fight for the place. Mr. Aycock may as well retire from the race

right now if he intends to stick to this intention. The man who gets that job away from Senator Simmons has got to hustle for it and hustle hard.

Gains 40 Pounds in 40 Days—Remarkable Results of the New Timble Bloodine, in Many Cases of Run Down Men and Women. Prove It Yourself by Buying a Bottle of Bloodine Now.

"By George I never saw anything like the effects of that new treatment, Bloodine, for the building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer and almost everything else you could think of but without result."

Any man or woman who is thin can recover normal weight by the remarkable new treatment Bloodine. "I have been thin for years and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by the use of Bloodine, so I decided to try it myself. Well, when I look at myself in the mirror now I think it is somebody else. I have put on just forty pounds during the last forty days, and never felt stronger or more 'nervy' in my life."

Bloodine is a powerful inducer to nutrition, increases cell-growth, food increases the number of blood-corpuscles and as a necessary result builds up muscles, and solid healthy flesh, and rounds up the figure. For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener. Bloodine costs 50c for the usual \$1.00 size bottles. Mail orders filled by the Bloodine Corporation, Boston, Mass. Alarm Felt Over Long Drought in Truck Belt.

Wilmington, May 22.—The prolonged drought in sections of eastern Carolina is working such injury to crops in parts of Columbus, Robeson and Scotland and counties that cotton planters are becoming alarmed. At Whiteville Friday all business houses closed and the people repaired to the churches and prayed for rain. At Chadbourne the mayor has issued an official proclamation calling on the people to gather at their houses of worship and invoke divine help in their extremity. No rain of consequence has fallen since September in many sections. The strawberry crop has been cut off a fourth by the drought, the shipping season having ended today.

Cool Spell Fails to Materialize.

Washington, May 21.—The cool spell that was expected to displace the record breaking hot wave in the East and South swerved a bit from its schedule today and all this section of the country again sweltered with high marks on the weather map all along the line. It was 93 at the weather bureau today, while downtown thermometers carried the record up to 94, and the only encouraging feature of the situation was that down in famous Yuma, Ariz., the official report was 100 flat, with other towns hovering close to that mark. Weather bureau experts said tonight said no appreciable change in the conditions can be expected for several days.

Locker Club Keepers in Salisbury are Convicted.

Salisbury, May 20.—Charged with violating the state club laws, eight Salisbury men were convicted before Judge B. B. Miller, in Rowan court today, and fined \$100 each. Those convicted included P. D. Blackwell, F. B. Garrett, W. D. Bluster, R. L. Myers, Isiah Johnson and Alonzo Miller. All took appeals to the Superior court. Sheriff McKenzies announces that other arrests will follow. The clubs raided by the sheriff this week included the social locker clubs in Salisbury.

If a shoe can be sold at \$3.35, what's the sense in screwing it up to \$3.50 just to make a "round figure" price? Or, if its proper price is \$4.85, what's the sense in gouging the hidden parts of the shoe to get the price down to \$4.50?

Regal Shoes hereafter are to be sold at what it costs to make them, plus 5% commission and the necessary allowance for delivery to the wearer.

This price is approved at the factory, and is guaranteed by Chartered Public Accountants and stamped on the shoe at the factory.

OUR BARGAINS IN FURNITURE WILL TICKLE YOU

Come in and we'll convince you. Also, while they last, we will present to every visitor, with our compliments, a copy of George Hoyt Allen's new book, "IT TICKLED HIM"

Mr. Allen is a friend of ours, and manufactures CEDARINE FURNITURE POLISH. We have read his Cedarine advertisements for many years with keenest relish. He wrote such piping hot ones that the publishers of La Follette's National Magazine hired him to write for their publication a series of letters on a business trip he took around the world last year. Those letters ran in LA FOLLETTE'S last year and are now published in book form and fully illustrated. There is not a word of advertising in the book. It's a high-class literary production and the press of the country is ringing with its praises.

HERE ARE A FEW OF THE MANY EDITORIAL COMMENTS ON THE WORK.

From the Chicago Tribune: "Mr. Allen hit all the high spots with a commanding grasp of a quite unlike anybody else who ever has taken a whirl at this sort of thing, and stir up the animals to screaming purpose. But go to! It's great." From the Boston Globe: "Mr. Allen's tour led him to Japan, China, the Philippines, and other interesting places. The text teems with bright sayings and funny situations." From the New Haven (Conn.) Register: "The letters are written in a bright conversational style, which is a welcome change from other volumes written by travelers who insist on incorporating in them what any reader may learn from a guide book." From Jamestown (N. Y.) Journal: "But with all the laughter there is a fund of information and a bit of moralizing that will stick to the reader's intellectual plus a lot more effectively as Mr. Allen mixes them with 'talk of human kindness,' than they do when set in the ordinary 'dry' style." From the Evening Call, Woodstock, N. Y.: "Though he cannot help dispensing a delightful brand of witty comment, he never scurries from the truth for the trite. The occasional ruses of the work even outweigh its powers of entertainment. The book is an excellent substitute for a voyage to the Orient and of the work." La Follette's says of Mr. Allen: "He is a keen observer. Few things escape him. He manages to extract a bit of fun out of everything that happens. His philosophy of life is of the wholesome kind. It is contagious. And he has a sense of humor."
