THE SECRET OF SUCCESS IS CONSTANCY OF PURPOSE!

ONLY TWO MORE DAYS TO TAKE ADVANTAGE OF THE GOLD AND DOUBLE VOTES.

Never Mind the Hot Weather, Get Out Just the Same—What You Accomplish in This Kind of Weather is just So Much to Your Advantage—Every Little Bit Helps and The Winner Will Come Out Ahead by Just a Few Votes—Perhaps the Votes You Gather This Week Will Mean Success to You.

Two days remain to take advantage of the double vote offer with \$45.00 in gold as a little side prize. Are you working hard? Do you expect to sit quietly by the electric fan and have the subscriptions come in to you all by themselves? It has been hot for the past few days, but you know that is a little thing and you certainly must not let that stop your baby's campaign. We will surely get some cooler weather soon and then it will be all clear sailing for the rest of the contest. One must never be overcome by trifles. Energy will do anything that can be done in this world. There is just one way to win and that is to keep at it. Don't have such a word in your dictionary as "can't."

If a contest of this kind there is positively no way of telling who will be the winner until the last vote is counted on the last night. There is nothing in the world that we love as we love babies, and if you are interested in a dear little one and want to do something to show your love and

interest, why not help her in this contest? It will be appreciated more than anything you can ever do again. Effort is the lever that moves the world today, and it is the lever that is going to win in this contest. You do not get a chance like this every day, and it is a chance that is going to do your baby a whole lot of good. By the time he or she is of school age this prize money will be a nice little start toward an education, and that is what we all need in this world, if we expect to make a success of our lives.

The contest manager will furnish any information that the interested ones may wish and such assistance as he can properly give. All will be treated alike. There are no favorites. Any aid given to one contestant will be cheerfully placed at the command of any or all of the others. Get in and win. You can do it if you will. Of course you are interested. Your good judgment tells you that this is the opportunity of a life time.

Bitter Attack on Catholics.

Louisville, May 23.—Rev. D. C. Painter, of Yaney Hill, Va., bitterly denounced the Roman Catholic church at the session of the Presbyterian general assembly here today. After an address setting forth his grounds for the action, he introduced the following resolution:

"Resolved, That the general assembly views with alarm the pernicious activity of the powerful politico-religious organization known as the Roman Catholic church, which has always been a menace and a blight to civil and religious liberty in every land in which it has gained a foothold.

"The assembly views with alarm the apathy of public men, as evidenced in the disposition on the part of the government to grant Catholics favors and the ominous silence to any adverse criticism of the church made publicly. We ask other protestant bodies to help investigate the Catholic church."

Mr. Painter said that congressmen feared Catholics. He sees a menace in the appointment of Justice White as chief justice, and says: "The fact that White was educated in a Jesuit school disqualifies him for the high office."

How the Son of a Blacksmith Became President of Mexico.

It was after a campaign of revolution strikingly similar to that against which he has been struggling recently that Porfirio Diaz became president of Mexico in 1876, driving from the head of the government Lerdo de Tejada, then president of the country. Revolutions were as frequent then in Mexico as they are today in the banana states farther south which have furnished the librettos of so many present-day musical comedies and comic operas.

Fasting Cured His Deafness.

Clarence Patrick, 34 years old, telegraph operator, student and globe trotter, completed, at Oklahoma City, Saturday, the thirtieth day of a fast which he had undertaken for the purpose of curing himself of deafness and rheumatism. He announced that his hearing is as nearly perfect as before he became a victim of catarrh and that all traces of his rheumatism has disappeared.

In the thirty days he has done without food he has taken nothing except water. He says his eyesight and all the senses are keener than in years and that he feels no sense of hunger. His weight had been reduced from 145 pounds to 125. He says he will continue his fast another week at least and perhaps longer.

Mr. Nevin Fetzer is attending Davidson College commencement.

Snidow were united in holy wedlock, Rev. J. P. Miller, officiating. It was a quiet, simple, home wedding in the presence of a few invited friends and relatives. Angling is fast becoming one of the most popular past times for these warm days. The continued dry weather is giving the farmers further delay in getting growing crops in proper trim. The town commissioners are turning their attention toward grading the main streets. The "New Mt. Pleasant" is but a step away. WHAT JOE KING THINKS.

Some Racy Comments from the Bright Paragraphs of the Durham Herald.

It is our private opinion that Judge Clark had better hold to what he has and say mighty little about it.

As Mr. Ayeock has no job to lose and no money to spend he will at least come out of it all right.

A crowd of revolutionists might give Mexico a better government than she has been having but we are inclined to doubt it.

What we cannot understand is that if the cotton mills all over the country are working without a profit they do not turn in and put up the price.

The law should go after all the clubs that sell whiskey whether they are dives in the back alleys or social clubs supported by our best citizens.

Back of Lorimer's Election are Many Shocking Facts.

Washington, May 24.—Revelations concerning the election of Senator Lorimer, of Illinois, may be expected as the result of a second investigation into the bribery charges against Lorimer if the predictions made by Senator LaFollette in his argument today in support of his resolution of inquiry are realized.

Mr. LaFollette prophesied that more than twice the \$100,000 heretofore alleged to have been used would be found to have been spent in Lorimer's behalf. He said President Taft's name had been used in Lorimer's behalf and reiterated that Lorimer had had personal cognizance of the use of money in his behalf.

There is a mine of facts which I venture to predict will be opened up and which will be more shocking and appalling than any that yet has been revealed," he declared.

Quite a number of the young folks here enjoyed a pleasant outing last Saturday evening in the way of a "Gypsy Supper" which was given in the grove back of Rev. C. A. Brown's home.
