LITTLE THINGS. Little drops of water, little grains of sand, Make the mighty ocean and the wondrous land. Thus the little minutes, humble though they be, Make the mighty ages of eternity. Little deeds of kindness, little words of love, Make our earth an Eden like the heaven above. —Frances S. Osgood.

The astounding progress of the Southern States along agricultural lines is pointed out by President Finley, of the Southern Railway Company, in calling attention to the comparative figures just made public by the government showing the increase in the value of farm crops in 1910 as compared with 1899. In North Carolina, for instance, the value of the crops in 1899 was only \$53,214,000, while in 1910 it was \$122,037,000, an increase of 129 per cent. This was the largest per cent of increase made by any Southern State with two exceptions, Georgia and South Carolina, which were 188 and 173 per cent, respectively. President Finley, believing the interests of the Southern Railway Company and the people of the territory it serves are identical, states that the Southern is devoting much of its energies toward making southern development more positive. It has now in operation live stock and cotton culture departments, for the purpose of promoting the raising of live stock and securing larger yields of cotton to the acre as well as aiding in the boll weevil fight. It is now conducting a campaign for good roads throughout the South with a road improvement train with the hope of inducing the construction of a complete system of improved highways, and in numerous other ways is endeavoring to advance the interests of the South.

Regarding a very discourteous and unprofessional reference in Tuesday's Salisbury Post to a local item in this paper of Monday, mentioning the presence here Sunday of Alderman John F. Ludwig, of Salisbury, we would take no notice of it whatever but for the fact that it admonishes us before nagging other people to "look up the past records of Concord." The Post is respectfully advised that no alderman of the city of Concord has ever yet pleaded guilty to selling whiskey in violation of the laws he is sworn to uphold.

The Greensboro Record bears testimony to the fact that you can't keep the seventeen-year locust down. It says that they have "bored holes and found their way readily through cement sidewalk laid on six inch concrete formation in front of Patrolman Pugh's residence." We respectfully refer this item to the Mendacity Medal committee of the Press Association.

The Monroe Enquirer last week issued a trade and industrial edition of ten pages. The write-ups and illustrations were excellent and the mechanical work the very best. The paper makes a fine showing for the good town of Monroe and was a highly creditable production from every point of view.

Cannon and his crowd looked pretty big a year ago, but they are small enough now in comparison with Champ Clark and Underwood.

It is evident from the editorial columns of the Durham Herald that Joe King is out of town. Gone fishing, no doubt.

Self praise is almost as valuable as the other things you get for nothing.

TRIED TO BUNGO A DOCTOR.

Trick Fall Into Clutches of the Law Instead of Extracting \$3,000 from Madison Physician. Heidaville, May 29.—Dr. W. P. Wilson, of Madison, has fallen a victim to what may be called a genuine "baiter" game, according to information which comes to the Daily News' correspondent. The recital of the news of the attempted holdup reads like fiction, and equals, in its sensational features, the stories so frequently seen in the columns of the metropolis an press.

Recently there came to Madison a man by the name of Edgar Young with his wife and a business associate and kinsman by the name of Hancock. They have been soliciting insurance for some cooperative or industrial company, and it is alleged that most of their business was obtained from the negro population. Dr. Wilson who, we are informed and attended Mrs. Young in a former illness, received a note from her asking him to come to see her. He responded and found Mrs. Young alone, and after being invited in it is claimed that she locked the front door and ushered him into a back room. Soon after he had set down his medicine case and taken a seat, Young and Hancock knocked at the front door and demanded admittance. Mrs. Young opened the door and the two men rushed upon Dr. Wilson and scuffled with him, declaring they would kill him. It is said that the struggle continued for more than an hour and that Hancock had a knife which was secured by Dr. Wilson.

Finally, however, Dr. Wilson was overpowered and the knife was taken from him. He was then tied with a rope. As the story goes, he was then told that he would be killed unless he paid over to Young the sum of \$3,000. Dr. Wilson was taken from the house and tied to a tree. Later he was removed from the tree, and during all this time, so the story goes, he was being threatened with death in the event the money was not forthcoming.

Finally Dr. Wilson promised that if he should be released he would go to Madison and attempt to secure the \$3,000. Instead of making such an attempt, however, he went to Justice of the Peace Jesse A. Pratt and had a warrant issued for the trio, and employed Messrs. Humphrey and Sharp and C. O. McMichael to prosecute his assailant. A bond in the sum of \$2,000 each was required of Young and Hancock, and Mrs. Young's bond was placed at \$500. Failing to give bonds, all three were sent to the Guilford county jail for safe keeping until the day set for the preliminary trial.

But little is known of Mr. and Mrs. Young and Hancock at Madison. The correspondent is informed that they bear the earmarks of being adventurers, and it has been impossible to obtain further information concerning them. Dr. Wilson came to Madison three or four years ago from Sandy Ridge, Stokes county, and is a successful practitioner. He is married, his wife being a niece of Deputy Sheriff Shade Marlin, of Wentworth.

Fell Dead as Long Absent Brother Appeared in Door.

Pittsburg, May 29.—Two of the saddest deaths that have occurred in this county took place here Friday and Saturday.

On last Friday Mrs. Henderson, widow of the late James Henderson, while walking in her yard, fell dead. She was about 75 years of age and lived in Hadley township.

On Saturday morning Mrs. Ruth Herndon, daughter of Mrs. Henderson, who lived two miles from her mother's, went to her mother's home. As she stepped upon the porch she fainted, but was soon revived. Saturday afternoon her brother, Charles Henderson, not knowing of his mother's death, arrived home after an absence of two years. As he stepped into the door Mrs. Herndon raised up and saw her brother standing there. She raised her hands and fell dead, her brother catching her in his arms. She lived in Centre township.

The mother and daughter were buried in the new Salem churchyard yesterday.

Warning to Railroad Men.

E. S. Bacon, 11 East, St. Bath, Me. sends out this warning to railroaders: "As conductor on the railroad, my work caused a chronic inflammation of the kidneys, and I was miserable and all played out. A friend advised Foley Kidney Pills and from the day I commenced taking them, I began to regain my strength. The inflammation cleared and I am far better than I have been for twenty years. The weakness and dizzy spellers a tiling of the past and I highly recommend Foley Kidney Pills. Sold by M. L. Marsh, druggist."

Our idea of woman with wonderful self-control is one who never buys anything at a bargain sale that she doesn't want.

In the Wake of the Measles.

The little son of Mrs. O. B. Palmer, Little Rock, Ark., had the measles. The result was a severe cough which grew worse and he could not sleep. She says: "One bottle of Foley's Honey and Tar Compound completely cured him and he has never been bothered since." Croup, whooping cough, measles cough all yield to Foley's Honey and Tar Compound. The genuine is in the yellow package always. Refuse substitutes. Sold by M. L. Marsh, druggist.

The Proof That Cannot Be Denied.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undeniably the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. W. M. Fisher, 85 N. Georgia avenue, Concord, N. C., says: "Since I publicly endorsed Doan's Kidney Pills three years ago, nothing has happened to check my faith in this excellent remedy. I gladly confirm my former testimonial." (Statement given February 27, 1911.)

The endorsement referred to by Mrs. Fisher was given on January 11, 1908 and was in substance as follows: "I was annoyed by sharp, shooting pains across the small of my back and I hardly knew what caused the trouble. I was also bothered by soreness through my kidneys and finally I decided to try a kidney medicine. I got a box of Doan's Kidney Pills at Gibson's Drug Store and half the contents cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Shoes at Cost Plus 5 Per Cent. Not Only a Low Profit Over Cost, But a Low Profit Over a Low Cost. Have You Ever Wondered Why Most Good Shoes Come From Massachusetts? A traveller in Switzerland saw a child of twelve doing a wonderful piece of embroidery and marvelled at the proficiency of such youthful fingers. "It isn't surprising," said his guide. "That girl's parents, grandparents and great grandparents, back as far as she can reckon, were all lace or embroidery makers. They do nothing else in this valley. The best of the world's best needlework comes from here." The Regal Shoe Company Has Long Been the Leader In that section of Massachusetts where Regal Shoes are made, shoe-making has been the principal industry for more than two hundred years. The best shoes made in the world come from this section, and it has been the Regal policy from its beginning to make Regal Shoes lead all the rest in quality-for-price. To lead in both quality and low price is harder than to lead in either alone. It is easy to get quality—if you don't care what it costs—but to give that quality at a low price means the highest degree of science in manufacturing in large volume, and straight-line, economical, direct, selling methods. Why Regal Manufacturing and Selling Costs are Low. To begin with, the Regal factory equipment is perfect. The Regal manufacturing system is a marvel of economy. The Regal cost-accounting, for example, shows the cost of over two hundred operations and more than one hundred parts on every shoe turned out, down to a hundredth of a cent. But most perfect of all is the Regal, direct-line selling system—the Regal's own, although copied to some extent by other manufacturers. Regal Shoes go direct from the factories to you by the straightest, most economical route, cutting out jobbers, middlemen and large retailing profits. There is no lost motion, no lost time, no "overstocks," no unnecessary expense, anywhere. And Regal Shoes are now sold at cost of manufacture, plus five per cent. commission, and this low cost of selling. Regal Shoes are the only shoes priced in this way. It is the only scientific, economical, "square deal" way of selling shoes. You gain not only by the low margin of manufacturing profit but by the fact that this low margin is reckoned on a low cost. Buying shoes as you buy other necessities of life. When you buy sugar, flour, eggs, beef, lumber—or any one of a dozen necessities, you pay a price reckoned on the wholesale market cost. If the wholesale or manufacturing cost goes down, the retail price goes down. If it goes up, the retail price goes up in proportion. When the retailer's profits are fair, this is fair to you. But this is not the way that shoes have been sold. Shoes have always sold at fixed, "even money" prices—always multiples of the half dollar. But Regal Shoes hereafter will be sold in the scientific, economical way—with the profits kept low and the manufacturing cost as the basis. This Stamp is your guarantee of the lowest possible price. The price of every Regal Shoe is now reckoned at 5 per cent. over actual cost, plus the cost of getting the shoe from the factories to you. This price is CERTIFIED BY PUBLIC ACCOUNTANTS AND STAMPED ON THE SHOE AT THE FACTORY. It is stamped just as it figures out—in "odd" prices or in "even" prices—and the old-fashioned arbitrary custom is done away with. The stamp is your guarantee that the price is THE LOWEST FOR WHICH A SHOE OF THAT CHARACTER CAN BE BOUGHT, that nothing has been added to conform to shoe-trade custom, that MORE of the price goes into quality and LESS for profit and expense than in any other make you can buy. Regal Prices Are Now \$3.35 to \$5.85 REGAL SHOES FOR MEN Cannon & Fetzler Co. Good Work! No Experiments! That's our Trade Mark. That's what we do. Shall we put a Tin Roof on your house?
