HOW TO LIVE.

Stand to your work and be strong.
 Halting not in your ways;
 Stand to your work and be wise,
 Certain of sword and palm.
 Ye who are neither children nor gods,
 But men in a world of men.
 —Kipling.
 Be resolutely and faithfully what you are; be humbly what you aspire to be. Man's noblest gift to man is his sincerity, for it embraces his integrity also.—Thoreau.
 Remember you have not a sinew whose law of strength is not action; you have not a faculty of body, mind or soul whose law of improvement is not energy.—E. B. Hall.

THE CONTEST CLOSES.

Saturday night saw the most successful contest ever staged in Concord brought to a close. Successful beyond even the dreams of The Times and Tribune management and the promoters, and pleasant and agreeable from start to finish, it has been a real pleasure, notwithstanding the hard work.
 The Times and Tribune wish to apologize to those of its readers who were not interested in the contest for the amount of space necessarily taken up in calling attention to it, and promise them that henceforth all their time and effort will be devoted to getting out the very best newspapers in this section of the State. Those who worked for or were interested in some contestant will be more than repaid by the increased efficiency of The Times and Tribune.
 Advertisers ought to be pleased to learn that the contest has added to both The Times and The Tribune subscription lists several hundred new paid in advance subscribers.
 To both readers and advertisers, therefore, as well as to the Times and Tribune, the contest will mean a distinct gain.
 The Times now has one of the largest subscription lists of any semi-weekly published in the South, and The Daily Tribune is climbing steadily along behind it.

One of the most interesting statements made in some time is that made in the press dispatches of yesterday that Gov. Woodrow Wilson has given his endorsement to the Underwood bill for the revision of the wool schedule. In taking this position in favor of a revenue duty on wool at this time Gov. Wilson places himself diametrically opposed to the views of the Peerless, and supports Speaker Clark and Chairman Underwood, whose position had already been unanimously endorsed by the Democratic caucus. Admitting that the doctrine of free raw material may easily be carried to an absurd extent since the government derives most of the revenue for its maintenance through the customs houses, Governor Wilson agrees that the question of revenue must of necessity enter into the discussion of the revision of the woolen schedule.

One of the reasons that has been given by President Finley, of the Southern Railway Company, for advocating the adoption by the farmers of the South of methods that will tend to increase the average production of cotton per acre is that it is of the highest importance that the South should preserve the great economic advantages which it enjoys by reason of having a substantial monopoly of the production of the cotton supply of the world. If this advantage is to be preserved, foreign manufacturers must be driven to encourage cotton growing in other countries by the

failure of American planters to produce an adequate supply. Thus far, efforts to increase cotton production outside of the United States have not met with great success, but there are possibilities in that direction in Africa, Southern Asia and Australia.

WHAT JOE KING THINKS.

Some Racy Comments from the Bright Paragrapher of the Durham Herald.
 Mr. Bryan has at last found a democrat with nerve sufficient to talk back at him.
 If all the candidates are as poor as they pretend there will be few pickings for the small fry in the senatorial campaign.
 As the Asheville courts have given some of the big blind tigers jail sentences it must be that they are in earnest about enforcing the prohibition laws.
 From the evidence it appears that money was used in securing Senator Lorimer's election, and yet he is perhaps little worse than some of the rest of them.
 We believe that the Democrats in congress are earnestly trying to do something and for that reason we could wish that Mr. Bryan would keep out of it for a while.
 Lots of them seem to know what Mr. Kitehin is going to do, and yet he has not said a word.
 All are now talking of conducting a clean campaign, but just wait until they get at it in earnest.
 Mr. Carr can get in if he wants to, but he of course understands that he will be up against four politicians.
 Asheville is at least one town in the state that has taken hold of the violators of the prohibition law in earnest.
 It is yet too early to find out what Concord's wireless trolley is going to do for the power companies of the state.

A Leading California Druggist.

Pasadena, Cal., March 9, 1911
 Foley and Co., Gentlemen:—We have sold and recommended Foley's Honey and Tar Compound for years. We believe it to be one of the most efficient expectorants on the market. Containing no opiates or narcotics it can be given freely to children. Enough of the remedy can be taken to relieve a cold, as it has no nauseating results, and does not interfere with digestion. Yours very truly, C. H. Word Drug Co., C. L. Parsons, Sec'y and Treas. Get the original Foley's Honey and Tar Compound in the yellow package. M. L. Marsh Druggist.

If any of the subscribers of The Times or Tribune are getting two papers, we ask them to notify us at once. We have added several hundred new subscribers to each paper, and some of these no doubt, have been reported to us as new subscribers when their names were already on this list. In this way they would be receiving two papers.

Your Neighbor's Experience.

How you may profit by it. Take Foley Kidney Pills. Mrs. E. G. Whiting, 360 Willow St., Akron, O., says: "For some time I had a very serious case of kidney trouble and I suffered with backaches and dizzy headaches. I had specks floating before my eyes and I felt all tired out and miserable. I saw Foley Kidney Pills advertised and got a bottle and took them according to directions and results showed almost at once. The pain and dizzy headaches left me, my eye-sight became clear and to-day I can say I am a well woman, thanks to Foley Kidney Pills." M. L. Marsh, Druggist.

An Attractive Offer

The readers of Concord and Cabarrus will be interested in a splendid proposition being made by The Observer Company, at Charlotte. Just at this time the Daily and Sunday Observer—seven days in the week—will be sent until October 15th, 1911, to all new subscribers for \$2.00. This is a considerable reduction from the regular price and is made for the purpose of introducing the paper to new subscribers.
 The only rule is that cash must accompany all orders. Send name and address and check for \$2.00 to The Observer Company, Charlotte, N. C., and let this splendid paper be sent you until October 15th, 1911.

Change in Cashiers of Salisbury's Old Bank.

Salisbury, June 3.—W. H. White, who for the past 28 years has been officially connected with the First National bank of Salisbury, resigned this week as cashier to engage in manufacturing business. To fill the vacancy caused by his resignation the directors of the bank elected W. B. Strachan, a well known business man of Salisbury, as cashier of the institution, which is one of the oldest banks in this part of the State.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the use of the Sustainian Tube. When this tube is inflated you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.
