CABARRUS BOYS WHO ARE IN THE CORN CLUB.

Sixteen of Them Enrolled—Many More Should Join.

Mr. T. B. Parker, director of the Boys' Corn Club, writes that there have been enrolled in the Boy's Corn Club of the State, from this county, 16 boys, viz:

Charlie Bost, Concord, Route 4.
Willie Linker, Concord, Route 2.
Robt. Linker, Concord, Route 2.
Herbert Ritchie, Concord, Route 2.
Baron Fisher, Concord, Route 2.
Robt. Gaaky, Concord, Route 2.
Foy Fisher, Concord, Route 2.
Thos. G. Smithdeal, Glass, Route 2.
Elmer Barrier, Concord, Route 4.
Lewis Bost, Concord, Route 4.
Leroy Blackwelder, Concord R. 5.
Vernon Flowe, Harrisburg, Route 2.
Lee Whitley, Bost's Mills.
W. H. Moore, Mt. Pleasant, R. 3.
Ralph Hartman, Gold Hill, R. F. D.

There seems to have been some confusion among the boys as to whether or not they have enrolled in the boys corn club. Last winter Mr. I. O. Schaub, associated with the farmer's co-operative demonstration work of the U. S. Department of Agriculture, sent to the teachers of the county a blank on which to enroll all the pupils who wished to enroll in the Boy's Corn Club with the request that this information be gotten by the teachers and returned to him. I am quite sure that a number of names were sent in. This enrolls them in the U. S. Corn Club, but does not enroll them in the State club. Nor does it enable them to compete for the State prizes. I feel sure that some of those boys who responded to Mr. Schaub's request think that they are members of the corn club of the State. Mr. Parker writes me that he will have \$1000 to be given away in prizes this year and that the Progressive Farmer, which is co-operating with him in this work, has something like \$1000 to be given away also.

Jointly, this will make about \$2000, to be given to the successful boys of the State. Mr. Parker says that he is going to receive all the applications that are sent in during the month of June. Now, boys, look over the list as given above and if you do not find your name in the list, and you want to compete for the prizes, write at once to Mr. T. B. Parker, of Raleigh, for application blanks.

Stanly County News.

Albemarle Enterprise.

Stanly county has set the machinery in motion for the establishment of a farm-life school, some 700 free holders having petitioned the board of education to order the election.

R. A. Crowell returned from Hot Springs, Ark., Sunday, somewhat improved in health from his short experience with hot baths.

Chief J. Duncan Love went to Lumberton this week in quest of convicts for the gang, but failed to secure any.

At an informal reception given Monday evening by Miss Lena Spinks, in honor of Miss Mary Pemberton, Miss Spinks announced the engagement of Miss Ora Hucklebee and Wade H. Phillips. The wedding is to be on June 27.

An adjourned meeting of the trustees of Albemarle Normal and Industrial Institute will be held here the 13th instant, when the question of removal will be discussed. It looks now as if the present school will remain in Albemarle, though Mr. Atkinson is expecting to establish a larger school of the kind at Charlotte or some other point, and several propositions are in hand.

Dr. V. A. Whitley is confined to his home, suffering from a serious form of Bright's disease. The doctor has been in feeble health for many months and his many friends in all parts of the county are grieved to note that his condition now is critical. He recently went to Hot Springs, Ark., with the hope of gaining strength, but met no encouragement, and the trip seemed to sap his strength.

Death of Mrs. Alfred Klutz.

Mrs. Alfred Klutz died this morning at 9 o'clock at her home on West Depot street after an illness of several months duration. Mrs. Klutz had been in ill health for sometime and last week she suffered a stroke of paralysis and since that time her condition has grown steadily worse. Mrs. Klutz was 71 years of age and is survived by a husband and eight children. The funeral will be held tomorrow morning at 9 o'clock at the residence and will be conducted by Rev. C. B. Pless, pastor of St. Andrews Lutheran church, of which the deceased was a member. The interment will be made at Oakwood cemetery.

The Mexican revolution is said to have cost \$20,000,000. It looks like J. P. Morgan would have to call another all night conference.

FIREMEN WON'T STRIKE.

The Southern Railway and Its Employees Reach Agreement.

Washington, June 10.—A general strike of 2,400 Southern Railway firemen was averted today by the success of mediation proceeding which have been in progress for two weeks. Just before noon today the mediators under the Erdman act, Judge Martin A. Knapp, of the commerce court and Dr. Charles P. Neill, Commissioner of Labor, brought the parties to the controversy to an amicable agreement. The terms of the agreement were reduced to writing and signed by Southern officials and the firemen's committee. The terms agreed upon were perfectly satisfactory to both sides. A desire to maintain friendly relations between the railway system and the firemen at all times was manifested, and, in the end, concessions were made by each side.

Neither railway officials nor firemen would make a definite announcement of the terms of settlement. Questions of some delicacy were involved in the adjustment and it was felt that the firemen's committee might better have opportunity, at first hand, to explain the terms to the men of their various divisions before they were made public. The employment of negroes as firemen figured largely in the controversy—quite as largely in fact, as the question of wages.

Immediately after the firemen's demands had been disposed of officials of the railway held a conference with representatives of the engineers of the road, who are asking for wage increases of approximately 25 per cent. It is not expected that a settlement will be reached for several days. The engineers are making no strike threats and while they hope to have their petition granted, it is understood that they do not contemplate an effort to force compliance.

Delegations representing the conductors and trainmen are here waiting to present claims that will be considered as soon as the railway settles with the engineers.

"Everybody's Day" at Davis Springs.

Hiddenite, N. C., June 10.—"Everybody's Day" at the Davis White Sulphur Springs, although the weather was unfavorable in the morning, was well attended, the crowd was estimated at a thousand people. More than two hundred took dinner, counting the regular guests. The crowd, besides having a social time, seemed to enjoy the music furnished, not only by the Old North State band, and who are equal to almost any band in the State, but by the Piedmont orchestra of the hotel composed of four blind boys of the blind institution of Raleigh, who are with the hotel for the season, and who were complimented by a number of musicians on their playing.

The crowd was entertained at night by a moving picture outfit, given out of doors, showing scenes of the civil war, etc. The Davis Brothers have 60 guests already, and have the best prospects for the season they have ever had this early.

Oil Sprinkling a Success.

Charlotte Observer. Relative to the suggested sprinkling of Charlotte streets with oil, a resident of this city who has just returned from Concord stated to an Observer man yesterday that the capital of Cabarrus, widely famous now of its experiments with the Edison dry storage battery trolleyless electric car, has also been doing some experiment in the realm of street sprinkling. A much-traveled thoroughfare was sprinkled with a special preparation of crude oil to the extent of two blocks seven weeks ago. That street is dustless still and there is no resultant odor. The effect of the oil is to make the dust particles adhere to one another, in dissemination which comes from other words, cohere, so that the separation is impossible.

Two Drowned in Neuse.

Greensboro, June 11.—I. C. Morris, a prominent contractor and builder received a telegram tonight informing him that his son, Hubert Morris, was drowned in Neuse river near Newbern. The telegram gave no particulars, but in a long distance telephone conversation later Mr. Morris learned that his son went out from Newbern this morning with a boat excursion party and he and another young man were drowned about fifteen miles from Newbern this afternoon. Their bodies have not been recovered.

Hubert Morris was only 22 years old and his sad ending comes as a great shock to his relatives and friends here. When his body is recovered it will be brought to Greensboro for burial.

One way to relieve a drought is to cut a Texas watermelon.

Will They Sell Near-Beer?

The Raleigh correspondent of Sunday's Charlotte Observer has the following:

"Internal revenue officers say that the near-beer dealers here, and throughout the State for that matter, are preparing to take out liquor licenses again June 30, the plan being for their places to go right on after July 1, when the act of the last Legislature prohibiting near-beer saloons goes into effect all over the State. The leading dealers are free to admit that they do not expect to close out their business at all. They will take out the government license to relieve themselves from the surveillance of the revenue officers and then they will sell brands of drinks that will eliminate the beer idea. The liquid may and will probably very much resemble beer, they say, but there will be no beer or near-beer brands and that the bottles will be different. The applications for renewal of government licenses are already coming in in anticipation of the expiration of the present licenses July 1. The change of the size of the bottles and the brands they bear, is said, will constitute the principal changes that will take place in the near-beer saloons and their service. The near-beer men insist that they will comply with the law and they will be relieved of the State and local tax they have had to pay heretofore."

Locke Mill Defeats Gibson.

Before a large crowd Locke Mill defeated Gibson Mill by the score of 8 to 6 in an exciting game of ball at Locke Mill park Saturday afternoon. The scoring began in the first inning, when the Gibsons sent a man around the circuit. Locke Mill forged ahead in the second, accumulating four runs. They also added one in the third. Gibson came back strong in the fifth, crossing the counting pan four times. The Lockeites retaliated by making half this number, which ended the run-getting until the eighth, when each team scored one run.

The game was featured by Cable's work with the willow and Sapp's terrific smash over left field fence in the second with two on bases.

STATE NEWS.

Items of News from all Parts of the Old North State.

The forty-first annual session of the Grand Lodge Knights of Pythias of North Carolina will meet in Asheville next week, commencing Tuesday evening and continuing until Thursday afternoon.

The Journeymen Barbers' Association of Charlotte, have instituted a move, relative to the closing of all tonorial establishments at 7 o'clock, instead of 8, as has been the closing hour in the past.

Work is progressing very rapidly on the Wilmington, Brunswick & Southport Railroad, which is to give Southport railroad connections with the outside world, and it is planned to celebrate the completion of the road July 4.

The question of the levying of a special tax for the support of the Carnegie Library of Charlotte will be submitted to the voters the first Monday in June. The library is asking for two cents on the hundred dollars assessed valuation on property and six cents on the poll.

A meeting of interest to Methodists throughout the Western North Carolina Conference will be the Western North Carolina Epworth League Assembly, which will convene in Hickory, June 28, Wednesday, and continuing through Saturday, July 1. Rev. R. E. Atkinson, of Davidson, is president.

Opinion is much divided as to the probability of Gen. J. S. Carr entering the race for the Senate. He insisted months ago that he would not enter at all, but recently there have been "knowing intimations" that he was about to be prevailed upon to get into the race. He was Senator Simmons' opponent in his former campaign and this primary campaign was one of special spirit and considerable bitterness.

The indications seem favorable for a large attendance at the annual meeting of the Southern Textile Association to be held in Greenville, S. C., on July first. The sessions will be held on Saturday afternoon and evening, a time most convenient for mill men to get away from their regular work; and Greenville is centrally located for a large percentage of the present membership.

Dr. John A. Ferrell, who has charge of the hook worm campaign in North Carolina, announces that the operation of the hospital tent for the treatment of the hookworm patients is to start within a very short time in one of the southeastern counties. There will also be in the same section of the State a number of hookworm dispensaries provided in counties that will co-operate by bearing a small part of the expense.

The Singing Class from the Oxford Orphanage has started on its second tour. The demand for the splendid entertainment which these children give has grown so much that it has become necessary to have the tour of the State divided into three trips instead of two, as has been the case for some time past. This enables them to take two resting spells instead of one which makes the work more easier on them.

The hottest day. Many think yesterday was the hottest day ever known here. The thermometer played around the 100 mark all day. Late in the afternoon the intense heat was somewhat relieved by a most welcome breeze.

The hot wave continued in the middle Atlantic States, the Ohio valley, the South and the Southwest, ranging from 95 to 102, the latter at Shreveport, La. It was 100 at Raleigh, N. C.

Indications are that the hot wave will continue today. Scattered showers are promised.

"No unusually cool weather is expected," runs the weather bureau's week-ahead forecast issued last night. The high mark in the heat, which caused intense suffering in most of the country yesterday, was scored by Yuma, Ariz., which with an official reading of 110, topped all reports not only from the torrid west of the Rocky mountains, but from every weather station.

Children's Day at Bethel.

Children's Day exercises were held yesterday at Bethel church and one of the largest crowds ever gathered at the church was present, the number being estimated at 1000. Dinner was served on the ground and the program consisted of a number of recitations and declamations by the children of the school and an address by Mr. D. B. Coltrane.

Maybe President Taft sent for Ty Cobb to learn how to knock out a home run.

FOREST HILL NEWS.

The Debate—Decided in Favor of the Affirmative—Personal Items of Interest.

In the debate last week between the Baraca class and Mr. Frank Petrea's class it was decided to allow the women of North Carolina to vote. The Baraca class lead the affirmative and Mr. Petrea the negative of the question. Resolved, That women of N. C. should be allowed to vote, and the judges rendered their decision in favor of the affirmative. The speakers on the affirmative were Messrs. E. C. Gaddie, J. S. Stroud and Sam Maulden. On the negative Messrs. Frank Petrea, Wm. Davis and J. L. Shortt. There were about 350 people present and the occasion was greatly enjoyed by them all.

In the game of ball between Locke Mill and Gibson mill last Saturday the score resulted 8 to 6 in favor of Locke Mill.

Mr. J. H. Shropshire and family have returned to Greensboro after spending a few days in the city.

Mr. C. G. Watkins, of Rock Hill, spent Sunday in the city with his family who have been visiting Mr. J. C. Cook. Mr. and Mrs. Watkins have returned to Rock Hill.

Mrs. H. B. Wilkinson and children have returned from a visit to relatives at Glass.

Mr. T. H. Young has gone to Bessemer City to spend a week with relatives.

Mr. Arnold Dennis, of Durham, is spending a few days in the city with his mother, Mrs. Ida Dennis.

Messrs. Vic Widenhouse, Chas. Morgan and Everett Denny returned last night from their trip to Florida.

We are glad to note that the condition of Mr. P. B. Raeford is greatly improved and that he is able to be out on the street again.

Miss Lurline Graham, of China Grove, spent Sunday in the city with Miss Zula Clayton.

Miss Beatrice Fulp, of Statesville, spent Sunday in the city with Misses Effie and Daisy Sapp.

Messrs. E. D. Hunter and son, Taylor, have returned from a three weeks visit to relatives in Texas. They made the trip out with the veterans to Little Rock.

Officials Going After Rich Tax Dodgers in Durham.

Durham, June 10.—The tax dodgers of the city are to be the next special chase of the officials, the word having gone out from those having this matter in hand that certain (no names mentioned) rich dodgers must this year "come across" or take the consequences. The county commissioners are to go after them at the July meeting of the board. It is said that there are several who did not give in great amounts of money and property last year known to have been owned by them. If there is a listing there will be no trouble.

ONE OF TWENTY-THREE.

Twenty-three were drowned in the Ohio river recently and of the number only one had a life insurance policy. One left the widow a thousand dollars, 22 left widows minus the thousand. It would require at least a thousand dollars to give the lot a very modest burial. Where did this come from? Only one widow in the lot had ready cash. Thousands of new made graves attest the importance of insuring while possible. Get Penn Mutual rates and see Penn Mutual policies before closing. 10-2t

THE CONTRACT AWARDED.

Clarendon Construction Co., of Wilmington, Gets Contract for New Water Supply Equipment.

The contract for installing the new equipment to the city's water supply was awarded Saturday night to the Clarendon Construction Co., of Wilmington. On account of conditions the exact cost cannot be given, though it will be about \$42,000.

Under the contract work is to begin within fifteen days and the job is to be completed within five months. The work consists in part of building a pipe line from Cold Water Creek, a reservoir and filtering plant. The Clarendon Co. has sub-let the laying of the pipe line to Mr. W. A. Foil and a part of the building work to R. A. Brown's Sons, local contractors. Mr. Anderson, representing the Wilmington firm, is here making plans for beginning the work.

Narrow Escape from Drowning. Master Sidney Troy came near being drowned at the rock quarry pond yesterday afternoon. This pond is very deep and young Troy got in beyond his depth. He sank twice, but was saved before he could sink for the last time by Mr. Jim Wood. This is a dangerous place, and all have been officially warned by the city authorities to stay away from it.

Another Dentist for Concord. Dr. J. O. Davis, a dentist of East Bend, is here today. Dr. Davis has rented the office room over Marsh's Drug Store and will move to Concord July 1 to practice his profession.

Mr. J. C. Fowler, superintendent of the Locke Mill, came near being seriously hurt yesterday by the street car. His hat blew off, and in jumping off after it got off the wrong way and was thrown to the ground. His feet fell toward the car, and he was caught by it and turned completely around. Fortunately he was not hurt. He recovered his hat and re-boarded the car for his home.

IMPROVEMENTS AT ST. JAMES LUTHERAN CHURCH.

Congregation to Spend \$9,000 in Remodeling the Church Building.

The congregation of St. James Lutheran church has decided to spend \$9,000 on remodeling and improving the church building. Mr. H. C. Bonitz, an architect, of Wilmington, has prepared plans and the work will begin in a short time. The width of the church will be increased by adding two transepts 6 feet wide and it will be extended 18 feet in length. The entrance will be changed from a side entrance, as at present, to a front entrance, and the walls on the outside of the building will be stuccoed. The seating capacity of the main auditorium will be increased one third. Changes will also be made in the Sunday school room and its seating capacity greatly increased.

Messrs. C. A. Cook, J. A. Cline, H. B. Wilkinson, J. H. Rutledge, J. A. Kennett and Dr. W. L. Essel compose the building committee, and Rev. C. P. MacLaughlin, R. E. Bidenhour and V. L. Norman the decorating committee. When the improvements are completed the church will be a fitting neighbor to the handsome new government building now in course of construction.

Wedding Announcement. Friends here have received announcements reading as follows: "Mrs. Samuel James Pemberton has the honor of announcing the marriage of her daughter, Mary Louise, to Mr. James Norwood Ferguson, Lieutenant United States Navy, on Wednesday, the seventh of June, one thousand nine hundred and eleven, Albemarle, North Carolina. At home after July the first, Naval Torpedo Station, Newport, Rhode Island."

They All Look Alike to Walker. Walker, the sensational outfielder and hitter, who was purchased by Washington from the Sparta club for \$2,400, played his first game with the Senators Saturday and cracked out a triple, double and single out of four times at the bat off Walsh and Olmstead.
