**HOW WE LIVE.**

We live in deeds, not years; in thoughts, not breaths; in feelings, not in figures on a dial.  
We should count time by heart throbs. He most lives who thinks most, feels the noblest, acts the best.  
Life's but a means unto an end, that end  
Beginning, middle, and end to all things—God.  
—Philip James Bailey.

Ex-Governor Aycock will occupy a unique position. No shafts will be shot his way. We do not believe there is a single paper in the State that will find the remotest occasion to assail his record, or his personal character.—Charlotte Chronicle.

While Governor Aycock is a great and good man, and while no man should be more nearly immune from attack, the Chronicle's prediction is just a little too rosy. The politician whose record is too clean or whose character is too pure to escape the calumnious shafts of the enemy during a political campaign has yet to be born.

We ask especial attention of the farmer boys of Cabarrus to the article in another column from Prof. C. E. Boger in regard to the Boys' Corn Club. Sixteen Cabarrus boys have joined the club, but there ought to be many more. This is a great movement and means much for the farming of the future. In addition to the regular prizes to be given by Mr. Parker and the Progressive Farmer, there will no doubt be a number of prizes given by local merchants and others. Join the club, boys.

Both branches of the Wisconsin legislature have passed a bill granting suffrage to women. The measure will be submitted to the voters of the State for approval and if it receives the necessary vote it will go into effect two years hence. The suffrage organizations are preparing to make a vigorous fight in its behalf.

A man in Massachusetts who was prevented by his family from marrying the girl he loved, took to his bed from spite, and has remained there 40 years. This seems foolish, but it was a much better way of relieving spite than by shooting up the family or the girl, as some despondent lovers do by way of protest.

Two United States senatorships will be settled by the State primary in Virginia next September. Senators Martin and Swanson will be candidates for re-election. The other candidates will be Representatives William A. Jones, of the First district, and Carter Glass, of the Sixth district.

A. J. Angle, a member of the Florida Legislature, has announced his candidacy for the governorship. His platform is something out of the ordinary, the principal planks declaring for the abolition of the convict lease system and the adoption of a good roads policy by the State.

**State Would Tax Mrs. Eddy Legacies.**  
Concord, N. H., June 12.—A hearing will be had in the probate court here this week on the petition of the State Treasurer of New Hampshire asking the court to determine the question as to whether the legacies contained in the will of Mrs. Mary Baker G. Eddy, the founder of Christian Science, are subject to the New Hampshire inheritance tax. Pending the determination of the question the executor of the will has been restrained from removing or transferring any of the Eddy property in New Hampshire.

The way of the transgressor is hard but smooth.

**Your Neighbor's Experience.**  
How you may profit by it. Take Foley Kidney Pills. Mrs. E. G. Whiting, 360 Willow St., Akron, O., says: "For some time I had a very serious case of kidney trouble and I suffered with backaches and dizzy headaches. I had specks floating before my eyes and I felt all tired out and miserable. I saw Foley Kidney Pills advertised and got a bottle and took them according to directions and results showed almost at once. The pain and dizzy headaches left me, my eye-sight became clear and to-day I can say I am a well woman, thanks to Foley Kidney Pills." M. L. Marsh, Druggist.

**Appreciations.**  
"So your Shakespeare club is a great success?" "Yes. We have accumulated enough fines for non-attendance to take us all to a musical comedy."

**About Telephone Messages.**  
We respectfully ask those friends who telephone to The Times and Tribune office to give the message to the one who answers the phone, whenever it is possible to do so. Often some one else is asked for in the office, who is very busy, and is obliged to stop and go to the far end of another room to answer a message which could just as easily have been answered by the one first at the phone. This office is a busy place, and minutes count. Observe this, please.

**Cracking Nuts.**  
If you will soak pecan nuts over night in water, and then crack them on the end, they will come out whole and in fine condition.

F. S. Rexford, 615 New York Life Bldg., Kansas City, Mo., says: "I had a severe attack of a cold which settled in my back and kidneys and I was in great pain from my trouble. A friend recommended Foley Kidney Pills and I used two bottles of them and they have done me a world of good." M. L. Marsh, Druggist.

**Most Important.**  
Next to knowing when to seize an opportunity, the most important thing in life is to know when to forego an advantage.—Baconfield.

**JOHN BURROUGHS OF SLABSIDES, LOVER OF OUTDOORS.**

**D**O you love this old man? He is John Burroughs of Slabside, lover of God's great outdoors, friend and confidant of the birds, comrade to the trees, lord high protector of bees and blossoms and not particularly averse to bugs if they are good bugs and don't eat his fruits and vegetables. John Burroughs is a poet, though most of his literary work is written in prose. And—would you believe it!—for many years he was a bank inspector. Yes, fact. But he got over it and retired to West Park, N. Y., where he lives in his simple cottage, which he calls Slabside because the outside boards are rough slabs. John Burroughs is a particular friend of Theodore Roosevelt and of John Muir, the California glacier hunter and big tree protector. He is a gentle soul, but on occasion he can wield a stout cudgel against nature faking or any other violation of his outdoor ethics. Perhaps more intimately than any other eminent American he lives the simple life—close to nature. John Burroughs is the dean of the present day Arcadians.

**Dr. Francis S. Packard, OF GREENSBORO, N. C.**  
Consultation and Examination Confidential, Invited and FREE.

To see all of his regular Patients and such new Cases, as may wish to consult him, Dr. Packard enjoys a state wide reputation, among the profession and the Public of North Carolina, where for more than 25 years he has devoted his entire time to the Study, Treatment and Cure of Chronic Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous, democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Brotherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 a week. He gives his own medicines, and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brilliant Physician and the wonderful methods he employs. If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you nothing if he does not put you under treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the date, Monday, June 19th, and come early.

**A Debt to His Grandmother.**  
In S. M. Ellis' life of William Harrison Alsworth it is narrated that Thomas Hughes, author of "Tom Brown's Schooldays," when a small boy had a guinea given him. This coin his grandmother took away without his consent and purchased for him a fine copy of Milton's poetry, saying he would value it when he grew up, whereas had he spent the money he would only have wasted it on the transitory joys of marbles, tops and candy. Needless to say, the unfortunate boy did not see matters in this light, and in after years Thomas Hughes wrote in his "Early Memories":  
"I owe to my grandmother a debt to Milton's poetry, which I doubt if I have ever quite got over."
