## LONDON AWAITS THE GREAT SPECTACLE.

Coronation of King George and Queen Mary the one Topic of Interest Throughout the World.

London, June 21.—The coronation of King George and Queen Mary is the one topic uppermost in the minds of the people of London today. For while the brilliant ceremony will be one of world-wide interest, it is in London that the great and glorious scenes associated with the event will be carried on.

London tomorrow will be the scene of such magnificent pageantry and representation of power and might as well eclipse the glories of the jubilee celebrations of 1887 and 1897 and the coronation of Edward VII. in 1902, and will provide for all who have the privilege of seeing it, a vision of splendor unequalled in recent times. King courtier, military and civil officials, lord mayor and citizens, have all, in their respective spheres, concentrated their efforts in the wedding together of the multifarious parts in a pageant which will lack nothing in its wealth of color and brilliancy.

The Coronation Processions. With that willingness which has ever characterized the King and Queen to study, as far as possible, the wishes of their loyal subjects, arrangements have been made for two

morrow's processions. The most of the great stands that have been erected have been placed on the route of Friday's procession, which is expected to afford a more elaborate spectacle than that of tomorrow. Patient folks, who rise early, may secure standing room along the street curbs, but they will have to stand on tiptoe to see over the bearskin hats of the Foot Guards, tall fellows, all of them, even if they endure the hours of tedious waiting and have the luck to retain their places.

### Many Royal Visitors.

The coronation has attracted to London more royal visitors than has

GENERAL ADOLPHUS W. GREELY, WHO REPRESENTS THE UNITED STATES ARMY AT THE CORONATION.

ever been seen here at one time before. In the State rooms of St. James' Palace tonight the Duke of Connaught gives a dinner in their honor. One of the most distinguished of the foreign delegations is that from Japan, which includes Prince Fushimi, Admiral Togo and General Nogi. Prince Henry of Russia and his wife, who represent the German Emperor and Empress, are doubly related to the King, through Prince Henry's mother, Empress Frederick, and Princess Henry's mother, Princess Alice. The Crown Prince and Princess of Roumania are well known in England. The Crown Princess is King George's first cousin and spent her childhood in England. She will be perhaps the handsomest of the foreign Princesses attending the ceremony.

### Duchess of Aosta a Beauty.

The Duchess of Aosta, wife of the heir presumptive to the throne of

MR. AND MRS. JOHN HAY HAMMOND—MR. HAMMOND IS THE SPECIAL AMBASSADOR FROM THE UNITED STATES TO ATTEND THE CORONATION.

Italy, will be the Crown Princess of Roumania's chief royal rival in the matter of good looks. She was married, when Helene d'Orleans, to the Duke of Aosta, at Kingston on the Thames, and she made her social debut at a Marlborough House garden party, so a visit to England is rather like a home coming to her. Other interesting foreign visitors here for the ceremony tomorrow are Prince Henry of the Netherlands, the Crown Prince of Serbia, Prince Yusuf Izzeddin of Turkey, the Archduke Francis Ferdinand of Austria, the Crown Prince of Denmark, the Crown Prince and Princess of Sweden, and Prince and Princess of Sweden.

### Gov. Marshall at U. of P.

Philadelphia, Pa., June 21.—Governor Marshall of Indiana delivered the Commencement oration at the University of Pennsylvania today. More than 850 students received diplomas, the class being the largest that ever graduated from the university.

## "OLYMPIC" ARRIVES AT NEW YORK.

The Greatest Steamer of Modern Time Arrives on Tris Side.

New York, June 21.—The world's largest and finest steamer, the new, triple-screw S. S. "Olympic," of the White Star Line, steamed proudly up the Ambrose Channel today, and is now moored at the Chelsea pier to which a hundred foot extension was recently made so that this great vessel, 882 1/2 feet long might be amply protected.

Throughout the voyage the "Olympic's" giant engines, the largest afloat worked smoothly, and the 800 cabin passengers landed well pleased with their crossing. Mr. Bruce Ismay, President of the International Mercantile Marine Company was a passenger, and expressed himself as being delighted with the latest and greatest steamer to join the White Star fleet.

The passenger list included many well-known persons. The "Olympic," 45,324 tons register exceeds by 13,000 ton and 120 feet in length any steamer in the world. A crew of 800 men is required to operate her, and 3,000 passengers can be carried.

### Hello Girls at Statesville Quit Job.

The "hello girls" of the Iredell Telephone company at Statesville went on strike Tuesday. All of the seven young lady operators of the company were in the "walk-out" and since they quit the job the company's electrician, lineman and others are operating the switchboard.

The young ladies Monday morning served notice on W. M. Barringer, manager of the system, that they must have \$2.50 additional per month and demanded a definite answer Tuesday. Mr. Barringer called a meeting of the board of directors and laid the matter before them. The directors refused the demand on the ground that the present pay—\$20 a month—is as much as is paid elsewhere and as much as the company can afford to pay for eight and a half hours work a day. The decision of the directors was announced to the operators and they picked up their "duds" and marched out without even saying good-bye.

### Baby Eats Strychnine Tablet and Is Killed.

Wilmington, June 20.—Melissa, the nine-months-old infant of Mr. and Mrs. J. W. Walton, died Sunday afternoon following the eating of a box of strychnine, quinine and iron tablets. The child was left alone in the room for a few moments and got the box of medicine from the lower compartment of a washstand. One of two of the tablets would hardly have harmed her but the infant ate the entire contents of the box and death resulted in a few minutes. The death is critically ill. It was to minister to him that the mother left the infant alone only for a few moments.

### Eagles of Three States.

Charlotte, S. C., June 21.—A tri-State convention of the Fraternal Order of Eagles opened in this city today with large delegations in attendance from Jacksonville, Macon, Atlanta, Augusta, Columbia and other leading cities of Florida, Georgia and South Carolina. The gathering will continue over tomorrow.

## WAS WITH JEFFERSON DAVIS.

Old Negro in Senate Stationary Room May Lose Place.

Washington, June 20.—Jim Jones, an aged negro for many years employed in the Senate stationary room, is in danger of losing his place. Jones was the personal servant of President Jefferson Davis, of the Southern Confederacy, and was with him when the Union soldiers effected his capture in Georgia after General Lee's surrender.

A year ago Senator Money, of Mississippi, saved old Jim. Other Democrats are going to try to save him this time, but may not succeed, as the Republican steering committee has recommended numerous discharges to cut down the Senate force of employees.

Jones claims to be the only man living who knows where the great seal of the Confederacy was secreted. "I buried it myself," he said recently, "and gave my word of honor to Mr. Davis that I would never tell. I kept my word to him while he lived and am not going to break it now that he is dead. On the day that the Jefferson Davis Monument was dedicated in Richmond two men offered me \$15,000 to tell them where the great seal could be found. I looked at the money mightily hard, for I'm about the poorest man you know, but no amount of money would make me break my word to Mr. Davis. There ain't money enough in the world to make me forget that pledge."

Jones was "free born," and says he is proud of the fact that he was never a slave. His mother was two-thirds Cherokee, his father a Creole, and Jones was hired by Jefferson Davis in New Orleans.

### Mexicans Celebrate Diaz Victory.

City of Mexico, June 21.—Elaborate precautions were taken by the Provisional government to prevent any disorderly demonstration today on the occasion of the anniversary celebrations in memory of the taking of the City of Mexico by the forces of Gen. Diaz, June 21, 1867. For many years the anniversary has been observed as a holiday in the capital. The fall of the City of Mexico to the Liberal troops under Gen. Diaz marked the last blow to the Imperialists and practically ended the long war of the Napoleonic invasion.

### President Taft at Yale.

New Haven, Conn., June 21.—President Taft was among the distinguished guests at the commencement exercises at Yale today. The guests joined with the students and faculty members in the procession from the college campus to Woolsey Hall, where the graduation exercises were held. The assembly and dinner of the alumni took place this afternoon and were followed by the President's reception in Memorial Hall.

### Kaiser Grooms Americans.

Kiel, June 21.—The Emperor today exchanged visits with Admiral Badger and the officers of the American battleships which are paying a week's visit to Kiel. Dr. David Jayne Hill, the American ambassador at Berlin, officiated at the introductions. The meeting of the Emperor and the officers was of a most cordial nature.

Rev. Dr. E. H. Harding and daughter, Mrs. Nan Whitaker, of Davidson, are visiting at the home of Judge W. J. Montgomery.

## THE GAME AT KANNAPOLLS

In Which the Cincos Were Walloped By the Y. M. C. A. Team.

Mr. Editor:—Some one writing in Saturday's Tribune, giving an account of the ball game of Friday evening, between the Cincos of Concord and the Y. M. C. A. team of Kannapolis, gives a very unfeeling account of same. The writer must be a rooter for a metropolitan league team, possibly of New York, or Chicago or Philadelphia, where the players are professionals of the highest type drawing princely salaries. Therefore he is too much of a critic to enjoy amateur playing, when possibly some of the players are not yet in practice. It seems to your scribe that the criticism was unjust, but as for the game being "uninteresting" we would not expect it to interest any one used to high professionals; and as to its being a "slow" game we do not know what he would call a fast game, but feel sure that the Cincos did not find the game Saturday evening so "uninteresting" when the Y. M. C. A. boys made three doubles and so easily reversed the score of the day before, making it 9 to 4. Perhaps the game was so "slow" Friday that the Cincos were smoked rather short causing their fire to die out rather early in Saturday's game. Our boys are smoking ten cent cigars now for they say Cincos are too cheap.

This game was played on the Y. M. C. A. diamond. Game called at 3:10. Time, 1 hour 55 minutes. Umpire, Boger.

### Red Men Meet in Macon.

Macon, Ga., June 21.—Macon is entertaining for two days the annual State convention of the Improved Order of Red Men. Several hundred delegates were on hand this morning when the gathering was called to order by Great Sachem Henry M. Ward of Savannah. A parade of the delegates was held this afternoon.

Out of a list of sixty graduates from Manual Training School in Kannapolis City who were questioned as to what occupation they intended to adopt after completing their education, ten declared for the farm. That number exceeded the declaration for any other profession, civil engineering coming next with seven, while the lawyers and bankers numbered only two each.

## TWO WINDOWS AND ONE TICKET SELLER.

The Arrangement at the Passenger Station Here Worse Than Before.

Two new signs have been added to the numerous collection that adorn the walls of the passenger station, one bearing the words "For Cash Fare" and the other "For Mileage." One is placed over the big window, or at least the window that has been in use since the station was built (and judging by the appearance and antiquated looks of things around the latter it must have been about the time the Cabarrus Black Boys became known to fame) and the other just above a little window about three inches from the first one. The only difference between the two window propositions as conducted here and the one window system is that the agent sells a ticket on his right side and pulls your mileage on his left and doesn't have time at all to write a check for your baggage, whereas under the one window plan he could sell tickets and pull mileage and occasionally have time to check baggage without having to slide back and forth between the two like a jumping jack. If the Southern Railway could secure some Janus-faced individual to sell tickets here under the present conditions possibly they might give the public some accommodations at least, but as long as the road has only one ticket agent and require him to sell tickets, pull mileage, check baggage and incidentally do the slide back and forth at the amount of travel done here, it is no wonder that the traveling public has to go to the station long before train time and be forced to stand in line on the elegantly polished hard wood floor and wait and wait and wait to get a ticket, to say nothing of having the baggage checked. But it is not so bad for the ladies as they can wait, as Editor Harris says, in the comfortably appointed waiting room and enjoy the cooling breezes from the numerous electric fans.

Officials of the Southern promised a number of citizens of Concord several weeks ago that they would provide a baggage man at the station within a short time.

The first will take place tomorrow when their Majesties go from Buckingham Palace to Westminster Abbey to be crowned, and the second on Friday when they proceed from the palace to the city proper, where they will be received by the lord mayor and corporation in state. This will mean a drive through the center of London, and then, in order that all classes may have an opportunity of taking part in the celebrations, their Majesties will cross London Bridge and return on the south side of the Thames, passing through some of the meaner streets of the metropolis. To nine-tenths of the people of London, seeing the coronation will mean merely seeing the great procession of Friday.

### To The Abbey and Return.

For the coronation ceremony tomorrow the King and Queen will go to Westminster Abbey by the shortest route from Buckingham Palace, through the Mall, the archway and court-yard of the Horse Guards, Whitehall, Parliament Street and Parliament Square.
