SHERIFF HONEYCUTT CAPTURES A STILL.

Was Being Operated in No. 6 By Dave Fralay.—Fralay Was Principal in Famous Case About 30 Years Ago.

Dave Fralay, a veteran blockader, who has been operating in Stanly, Rowan and Cabarrus at various periods for the past thirty years, is in jail here and a still he was caught operating yesterday by Sheriff Honeycutt and Deputy Sheriff Propat in the grand jury room at the court house, together with eight bushels of meal. The officers got wind of the fact that Fralay was operating a still in No. 6 township, near the No. 7 line, and went down yesterday afternoon to make the capture. They found Fralay operating the still a short distance from Mt. Olivet church in No. 6 township. He offered no resistance and the still, cap and worm were taken. The still is a small one of about ten gallon capacity and the officers are of the opinion that it has been in operation there for only a short time. No liquor was found near the place, although there was about eight gallons in the process of manufacture when the still was seized.

Fralay was given a preliminary hearing before Squire Lore. He waived examination and was bound over to court under a \$200 bond.

The arrest of Fralay yesterday produced no little discussion here of the famous trial about thirty years ago when he was tried in this county for the murder of Revenue Officer Walker, which crime occurred in Stanly county, where Fralay was then conducting an illicit still. The feeling was so intense in Stanly that the trial was moved to this county and was one of the hardest fought legal battles conducted here. Ex-Judge Montgomery and the late Mr. John W. Mauney, of Salisbury, represented Fralay and Ex-Judge F. I. Osborne, then solicitor, H. S. Paryear and the late Samuel J. Pemberton, of Albemarle, represented the State. Fralay was found guilty only of manslaughter and sentenced to twelve years in the penitentiary. He served his time and was given 13 months for good behavior. After regaining his freedom he went to his home in Rowan county and his first act after reaching there was to walk a distance of thirty miles and thank one of his attorneys, as he said, for saving his life.

Since that time he has been living in Rowan county and from reports he has always been more or less connected with blockading liquor.

Next Take Up Cotton Tariff Schedule

Washington, June 21.—The house ways and means committee has laid out its general plans for a tariff for revenue bill on the cotton textile schedule. This measure, the fourth in the Democratic program, will be ready for consideration in three weeks. The leaders want to cut the tariff on cotton goods fully 50 per cent. Whether they can cut it 50 per cent. or can safely go below that, depends on the work on which the committee experts will be engaged until chairman Oscar Underwood returns from his rest at Atlantic City about July 5.

MT. PLEASANT NEWS.

A Busy Season for the Farmers.—Mr. Goodman not to Be Co-Principal.—Personal News.

The present season is beyond all question one of the busiest that ever comes this way. The farmers are working over time gathering in a bountiful harvest, one of the largest this section has ever produced. Some threshing has been done and the grain shows up well. In the meantime corn and cotton are going after their growing records, and if present conditions continue a new record in the development of plant life will be set. A gentleman told us yesterday that one cotton plant grew two and three-fourth inches in twenty-four hours by actual measurement. Not being a cotton farmer we cannot speak authoritatively, but it looks like this is growing some. One of the best features of the season is that General Green and his forces have been unable to make serious trouble at a critical time. His attitude at present is somewhat threatening, however, but the farmers have their guns primed for an attack at any time. Garden and orchard products are very short.

In our letter last week we stated that Rev. R. A. Goodman, the newly elected pastor of Holy Trinity church, would be associated with Prof. G. F. McAllister as co-principal of the Collegiate Institute. This is misleading. Mr. Goodman will be a member of the faculty of the Institute, the nature of his work has not yet been announced, but he will not be co-principal. Prof. McAllister will be sole principal of the Institute as heretofore. The outlook for next session is unusually good.

Chief Cruse, of Spencer, Bit on Hand By a Woman.

Spencer, N. C., June 21.—Chief of Police John R. Cruse was bitten on the hand and arm by Mrs. Nannie Cash, whom he arrested in East Spencer yesterday afternoon. He also arrested her daughter, Mrs. Janie White, both women being charged with trespassing on the premises of John M. Freeman. The Cash women met the officer at the door and attacked him when he read the warrant. The younger woman grabbed the warrant and tore it into pieces. The pair were cited to trial before Justice W. L. Ray in Spencer. They retained T. F. Hudson, Esq., as counsel.

House Turns Down the Bristow Amendment.

Washington, June 21.—The house of representatives today by a vote of 172 to 112, practically a strict party vote, refused to concur in the Bristow amendment adopted by the senate to the house resolution providing for the direct election of senators. The Bristow amendment leaves with Congress the power to regulate the time and manner of holding these elections, while the resolution passed by the house during the early days of the present session would change the constitution so that "the times, places and manner of holding elections for senators shall be as prescribed in each state by the legislature thereof."

Automobile Destroyed by Fire Near King's Mountain.

Kings Mountain, June 21.—While on the way to this place this morning from Cherryville, an Oldsmobile five passenger car was totally destroyed by fire. The car was owned and driven by Mr. John P. Carpenter of Cherryville and with him was Mr. Rudisill. The fire was first noticed coming up through the floor of the car and the two gentlemen, fearing the explosion of the gasoline tank, vacated at once, leaving the car to its fate, which was total destruction.

Revival for Railroad Men.

Spencer, June 21.—The Spencer Y. M. C. A. has planned for a big revival for railroad men to be held by Railroad Jim Smith, of Chicago, beginning July 20. A large tent will be pitched on the Spencer park, a singer secured, other towns in North and South Carolina billed, and several thousand men are expected to attend the meeting. Mr. Smith is known throughout the United States as "Sunny Jim" Smith and is a great favorite wherever he is known.

Panama Bonds at 110

Washington, June 20.—The Treasury Department today discovered that the highest bid for any of the \$50,000,000 of 3 per cent. Panama bonds sold Saturday was 110 for \$200, par value of the bonds. The next highest bid was 106.50, also for a small lot. As the bids were further examined it developed that a greater portion of them will go to the small investors than was at first indicated. Successful bidders represent every State.

Neither Tears Nor Flowers.

Greensboro News. Says the Concord Tribune: "The Lee County Times has suspended publication. The Greensboro News says the paper has been fighting a proposition to build good roads in Lee county, and with a knowledge of this fact there will be neither wonder nor regret expressed that heparp041a41 regret expressed that the paper has 'succumbed to the inevitable.'" SAYS BAPTISTS WILL RULE.

Rev. Dr. Mayer Predicts Supremacy Of This Church.—Against Union.

Philadelphia, June 20.—"It is the Baptist church that dares to stand against the world today, and it is the Baptist Church that will rule the world tomorrow," declared Rev. Frederick B. Mayer, of London, president of the World's Sunday-School Association and leading Baptist preacher of Great Britain, this afternoon at the World's Baptist Alliance. Tonight the crowd was so great that overflow meetings were held in two nearby churches. The audience became uneasy during an electrical storm early this afternoon and was quieted only by the singing of hymn after hymn.

This morning Dr. John Clifford, of London, retiring president of the alliance, stirred a great audience, by his address, in which he proclaimed the dawn of the rule of the people themselves.

Dr. Clifford took a decided stand against any unity of organization among the Christian churches.

"We rejoice in the effort now being made on behalf of unity of the followers of Jesus Christ," he said, "and gladly co-operate with these endeavors. We should hold ourselves guilty if we created or upheld any ecclesiastical division on mere technicalities of the faith or insignificant details of the practice of churches. But with equal frankness we say that a visible, formal and mechanical unity has no charm for us whatever."

Many Think the Race Will Narrow Down to Simmons and Kitchen.

The Washington correspondent of Monday's Asheville Gazette-News of Monday has the following:

The majority of the people of North Carolina are rather slow to crawl on any particular candidate's bandwagon just yet, so far as the senatorial race is concerned. With more than a year intervening before the state democratic convention can call a primary—or two primaries, for the matter, it will take both, it now seems—to decide what candidate shall be the nominee many of the people are doing a lot of thinking but sitting still. Every now and then one hears some one like Governor Jarvis, climbing on the bandwagon of Ex-Governor Aycock and every now and then someone will make a trip out in the bushes and bring in reports that the country has gone for Aycock. This may or it may not be true but from careful observation it seems that much depends upon this extra session of congress. One prominent gentleman remarked today:

"If reciprocity should be enacted and farm products should go tumbling, as they are wont to do sometimes, then there would be a powerful corresponding rise in Senator Simmons stock." This gentleman said that people had better wait for a while before passing out their judgment too strongly. This gentleman was of the opinion that a year from now some people might be looking for things just a little differently, and not at all to the disadvantage of Senator Simmons.

We respectfully ask those friends who telephone to The Times and Tribune office to give the message to the one who answers the phone, whenever it is possible to do so. Often some one else is asked for in the office, who is very busy, and is obliged to stop and go to the far end of another room to answer a message which could just as easily have been answered by the one first at the phone. This office is a busy place, and minutes count. Observe this, please.

GENERAL NEWS.

Late Items of News from Here, There and Everywhere.

The Government, it is said, intends to put a stop to the exhibition of United States money in moving picture shows.

James Proctor Knott, former Governor of Kentucky and prominent for many years in Congress, died Sunday afternoon at his home in Lebanon, Ky., aged 82 years.

The Georgia legislature convenes next week and indications suggest that Hoke Smith will be elected United States senator. That will necessitate another gubernatorial election, under Georgia plan of action.

Taxation of automobiles going from one state to another, the money thus derived to be used for the improvement of the roads, is contemplated in a bill introduced Wednesday by Senator Simmons, of North Carolina. The bill is a general good roads bill and provides for federal aid on account of postal routes.

Many heat records were shattered by a sudden rise in temperature in the southwest. New maximum heat records for June were established at Muskogee and Oklahoma City, the mercury touching 105 and 106 degrees, respectively. A high temperature of 100 was registered in Leavenworth, Kan., and Topeka.

14-KARAT DIAMOND

Stone Valued At \$9,000 Discovered In Arkansas.

Little Rock, Ark., June 20.—A 14-karat blue-white diamond was found yesterday in the Mauney diamond fields, in Pike county and was shipped to New York today.

The stone was washed from a ton of dirt just across the line from the big Ozark Diamond Mine Company's property. John Key, one of Mauney's laborers, was the first to notice it and the yell he let out brought all hands on the run, Mauney among them.

Mr. Mauney took possession of it and, accompanied by two guards, carried it to Kimberly, where his office is located.

The stone is the largest and is said to be the finest ever found on this continent. It will be valued by experts in New York. Here it is said to be worth between \$8,500 and \$9,000. Upon examination here it was said to be without a flaw. Its general shape is that of a wedge, it is half an inch wide at the top and tapers down to a quarter of an inch.

Bomb Rocks Three Hotels in Chicago.

Chicago, June 21.—Guests of the Blackstone, Congress and Auditorium Hotels and residents of exclusive Michigan avenue were thrown into a panic early today by the explosion of a heavily-charged dynamite bomb in a manhole of the Commonwealth Edison Company in the heart of the loop district.

Windows in buildings for three blocks around were shattered and hundreds of hotel guests rushed into the halls in their night clothes. So severe was the explosion that building rocked as though in an earthquake.

Two hundred policemen were cordoned around the neighborhood immediately, but could find no trace of the bomb-throwers.

Misses Kinende and Lesser, song-bretts, will be seen at The Airdrome the remainder of the week in dancing and singing acts. They come to the manager of The Airdrome highly recommended.
