WOODMEN TO ERECT BUILDING.

Skyscraper to be Built By The Order in Omaha to be Most Modern West of New York.

The following from the Sovereign Visitor will be of interest to the 700 Woodmen in Cabarrus:

Architects, engineers and contractors who have seen the plans for the proposed Woodmen of the World building, to be erected at Fourteenth and Farnam streets, Omaha, Neb., make very favorable comment on the beauty, proportion and proposed construction of the building. A clay model of the structure is now on exhibition in the show window of the Owl drug store at Sixteenth and Harney streets.

The architects, Holzbird & Roeb of Chicago, have been preparing plans and specifications for several months, under the direction of Sov. J. M. Walsbe, a well known office building specialist. The building will be 110 feet on Farnam and 132 feet on Fourteenth, running up to 232 feet in height.

The sub-basement covers the rear half of the lot and extends under the sidewalk and will contain the most completely equipped modern isolated electric plant in any office building in the country. There will be three large electric light and power units of the latest design directly coupled to four value high speed steam engines, three large boilers with "Dutch" ovens and modern cooling grates. Coal will be dumped in the bins directly from the alley. The ashes will be delivered to wagons in the alleys by a modern ash elevator. A large storage battery will act as an auxiliary and furnish light and power during nights and Sundays.

In the basement proper are laid out a most complete cafeteria, or self-serving lunch room with the very latest type of apparatus for the operation of the most unique of all types of restaurants.

The barber shop, also on this level, will be the most modern and most beautiful shop west of the Mississippi; arranged for ten chairs, two maniere stands, and baths of all kinds.

The entrance to the building on Farnam street is the very height of architectural beauty, in bronze and marble; the doors and vestibule in stately bronze opening into a grand imposing corridor thirty feet high, finished in Colorado marble, etched with "Italian skyvies." Two grand stairways lead up to the second floor and two others lead down to the basement. A beautiful chandelier with 116 lights hangs in the center of this marble wall formed by the front on either side of the vestibule are worked in, in a unique and pretty way, two stands one for cigars and the other for flowers. Two doors also open into the stores on either side of the lobby, which is in the center of the building.

Just back of the stairways are six modern high speed electric passenger elevators arranged in two groups of three on each side and enclosed in a handsome design of stately bronze backed by plate glass. Looking from the front entrance doors one sees the huge steel and concrete vault, closed in with heavy bronze gates, behind which the \$13,000,000 in reserve securities of the Woodmen of the World will rest in view of the visitors.

The fourth to the ninth floors will be occupied by the Sovereign Camp officers of the order. Above these will be the most delightfully cool, well-arranged, convenient commercial offices in the state. Every modern convenience of any practical value has been arranged for; prismatic glass in upper sash to thoroughly light the office, electric lighting, maple floors, modernly finished, Circean walnut used in all the interior finish, vacuum cleaning, hot and cold water in every room.

We are sparing neither effort or expense to make this the most modern up-to-date office building west of New York City, and even there will "stack up" with the vast majority of buildings. The elegance, dignity and imposing grandeur of the outside will be maintained inside.

Supposed Elopers Are Found Dead Together.

Cincinnati, June 26.—Anna Kees and Albert J. Handtman missing since Thursday night, were found in the Ohio river yesterday. Miss Kees was known on the vaudeville stage as Bonnie Hampton. Handtman was a young clubman and athlete of this city. Handtman took Miss Kees out for a ride in a launch Thursday. The two had been friends for years and it was believed that they had eloped. Their launch was found overturned and their bodies elapsed in each other's arms. It is believed the launch struck a coal barge.

REUNION AT WILMINGTON.

General Orders Issued By General J. S. Carr.

The following general orders regarding the reunion of the North Carolina Division United Confederate Veterans as Wilmington on August 2nd and 3rd are issued by Major-General J. S. Carr, commander: Durham, N. C., June 24th, 1911. General Orders No. 44.

Paragraph 1. The commander of the North Carolina Division of the Confederate Veterans has the pleasure of announcing that the next annual reunion of this division will be held in the city of Wilmington, on the 2d and 3d days of August, 1911, in accordance with the invitation extended and accepted at our last reunion. Our comrades and other public spirited and hospitable citizens of our "City by the Sea," are determined to make this reunion one of the pleasantest ever held in this state, and they will give a warm and hearty welcome to all veterans who may attend.

Par. 2. Wilmington has long been famous for its generous and refined hospitality, and at no city in the south is the memory of the Confederate soldier more tenderly and fondly cherished. An interesting program is being prepared for the occasion and everything possible will be done for the comfort and pleasure of all veterans who attend. Veterans who are unable to pay their meals and lodging will be cared for free, if they will, no later than two weeks before the reunion, notify Adjutant L. Leon at Wilmington, so that accommodations may be provided for them. This is important and must not be neglected by any veteran who wishes free accommodations.

Par. 3. Application has been made to the railroads for the usual low rate of one-cent a mile, and the exact fare from any station may be learned by inquiring of the local agent.

Par. 4. The annual election of the division and brigade commanders will be held on the first day of the reunion, as heretofore, and only those camps will be allowed to vote which have been reported by General Mickle as having paid their dues.

By order of MAJOR-GENERAL J. S. CARR, H. A. LONDON, Adj-Gen. and Chief of Staff.

School for Feeble-Minded to be Located at Kinston.

Raleigh, June 26.—Kinston gets the State school for the feeble minded, for which the State is to provide buildings and equipment to the value of \$45,000. The trustees and the Council of State tonight formally chose the Fields place, Kinston, having 972 acres with a railroad siding to be placed wherever the trustees designate and with free water and lights for five years by Kinston. The place is west of the town and the land extends to the river.

Lillington was the closest competitor with a proposition to give 990 acres of land and a considerable cash donation.

The trustees and Council of State adopted resolutions thanking Dr. Ira M. Hardy of Washington, author of the bill for the school, for his untiring effort in bringing about the establishment of the school, and to State Senator Baggett for the attractive offer made through him by Lillington and Harnett county.

Jacksonville, Fla., June 26.—Nine members of the Jacksonville Baseball Club who participated in Sunday's game, were arrested here today. It is said the arrests were caused by the club owners themselves, who wish to have the Sunday baseball law put to a test. The entire club was released on a signed bond amounting to \$100. The arrests are not regarded seriously and it is not believed that a jury can be found that will convict the players.

FUNERAL OF MR. SMOOT.

Remains Laid to Rest at South River Church Yesterday.

The funeral and burial of the late W. B. Smoot took place at South River Methodist church in Scotch Irish township yesterday morning at 11 o'clock, a large number of Salisburyans attending. The funeral party left the Smoot residence on South Church street at 6:30 o'clock. On account of the distance, 18 miles the ladies of the party were conveyed to Woodleaf in automobile and the roads from there being in bad condition for automobiles they joined the funeral procession and made the remainder of the trip in carriages.

The services were held at 11 o'clock, being conducted by four ministers, Rev. Dr. Parker Holmes of the First Methodist church, pastor of the deceased, Rev. Haywood Harper of the South River church neighborhood, Rev. Mr. Higgins pastor of the church, and Rev. J. P. Rogers of the Methodist children's home at Winston. Special music was rendered by a quartet, Prof. N. V. Taylor, J. W. Rideoutte, John W. Webb and H. A. Ellis. The church was packed and a great crowd was forced to remain in the yard. The burial was with Masonic honors, being conducted by members of the Salisbury lodge of which Mr. Smoot was a member. The officers of the First Methodist church, of which the deceased was one, attended in a body as did his Sunday school class of young ladies. The Salisbury Bar Association was also represented by a committee.

The casket was opened at the church, nearly every one present passing by and viewing the remains, among them being some fifteen or twenty colored servants and friends of the Smoot family.

The Mendacity Medal.

The mendacity medal of the North Carolina Press Association, founded by The Chronicle, is on display in the window of Garibaldi, Burns & Dixon, the manufacturing jewelers of Charlotte, that firm having put the competing touches to it. The medal carries ten bars. The first winner was The Concord Tribune. It will pass from one champion liar to another for eight more years and the last man who wins it will have a trophy worth talking about. The presentation of the medal to the 1911 winner will be made at some convenient hour in the proceedings at Lenoir, next Wednesday, by Colonel Robert M. Phillips, chairman of the committee on award, who will take opportunity, as evidence of the beneficial results of the contest The Chronicle has inaugurated, to hold up several second-raters for honorary mention. Since the founding of this mendacity medal, there has been a distinctly more entertaining class of literature passed out to the readers of North Carolina newspapers. And the inspiration has been caught by some of the very fellows who needed it.

Small Clubs Will Not Get License in Charlotte.

Charlotte Chronicle. It is understood that when July 1 arrives, the time for all businesses to secure yearly licenses, that only the Southern Manufacturers' Club and the Conocial Club will be among the social clubs of Charlotte to apply to Tax Collector John M. Wilson for privilege to operate during another year.

The Royal Club is said to have already suspended operations at their rooms on South Church street and Mr. Sam Anderson, the proprietor, has accepted another position. The doors of this club have been closed for a week or more and it is said that Mr. Anderson will give up his charter.

The only other clubs operating now besides the Manufacturers' and Colonial, are the Catawba and the Tar Heel, both being located on Fifth street between Tryon and College streets.

Scholarships at the A. & M.

There are three scholarships to be given at the A. & M. College through the Educational Department of the State Federation. We require a recommendation from the principal of the school where the applicants last attended. He also must not be able to attend college any other way. If there are any boys in the county who wish to make applications for these scholarships, they can do so either through Prof. Webb of the City Schools or County Superintendent Boger.

Mexico City has been warned by the observatory in that region that another earthquake is approaching.

Those desiring to travel faster than a modern racer had better have themselves sent by telegraph.

ANNUAL MEETING TAB HEEL EDITORS.

A Warm Welcome By Governor Newland and Reply By Mr. Daniels.

Special to News and Observer—Lenoir, N. C., June 26.—The biggest delegation of editors ever present at an editorial convention arrived here on a special train at 7:30 this afternoon. It was a pleasant trip, made enjoyable by an hour's stay at Hickory, where refreshments were served at Hotel Huffney by the Hickory Board of Trade.

An address of welcome was delivered by Editor Howard Banks, and responded to by Editor W. C. Hammer. Arriving at Lenoir, editors were met by scores of the men and women of the town and given a royal welcome.

Tonight, in the chap l of Davenport College, the address of welcome was delivered by Lieutenant-Governor Newland. The response was by Editor Josephus Daniels. The editorial party was met at Hickory by a reception committee from the Lenoir Board of Trade, composed of Messrs J. H. Beall, E. F. Reid, H. C. Martin, R. L. Gwyn, D. F. Clarke, P. O. Grist and J. L. Cottrell. Governor Newland spoke without notes, and in extending the hearty welcome of his home town was especially happy in its delivery. The earnestness of his welcome, which was so apparent, was appreciated by all present.

Doings of the Stonewall Jackson Circle.

There was in attendance last evening at the meeting of Stonewall Jackson Circle of Kings' Daughters twenty-five members. After the devotional exercises led by Mrs. C. P. MacLaughlin, the general business was taken up and discussed with much interest by all present. The different committees reported the work of the month and it was found that much suffering had been relieved in many needy homes by the distribution of food, clothing and medicine.

One of the Concord physicians asked if the Kings' Daughters could contribute as much as \$10.00 toward paying the hospital expense of two small children who needed the medical attention of the best medical experts. The money was generously and cheerfully given for that purpose. The following committee, Misses Jenn Coltrane, Belle Means, Zula Patterson, Mrs. A. E. Lentz and Mrs. Dr. Herring, was appointed to make arrangements for a bazaar to be held late in the fall, a bazaar in which the whole of Concord can participate. C. P. J.

Mr. Walter C. Fink Again Promoted.

The many friends of Mr. Walter C. Fink, of New Orleans, a son of Mr. and Mrs. J. C. Fink, of Concord, will be interested to learn that he has again been promoted. Mr. Fink has been in the employ of the American Telephone and Telegraph Company for the past several years, and had charge of the office of this company in Charlotte which he filled so acceptably that he was transferred to the Tennessee division, with the principal office at Harriman. About six months ago he was transferred from the Harriman office to New Orleans. His strict attention to business and his obliging and courteous treatment of those having business with him have won another promotion, this time he will be transferred to Mobile, Ala. The Mobile and New Orleans districts have been consolidated with offices in Mobile, and Mr. Fink will have charge of the Mobile district, taking charge July 1st. His steady rise in his business life has been watched with interest by his friends here, who are yet expecting that he will soon be called to "come up higher."

Bad Effect of Drought.

Whiteville, June 26.—Captain Wright, of Columbus county has returned from a visit to Pender county and says a great many large oak trees in the Cape Fear river swamps are dying, supposed to be on account of the prolonged dry spell. The water courses of this county were never so low within the memory of the oldest inhabitant. The large creek that drains Sole's swamp has stopped running, and the creek in White Marsh, one of the tributaries of the Waccamaw river, is reduced to stagnation. Mr. W. S. McDaniel who with a party of gentlemen went on a camp fishing to Colonel Shullen's 700-acre pond, says they caught a load of fish, but the pond is fast drying up and they walked dry shod over land that always had to be traveled in boats. But crops are not suffering. Complaints are general, however, about wells drying up, and some farmers have to haul water from a distance for stock and household purposes.
