### NEWS FROM KANNAPOLIS

**Celebrating the Fourth—Y. M. C. A. Notes—New Buildings Going Up—Many More Interesting Items.**

The 135th birthday of Uncle Sam was celebrated here Tuesday in good style. The majority of our people in anticipation of the enjoyment in store for them donned their holiday clothes and appeared on the streets bright and early in order that nothing on the program might be missed. One would almost imagine he was at the State fair to see the boys selling souvenirs of every description. The proceedings of the day began at 8 o'clock on Main street with the 100-yard dash by a number of small boys. Martin Phillips won the prize which was a watch. The other prize winners follow: 100-yard dash, medium boys, won by Fred Sherrill; prize, base ball; 100-yard dash, large boys, won by Gordon Childers; prize base ball glove; boys' bicycle race, won by Shelly Allen, prize watch; girls' egg race, 50 yards, won by Miss Ella Sides, prize \$5.00 Kodak. Baseball game called at 10:30 a. m., Y. M. C. A. vs Cincos, won by Y. M. C. A.; score 11 to 7.

Climbing greased pole: won by Ethan Childers; prize \$2.00. Brown mule race, won by Mr. W. C. Goodnight; prize, box of Brown mule tobacco.

Swimming race, won by Lon Towell; prize, base ball glove. Medicine ball throw, won by Gillespie; prize, watch.

Boys' three-legged race, won by Earnhardt and Barnhardt; prize, two razor straps.

Boys sack race, won by Martin Phillips; prize, soda water ticket.

Wheelbarrow rolling, blindfolded, won by Martin Phillips; prize, box of cigars.

Ball game called at 5 o'clock p. m., Y. M. C. A. vs Cincos; won by Cincos; score 4 to 7.

There was no disorderly conduct all day, although the crowd was large. There were many visitors here from other towns, notably, Concord, Mooresville, Greensboro and Mount Pleasant. Space will not allow us to give the ball games in detail, but will say that they were witnessed by large and enthusiastic crowds, who cheered the players every time a good play was made. The Y. M. C. A. and Cincos will again cross bats Saturday evening at 8:30 o'clock on the Forest Hill diamond.

The Y. M. C. A. notes for the past week are as follows: Thursday night a good attendance at the larger boys' Bible class. The boys seem to take much interest in the Bible studies. Friday night, ladies' night. About 50 ladies enjoyed the privileges of the hall to themselves.

Saturday evening, ball team played Gibson mill team on the new diamond; score 7 to 8, favor of Gibson mill team.

Saturday night, moving picture show; large attendance as usual.

Sunday evening men's Bible class; very encouraging and of more than ordinary interest. The lemonade and cake were in evidence also.

Monday night the hall was taken up in preparations for the celebration of the Fourth.

Tuesday night about 350 were present at the show.

The Cannon Sluggers are practicing and expect to play some match games soon.

Mr. Owens, expects Mr. N. C. Schlichter to visit the Y. M. C. A. a few hours Saturday on a flying trip to other centers north of us. Mr. Schlichter is always welcome here.

Mr. T. B. Moore, formerly overseer of spinning in the Cannon mill here, but now overseer of carding and spinning in one of the Durham mills, at Durham, spent from Friday to Tuesday visiting his father, Mr. J. P. Moore. His many friends extended the glad hand of welcome to him. His mother accompanied him home and will spend a month with his family.

Mrs. S. L. Craig, of Charlotte, was here a few days last visiting her parents, Mr. and Mrs. G. B. Penninger.

Rev. K. W. Hogan, of Pineville, came here by request of the Baptist congregation and preached to them Wednesday night.

Rev. O. N. Marshall, of Durham, will preach to the Baptist Sunday morning at 11 o'clock.

We note that our old marrying parson, Rev. W. T. Talbirt, is keeping up his reputation since he moved to Concess, as he united a couple pretty soon after his arrival in Concord, and also preached to a large audience at West Concord church last Sunday. Mr. Talbirt will not be idle. We are glad to hear of his being well received in Concess.

The management of the mills here are having material laid on the ground for two buildings. One will be a brick structure, to be erected beside the store of Richmond-Sloan Co.; the other will be a large frame building to be used by the Patterson-Young Mercantile Co., who have had to in-

crease their room before on account of their increasing country trade, as well as the Kannapolis trade, in both furniture and hardware.

The Cannon mills now have their new 8-inch water pipes laid to Buffalo creek and are getting plenty of water and running on full time.

Rev. Dr. J. C. Rowe, presiding elder of the Salisbury district, preached here Saturday morning and held the third quarterly conference. He also preached Sunday morning and dispensed the Sacrament of the Lord's supper. Our people are always glad to hear him.

Rev. W. B. Shinn preached the third of a series of sermons on the Lord's prayer to a large congregation Sunday night.

Kannapolis, July 6, 1911.

Human Life is second in the combination and is one of the best one dollar magazines published. It is full of fascinating human interest stories and interesting articles by the best writers on all subjects that you want to know about.

Wilson and daughter, Miss Lucretia, of Winston-Salem; Mr. and Mrs. Wade Harris and daughter, Miss Annette, of Charlotte, and Miss Jettie Stewart, of Mooresville.

**Another Lineman Injured By Live Wire at Spencer.**

Spencer, July 6.—Entangled in a live wire 25 feet from the ground while at work on a telephone line, G. L. Williams, of Spencer, was seriously burned today. Twenty-three htnvolts of electricity passed through his body. He was employed by the Southern Bell Telephone Company in rebuilding the plant at Spencer. The accident occurred at the same spot and in the same manner in which another employe was dangerously hurt yesterday and which was witnessed by Williams. He is now in a hospital in a precarious condition.

**Is the Hot Weather Over?**

Chicago, July 6.—The backbone of the severest heat spell the country ever experienced has been broken in the Middle West by cooling showers and indications are that beginning to-night a moderate cool wave will set in giving relief to the parched districts.

The torridity of the week has claimed 700 lives in cities and towns alone crops are almost roasted in the fields; damaged corn and prices dropped, the result of want of rains. The deaths from heat in New York are 110; in Philadelphia 65; Chicago, 156; Baltimore, 11.

### HARRISBURG HAPPENINGS

**No Typhoid Fever in the Village.—Accident in Ball Game.—Personal.**

The question now under discussion is: When will it rain and what are we going to eat? We are very dry in this locality and unless we get rain in a day or two gardens will be a thing of the past.

It has been announced that everybody at this place was sick with typhoid fever. This is very much of a mistake, as there is not a case in the village. There is malaria, and among those on the sick list are, Miss Mary Grier, Laura Belle Taylor, Mr. D. B. McEachern and wife.

Mr. J. F. Alexander is back again at his post after having spent a few days at the Teeter spring.

In the ball game at Rocky River last Saturday Mr. Wirt Oglesby had the misfortune to sprain his ankle. He is able to be around some now.

Mr. Sam McEachern, of Linwood, spent a few hours at Mr. J. W. Taylor's Thursday.

The Harrisburg delegation took in the Brunswick stew at Rocky River grove last Tuesday evening. It was a very enjoyable occasion and the Misses Lapsley are to be complimented on the skill in manipulating such performance.

Mrs. S. A. Grier, Jr., is visiting her sister, Mrs. E. S. Ervin.

Miss Mary Penick Gourley is visiting her sister, Mrs. E. S. Ervin, at Ervin's siding.

The Harrisburg boosters were delightedly entertained on Thursday of this week by Col. N. J. McManus and Mr. Robt. Hartzell, of lower No. 10.

Harrisburg is building up and down. The railroad is erecting three new houses here and Mr. Glossen is punching several wells. Mr. C. L. Sims is going to build a handsome residence on the hill just across the creek.

The people of Harrisburg are sorry to hear of the extreme illness of Mr. W. J. Turner, of Locust. Mr. Turner was in business here for some time, and made lots of friends.

Chief Musician H. J. Alexander spent last night at Newell.

Messrs. Walter Long and Stafford Alexander are camping at the Teeter spring.

Miss Allen, of Bristol, who represents Sullin's college at that place, spent Wednesday with Miss Claude Teeter.

Harrisburg, July 7, 1911.

### CINCOS THE WINNER

**Defeat Locke Mill by a Score 3 to 1 in Fastest Game of the Season.**

In the fastest and snappiest game played on the local diamond this year the Cincos defeated Locke Mill yesterday afternoon by the score of 3 runs to 1. Bell and Johnson were the opposing moundmen and both issued fourth a good brand of the twirling goods, with the odds slightly in favor of the former. The Lockites sent a man around the diamond in the second and the Cincos managed to blow a ring in the fourth. Thereafter the game saw-sawed along with the score a tie, the cigar lads forming a formidable combination with equal force until the ninth when the combination became unreasonable two runs resulting and the game monopolized:

R. H. E.	
Locke Mill	1 7 3
Cincos	3 13 2

Batteries: Johnson and Goodman; Bell and Smith.

### Maine Explosion From Within.

Washington, July 6.—The loss of the battleship Maine was caused by the explosion of her three magazines. No such effect as that produced upon the vessel could have been caused by an explosion from without. Such is the opinion of Gen. William H. Bixby, chief of engineers, U. S. A., who has returned from a personal inspection of the work of raising the Maine.

General Bixby says that a portion of the deck over the magazines was blown upward and backward and that there are numerous conditions which prove this. No explosion from the outside, he says, could have caused the same result. "What the primary cause of the explosion was," said General Bixby tonight, never will be learned.

General Bixby does not believe that the Navy Department will find the bodies of sailors and officers on the main. He says that they are probably buried 200 feet or more from the wreck in the mud.

### Beer Sales Keep Pace With Prohibition.

New York, July 6.—No less than 63,000,000 barrels of beer were sold in the United States during the 12 months ending June 30 last, or 6.21 per cent., according to the annual report of the beer and whiskey sales made public here today by the United States Brewers' association. Notwithstanding the increase, which the report contends indicates that the country is prosperous, the spread of prohibition has affected the trade considerably, it is declared.

The whiskey bill of the United States for the year, according to the report, is \$146,973,000, an increase of nearly \$8,000,000 or 5.66 per cent. over the preceding 12 months.

### Wake Farmer Gets Sixteen Dollars for Bushel of Peas.

Raleigh, July 6.—That there is great money in the trucking business is shown by the high prices that are being obtained at present in this section for products. A farmer came to town today with two bushels of shelled old-field black-eyed peas, green, of course, and sold the two bushels for \$16—the rate of \$8 per bushel. He also had a bushel of okra which he sold for \$5. Several years ago a bushel of okra would hardly have brought \$1, while old-field peas would bring nothing like the prices today.

### Fined in Police Justice's Court.

W. C. Alexander, Allan Long and Jake Long, whose arrest in the back lot here Saturday created quite a sensation, were tried in the Recorder's court this morning, the two former on the charge of resisting an officer and profanity and the latter on the charge of resisting an officer. The three defendants submitted and Alexander and Allan Long were fined a total of \$25.15 in both cases and Jake Long was fined \$11.60 including the cost.

Mr. Alfred S. Miller and family, living a few miles south of Thomasville, were poisoned last week by food which had been put into a galvanized bucket and hung in the well over night. The food had been prepared for a wheat-threshing force the day before, Tuesday and on Wednesday for breakfast the family ate it heartily and soon had to call a physician. By heroic efforts the physician saved the family.

It may be that the prohibition laws cannot be properly enforced, yet it is a matter that should be given a fair trial.

Ice cream manufacturers in New York have been unable to keep up with the local demand during the hot wave.

### NORTH CAROLINA NEWS

**Items of News from all Parts of the Old North State.**

Monroe will in all probability have free delivery of mail in the near future. The receipts of the postoffice warrant it.

The Southport Leader is the first county newspaper to be edited by women. The new editors are Miss Emma C. Atwood and Mrs. Kate E. Griswold.

The annual Masonic picnic at Mocksville this year will take place on the tenth of August. The speaker of the occasion will be ex-Governor Charles B. Aycock.

Although it is impossible to get hold of the list of applicants for corporation commissioner to succeed the late Henry Clay Brown, it was learned Thursday that 15 or 20 patriots had already offered their services to their fellow-men. It is not believed that the list will be closed until at least 40 men have entered for the place.

Examinations will be held in several of the larger cities of North Carolina on August 5, to select examiners to investigate the titles of lands offered the government for purchase under the provision of the Weeks forest reserve bill. It is not known how many men will be needed, or the length of time they will be employed.

It is stated that Hon. Champ Clark, speaker of the house of representatives, began to lose the sun-gum of \$142.08 a day July 1 and will continue to drop money at this rate for as long as Congress shall stay in session. Mr. Clark has a contract with a lecture bureau in Chicago for \$1,000 a week, and can't keep it, because his party insists on staying in Washington until its legislative programme, agreed to at the beginning of the special session, is completed.

Eleven persons died from the effects of the heat in Baltimore Thursday and eight were prostrated.

### OUR HIDDEN CHECK

**Will Appear Next Week—\$5.00 in Cash to the Lucky Finder, \$15.00 in All to be Given Away.**

The Tribune will, the first of the coming week, carry a full page of advertisements of leading Concord business firms. In each ad which appears on this page there will be inserted one or more extra letters on misspelled words. These letters when picked out and correctly arranged will form a complete sentence which will describe the location or hiding place of a check which has been bid by this office, good for \$5.00 in cash. Keep your eyes on The Tribune for the next few days and you will have an opportunity of picking up some easy money. No strings tied to this proposition, the party who finds the check gets \$5.00 in cash. The page will appear once a week for three weeks, \$5.00 being given away with each issue.

Watch for the "Hidden Check" page.

**The Meeting at the Court House This Afternoon.**

The attention of the public is called again to the meeting this afternoon at 5 o'clock in the court-house in the interest of the Melver Loan Fund. While this work appeals very directly to all students of the Normal College, it deserves the consideration of every public-spirited citizen of Concord and of Cabarrus county. The task of raising \$1,000 in order that four needy—but ambitious—girls of this county may receive a college education is too great a one to be left entirely to the forty women who have attended the Normal College from this county. Your presence will be a great encouragement to them if you are unable to render no other service. The local Alumnae Association bids you "come!"
