**JOHN M. GOLESBY, City Editor**  
 Concord, N. C., July 13, 1911.

The pastor of the Washington Square Methodist church, in Hagerstown, Md., is a man of good sense. Last Sunday he called upon the ladies of his congregation to vote on the question of whether gentlemen should be allowed to remove their coats in church. The vote was unanimous in the affirmative, whereupon many of the becoated individuals immediately took advantage of the permission and proceeded to throw off their coverings. The Baltimore Sun aptly observes: "No man can keep himself in proper devotional frame of mind while dissolving inside a smothering coat at the same time that the thermometer is striving to establish a new altitude record for all times and all places."

Mr. E. B. Jeffers, special correspondent of the Greensboro News at Raleigh, in his letter to that paper of today has the following which will be of interest:  
 "Chief Justice Walter Clark is back in the city, but was not seen today. He has just been in the western part of the state and how successful his trip was cannot be learned. There are rumors that Chief Justice Clark is not getting as much support as he thinks he should. There is a little rumor about here that Chief Justice Clark feels a little bit sore that Editor Joseph Daniels, of the News and Observer, is supporting Governor Aycock in preference to him, especially when the platform of the chief justice as to trusts, initiative and referendum and his general course on the bench has fitted in so well with the Daniels point of view."

The doctors have got Bob Phillips all bunnfuzzled. This is the way he puts it in his paper today:  
 "It seems only a short time ago since the doctors advised people not to drink water at meals. Now a medical authority is quoted as saying it a good thing to do. First thing we know hookworm will be something else."

Mr. Eller lays it on a clerk at headquarters. Rather a bad admission, we think.

 Hay Fever and Summer Colds. Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. M. L. Marsh, Druggist.

**MEMORIAL SERVICE AT NEW GILEAD.**  
 Interesting Address by Rev. Barringer, and Organ and Mr. J. O. Fink.  
 Soon last Sunday morning people began to arrive at New Gilead for the Memorial service and by the time for opening a large number had gathered.  
 The opening consisted in songs by the choir, Scripture reading and prayer by the pastor, after which recitations were rendered by five girls. Also the song, "Tell Mother I'll be There," was impressively sung by a chorus of girls. Rev. Paul Barringer was then presented and gave an address for which no one was better fitted.  
 He spoke of the peculiar interest he has in New Gilead, having served as its pastor for 21 years.  
 Very touchingly he described finding the child in its mother's arms and laying his hand on their heads in baptism, of their growth, confirmation and marriage and of visiting them in their own homes and of how he had been burdened for their development into citizens of high character. He also paid a beautiful tribute to the faithfulness of those that labored with him, whose bodies lie in their graves near by.  
 A collection was taken to be used in cleaning off and beautifying the grave yard.  
 One enjoyable feature of the day was the dinner which was in abundance and most temptingly prepared. Warm hand-shakes, kindly greetings and a rehearsal of the past filled up the noon hour which seemed to pass all too quickly.  
 We were entertained in the afternoon by addresses by Bro. J. C. Fink and Rev. W. H. Cansey, of Concord. Bro. Fink said that he was taken by his sainted mother near half century ago to the altar in Gilead church and there consecrated to the Lord and in coming back Sunday he felt like he had gotten back home. His subject was: Time Past, Present and Future, and was full of rich thought, encouraging all to act for God in the present, live in the sunshine of His love and be controlled by love, for God is love.  
 Mr. Cansey spoke on our Sacred Heritage, Rejoicing in the heritage we have received from those that have lived before us both temporal and spiritual, emphasizing the importance of our being diligent in labor so that those coming after us should have a large heritage. He said there would likely be a day similar to this in 75 or 100 years, then what would those living see in the history of our lives that would inspire in them nobility of purpose.  
 With singing "When the Roll is called up Yonder," Benediction by Mr. Barringer, the Memorial service was a record of the past. D. C. C.

**Charlotte Citizen Killed Instantly by Lightning.**  
 Charlotte, July 12.—While standing in a doorway of his residence in the Chadwick-Hoskins village, a suburb of Charlotte, during a terrific electrical storm this afternoon, Thomas J. Capps was struck by lightning and instantly killed. The bolt struck the chimney and then flashed down to the doorframe, shattering it to fragments. Capps was turned completely around by the shock and thrown on his face.

**Deafness Cannot be Cured** by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by using the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
 We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**MISSIONARY DAY AT LUTHERAN CHAPEL.**  
 The Missionary Workers of Lutheran Chapel, near China Grove, N. C., feels that their year's efforts have not been in vain, for their closing work of the year on the second Sunday in July was the crowning success in the history of the Society. Each year finds them advancing in missionary intelligence as well as finances, which marks "onward" as their motto.  
 At 11 o'clock Rev. J. J. Long, pastor of St. John's, Cabarrus county, delivered a scholarly address based upon Acts 3:6, "Silver and gold have I none, but such as I have give I unto thee; in the name of Jesus Christ of Nazareth rise up and work." His eloquence soon grasped the attention of the crowded audience and led all to see how they could give something, and that all that was needed was a willing heart. At the close he satisfactorily met two of the greatest arguments of anti-missionary unbelievers. The address throughout was couched in language and delivered with clear diction. In appreciation of Mr. Long's services he was made a life member of the Woman's Society. The morning service was interspersed by music specially prepared by the choir. Conspicuous among the songs was the selection, "Nearer My God to be," as a ladies quartette by Misses Mary Boston, Lala Brown, Edna Brown and Mary Patterson. The forenoon collection, together with the birthday and thank offerings of the members of the society, amounted to \$42.61. In the afternoon the children and young people very creditably rendered the service, "Song of June tide." This was followed by an address by Mr. George Park, of the class of '11 of Roanoke College. In his address Mr. Park showed careful thought; imbued with true missionary spirit. In tender language he touched upon the great need of workers among the different nations; and lastly upon our own work in Japan.—telling why our forces are concentrated upon that great nation. The children brought in their mite boxes which contained the results of their efforts to increase a nickel. A prize had been offered to the one who had gotten the most. This was won by Master Frank Boston, whose box contained \$1.00. The prize was a beautiful 31-page book of Worship. The contents of the boxes returned with the afternoon collection was \$20.27, making for the day a grand total of \$62.88.  
 There is still a little more to come in from each of these two societies, and the Young Peoples' Society has not yet made any report of their work. This will come later. B.

**Honest Medicines Versus Fakes.**  
 President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley's Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains to day its pre-eminence above all other preparations of its kind. Foley's Pills are equally effective and meritorious. M. L. Marsh, Druggist.

**LIQUID CURES Eczema WHERE SALVE FAILS**  
 In regard to skin diseases medical authorities are now agreed on this: Don't impute the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.  
**WASH THE GREASY OUT.** A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.  
 A 25-cent trial bottle will start the cure, and give you instant relief.

**AWFUL PAINS FULLY DESCRIBED**  
 A Lady of Pizarro Tells Story of Awful Suffering That Cardui Finally Relieved.  
 Pizarro, Va.—"I suffered for several years," writes Mrs. Dorra A. Smith, "with that awful backache and the bearing down sensations, so fully described in your book.  
 "I tried doctors and other medicines and found little relief, until I was induced to try Wine of Cardui, when I found instant relief and today I can heartily recommend Cardui to all suffering women and think there is no other as good."  
 In some instances, Cardui gives instant relief; in others, it may take a little time. But in all cases of female trouble Cardui can be depended on to be of benefit, as it is a specific remedy for women and acts in a curative way on the womanly organs.  
 As a general tonic for women, to build up your strength, improve your appetite, bring back rosy cheeks and make you look and feel young and happy, nothing you can find will do so much for you as Cardui.

**Pellagra in Haywood.**  
 Thirteen cases of pellagra have been reported in Canton, and at a clinic conducted by Drs. Brownson and Glenn in the office of Dr. T. F. Reynolds the other day ten cases were present. Expressing its sympathy with the afflicted ones, the Canton Observer says that "the fact of pellagra in Haywood county is a protest against our farmers."  
 "God has never made a finer farming country than Haywood county and the Pigeon valley alone should make corn enough to feed the entire county. But we buy the western corn and wheat with the disease in packing, feed to our people and our best people die with these dread diseases, all on account of the fact that so many of our boys would rather wear tan shoes and silk stockings and clerk in a city store at 30 per cent, instead of pulling the bell cord across old 'Kit' and making a garden spot out of our beautiful country. And there is another thing that helps these conditions along. So many of our farmers like to see the ready money flow at once when they work and they cordwood or haul lumber when they should be making improvements on the farm. This is poor economy. Thousands of dollars every month sent outside for flour and meal, and disease brought into our splendid health country, when we ought to be shipping these things out, tells its own story."
