BASEBALL NOTES
 "Big Ed" Walsh is pitching regular championship ball for the Chicago White Sox.
 The Grand Rapids team of the Central League has been transferred to Newark, O.
 It is said that the Cubs are trying to buy Downey from the Cincinnati club.
 Catcher Numanaker, of the Boston Red Sox, is out of the game with a badly split finger.
 Elmer Fricke, the old Cleveland player, now with Toledo, has decided to quit the game and go into business at Cleveland.
 Owen Bush, of the Detroit Tigers, is likely to lead both major leagues in the number of runs scored during this season.
 Farmer Burns, who bought Frank Gotch to the front as a wrestler, has organized a baseball team and will tour the western states.
 Manager Jimmy McAleer will pick an all-star team to oppose the Nops in Cleveland in a benefit game for the family of Addie Joss.
 Mr. Franetto Sanguineta Pizola, otherwise "Ping" Bodie, continues to elude the ball and play a good game in the field for the White Sox.
 The National League race is a 120-horse power "dingsortner." Chicago, New York, St. Louis, Philadelphia and Pittsburgh are nicely bunched and running strong.
 If Vin Campbell can get in condition he will be a great help to the Pittsburgh team. Vin showed lots of class with the Pirates last season.
 Playing with a tail-end team doesn't seem to bother Bill Sweeney, of the Boston Rustlers. Bill is in the game all the time, and fighting until the last man is out.
 "King" Cole, of the Cubs, has shaved the top of his head to keep the hair from falling out. And he used to be a barber and sell bunk restorative stuff to his customers.
 What a difference in the two St. Louis teams this season. The Cardinals are right on the job, while the Browns are down so low that they have nearly dropped out of the American League standing.

 H. S. Birkett.
 Dr. H. S. Birkett, one of the leaders of the medical profession in Canada, was born in Hamilton, Ontario, July 17, 1864, and was educated for his profession in England. He began practice in Montreal and for some time was chief surgeon of the Montreal General Hospital. In 1899 he became junior demonstrator of anatomy at McGill University and later was made professor of laryngology at that institution. Among the high professional honors that have come to Dr. Birkett have been the presidency of the American Laryngological Association and the vice-presidency of the section of laryngology and otology of the British Medical Association.

DOWNWARD COURSE
 Fast Being Realized by Concord People.
 A little backache at first. Daily increasing till the back is lame and weak. Urinary disorders quickly follow. Dropsy and finally Bright's disease. This is the downward course of kidney ills.
 Don't take this course. Follow the advice of a Concord citizen.
 Miss Rosa Thompson, 138 Cedar St., Concord, N. C., says: "The cure Doan's Kidney Pills made in my case a number of years ago has been permanent. It gives me pleasure to continue recommending this remedy in a public way. For several years I suffered from weak kidneys and I often felt nervous and run down. I did not sleep well and seemed to have but little energy. My mother finally got Doan's Kidney Pills for me at Gibson's Drug Store and the contents of several boxes entirely removed the trouble from my system. I consider Doan's Kidney Pills worthy of all the praise that can be given them."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
 Remember the name—Doan's—and take no other.

REGAL SHOES FOR MEN
Cannon & Fetzler Co.

The Raleigh News and Observer, which all along has been understood to be opposed to Gov. Kitchin for United States Senator, has actually entered the fight against him. In yesterday's issue it says editorially that Gov. Kitchin "failed us in the war against the trusts," and that he was "committed to eternal warfare against these robbers of the people." On the first page of the second edition of the paper appears a very prominent article, under scare-heads, written by Mr. Manly L. Misenheimer, editor of the Madison Herald, who has always up to this time been a free-eating Kitchin man. In this article he tells of the disappointment of the people who supported Gov. Kitchin when, after election, he failed to fight against trusts as he promised to do when he was seeking the nomination. It publishes a letter from Senator James A. Lockhart, of Anson who details a conversation with the Governor in which, after the election, Gov. Kitchin said the level-headed, thinking people wanted nothing done. Mr. Lockhart was also a strong supporter of Gov. Kitchin. The Governor seems to be getting in deep water.

Don't Worry About Cotton Worms.
 This little news item sent out this week from Southern Pines will relieve the worry in many a cotton farmer:
 When Prof. L. C. Newman of the A. & M. College was shown the worms that are so abundant on the cotton in this section he smiled. The farmer who brought him the first specimens said: "We do not know what to do with them."
 "Do with them," said Prof. Newman. "Do nothing with them." That is the larva of the lady bird, the best friend the cotton planter has when lice are on his cotton. Those worms develop into the lady birds, which eat the lice. You let that worm alone and it will settle the lice question.
 Such information as that possessed by Professor Newman illustrates the value of the Farm Life school. A farmer trained in one of these schools would hardly have been worrying about those worms.

Gave Stock and Cattle Away.
 Mooreville Enterprise.
 Some of the older residents claim that the drought of 1911 is the most severe that has been experienced since the summer of 1811 when very little rain fell from May until September. All vegetation was parched and it is said that in some sections people gave away their horses and some cattle because they were unable to buy feed stuff and could not raise anything on the farms. These cases, however, were exceptional, although the drought of that period extended over a greater territory than the one of the present year.
 Those who have not realized the effects of the present drought will be very forcibly impressed if they try the market for any sort of vegetables. Corn is drying up and Irish potatoes are not larger than marbles.

Deafness Cannot be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring to the ear the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, hearing will be destroyed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc.

Spend Your Vacation at Ellerbe Springs.
 The hotel at Ellerbe Springs will open June 1st. Health and pleasure seekers will find this the most delightful place to spend a vacation in the state. The hotel is an elegant new one, with large spacious verandas, electric lights, baths, hot and cold water, and with daily mail and local and long distance telephone services. The ground are shady and cool the hottest days of summer. Many attractions here for the pleasure seeker. Health seekers will find the Ellerbe Springs water to be the best for the cure of indigestion, quick relief for Hay Fever and Asthma, and an excellent water for general debility and run down condition. A vacation at Ellerbe Springs will cost very little more than staying at home. The resort is reached via Seaboard to Rockingham, N. C., thence by automobile line to the Springs, 11 miles over good roads. For booklet and rates address **ELLERBE SPRINGS HOTEL, A. G. Corpening, Mgr., Rockingham, N. C.**

Fifty-nine thousand dollars was the amount paid Frank B. Kellogg, the Republican trust-buster, by the government, between 1907 and 1911. It is believed that Kellogg received as much, if not more, from the trusts. It was developed before the Stanley committee that in one instance he received fees from the steel trust while being paid by the government to prosecute its friends and ally, the oil trust. J. B. Reynolds, another trust-buster, received \$64,000 from the public treasury for his service in the tobacco and coal carrying railroad cases. In all the Republicans spent more than \$3,000,000 in ten years for "trust-busting," and the trusts are still with us.

Honest Medicines Versus Fakes.
 President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains to day its pre-eminence above all other preparations of its kind. Foley Pills are equally effective and meritorious. M. L. Marsh, Druggist.

Hay Fever and Summer Colds.
 Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. M. L. Marsh, Druggist.

New Parlor Car Service.
 The Southern Railway announced that effective with the first car westbound, Sunday, July 16, and first car eastbound, Monday, July 17, there will be operated a parlor car service between Greensboro and Wilmington via Sanford on Trains 130 and 131 which will greatly improve the service between these points.
 The management of the Southern is ever mindful of the public interest giving new and improved service wherever an opportunity affords. Its service on the main line between Washington and Atlanta is not excelled by any road, and it is adding accommodations on its branch lines in a very satisfying way.

WHAT BOB PHILLIPS SAYS.
 Bright and Pithy Comments From Editor of Greensboro News.
 Why this awful silence on the part of the other gentlemen who are tarred with the same stick?
 Mr. Maxwell says the "rule of reason" was applied—thus quoting the highest legal authority in the land.
 Now, what are they going to do about it, since Mr. Maxwell was not a Simmons man?
 Mr. Simmons' position is clearly defined; but that of his party is in doubt.
 Hot roas'n-ears for lunch, with butter running down your chin, makes you forget all about the duty on lumber!
 The scene shifts—the question is now between Chairman Eller and Mr. Maxwell, neither of whom are rated as Simmons men.
 Very dignified, but no quibbling or splitting hairs in Mr. Maxwell's letter, and he says positively that Chairman Eller did put his O. K. on that campaign document.

To Stop Wildcat Banking.
 Have you ever gambled or played poker? Have you ever played the races or speculated and way? Have you any tastes or habits extravagant in proportion to your means. Are you a member of the Young Men's Christian Association?
 These are some of the questions that will be asked by the state bank commissioner of men applying for permission to operate state banks in Oklahoma. In addition the applicant will be asked his financial standing, his occupation and a list of references as to his character in the community. This one of the means adopted by the bank commissioner, the governor and the state banking board to put an end to wildcat banking in Oklahoma.

A WEAK WOMAN AND HER STORY
 In Floral Ark., Lives a Lady Who Feels That Her Strength Was Restored by Cardui.
 Floral, Ark.—"I must speak a good word for Cardui," writes Mrs. Viola Baker, of this place.
 "About a month ago I was in very bad health. I was so weak and nervous that I was not able to do my housework."
 "My husband bought me one bottle of Cardui, the woman's tonic. I took it according to directions and now I am in good health."
 "I think Cardui is a fine tonic for weak women."
 And you are not the only lady who thinks so, Mrs. Baker.
 Thousands, like you, have written to tell of the wonderful benefit Cardui has been to them.
 Cardui contains no minerals, or other powerful drugs. It contains no glycerin or other unwholesome ingredients.
 It is just a pure, natural extract of natural vegetable herbs, that have been found to regulate the womanly functions and strengthen the female system.
 All druggists sell Cardui.
 See yours about it.
 W. B. Little, Lumber & Hardware Dept., Chicago, Ill., writes: "I have used Cardui for several years, and it has done me a great deal of good."

Kidney Diseases are Curable.
 under certain conditions. The right medicine must be taken before the disease has progressed too far. Mr. Perry A. Pitman, Dale, Tex., says: "I was down in bed for four months with kidney and bladder trouble and gall stones. One bottle of Foley's Kidney Remedy cured me well and sound." Ask for it. M. L. Marsh, Druggist.
The Health of Your Horse.
 The proper remedy for all horse strains, sprains or colic is Perry Davis' Painkiller. Be prompt and you'll save the horse suffering—save yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle costs 25 cents, one larger, 50 cents. Be sure your druggist gives you Perry Davis'.
 Family skeletons will soon be on exhibition at the bathing beaches.
