 Concord, N. C., July 25, 1911.

Every farmer and farmer's wife in this section should attend one of the three institutes to be held in this county next week. In order that all may have an opportunity to be present institutes will be held at Concord, Mt. Pleasant and Harrisburg. The lecturers who will conduct these institutes have had thorough preparation, and are said to be the best equipped set of lecturers that have ever gone out in the State. A woman's institute will be held in connection with each farmers' institute. It is especially desired that the women attend these institutes and take part in them. At the meetings special emphasis will be paid to health problems, economy in work, and in various other things of vital importance to the farm home. It is also desired that the boys and girls come out and attend them. If there are better ways of doing things the institute manager wants to find them out and get all our people interested in them. They want our North Carolina farm homes to be equal to any in the United States in equipment for efficient and economical work.

We acknowledge the receipt of an invitation to attend a meeting to be held in the Selwyn Hotel in Charlotte September 12 for the purpose of furthering the "Back Home" movement, which has obtained such an impetus. It is expected that on this occasion one of the greatest schemes to bring the people to North Carolina that has ever been devised will be inaugurated. Every effort will be made to induce all North Carolinians who have left the State for different parts of the west to return to their native State, the very best of them all.

The public was wondering all along during the time charges were pending against Secretary Ballinger, why Taft persisted in keeping such a man in his cabinet. It has now leaked out that when Ballinger was trying to slip the valuable mineral lands of Alaska to the Guggenheim-Morgan crowd that Charles P. Taft, a millionaire brother to the President, was also interested in the fraud that was about to be perpetrated on Uncle Sam.

Our Heavens of Song.
 Charlotte Observer.
 The Concord Tribune justly accords high praise to the prose poem in which Shepherd M. Dugger, the Bard of Grandfather Mountain, recently described for the Observer a dance at Blowing Rock. Could any words, in truth, embody more sense sublime than these? "Just as the saffron fan from the sunset gathered in its folds, men and women darted into the dance like meteors, and as the sweet zephyrs from the Grandfather whispered poems through the windows they glided metrically on the rhythmic pulse of music to the rhythmic meter of souls." Or than these? "The gaudily dressed couples were so thick on the floor that they looked like a wilderness of blooming rhododendrons stirred by a breeze." Shepherd M. Dugger is the Henry Blount of the mountains; Henry Blount is the Shepherd M. Dugger of the coast. As the New York Sun, an ardent but inconstant admirer of our melodists, should confess only in North Carolina can such Israelitic strains be heard.

Was Cured of Pellagra.
 Durham Sun.
 Mr. Cecil Pearson, of Chatham county, was in the city yesterday and while here told of his recent visit to Columbia, S. C., where she went in search of finding a cure for pellagra. Mr. Pearson stated that he was suffering from a bad case of this peculiar disease, and that his sister, Miss Dardie Pearson, died in the spring of the same disease. He says that he believes that he cure will be permanent.

Mr. Pearson is a son of Mr. Claud Pearson, who was supervisor for the fourth district during the taking of the last census, and is well known in Durham.

THE GOOD ROADS TRAIN ON ITS TOUR.

Successful Week Closed Saturday Night.

Walnut Cove, N. C., July 22.—The Southern Railway's special "Road Improvement Train," which is now touring the South for the advancement of the movement for better roads, finished its second week in North Carolina with an exhibition this afternoon at Walnut Cove. A representative crowd of citizens from the surrounding section was on hand to see the novel exhibits and hear the experts explain how good roads are built and kept in repair.

Throughout its stay in North Carolina, the greatest interest has followed the road improvement train, indicating that the people are awake to the economic importance of good roads and the fact that the movement concerns every individual. And on every hand the most favorable expressions have been heard as to the public spirit shown by the Southern Railway in sending the train out for the benefit of the people along its lines.

Honest Medicines Versus Fakes.

President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains to day its pre-eminence above all other preparations of its kind. Foley Pills are equally effective and meritorious. M. L. Marsh, Druggist.

Mormons Observe Pioneer Day.

Salt Lake City, Utah, July 24.—Pioneer Day, commemorating the arrival of Brigham Young and his followers in the Salt Lake Valley, July 24, 1847, was celebrated as usual today by the members of the Mormon church throughout Utah and in other States where the church has planted colonies.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the use of the Festschian Tube. When this tube is inflated you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken off, and this tube restored to its normal condition, hearing will be destroyed; never, never cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Money In Butterbeans.

Raleigh, July 22.—Speaking of the high cost of vegetables this season, John R. Upchurch, of this city is authority for a statement that George B. Gatling, a trucker who lives near the city, expects to obtain \$7 for the products of seven hills of butterbeans this year. Mr. Gatling has already sold more than \$15 worth from this collection of bean plants and the season is just beginning. For a while the shelled beans brought 30 cents per quart, but a smaller price may obtain the rest of the season.

GENERAL NEWS.

Three armed thieves invaded the heart of the Tenderloin at its gayest hour in New York Saturday night, smashed a Sixth avenue jeweler's show window, shot his clerk dead, seized \$5,000 worth of diamond rings and got away in a taxicab, pursued by scores of persons who had witnessed the murder and robbers.

Asiatic cholera has reached Boston and caused one death while two foreign sailors who are believed to have brought the dread disease there, after being taken ill, disappeared and their whereabouts is unknown, according to a statement given out officially today by Chairman Durgin of the Boston board of Health.

Infuriated at the command of the motorman to get back from the running board and remain in his seat until the car stopped, Faldo Mallak, a Syrian, 21 years old, suddenly drew an automatic revolver and fired ten shots into a crowded electric car on a North Adams, Mass., car line Saturday instantly killing the motorman, man, George E. Hoyt, of Pittsfield, and Miss Martha Esler, aged 21, of Adams, wounding two women probatee other women.

Senator Simmons has been invited to deliver an address before the National Good Roads Association at its meeting in Chicago the latter part of September and has promised to accept if his engagements at that time will permit. In extending the invitation President Arthur C. Jackson of the association desired 5,000 copies of Senator Simmons' speech on Federal aid to good roads to distribute in connection with its campaign for improved highways.

NO. 9 TOWNSHIP.

We are in need of rain; our crops are looking bad. Mrs. Frances Carter, of near Locust, is pending a few days in No. 9, with Mr. and Mrs. Paul Rinehardt.

Wheat threshing is about over in our neighborhood. We are expecting some cotton to pick soon, for the crops will be short through here.

All of our farmers are through laying-by their crops and are busy running their mowing machines, cutting grass and making hay.

Mr. H. A. Platt is having his well dug deeper this week for lasting water.

Mr. E. T. Best is having his house remodeled and some new parts added to it, at the old E. Best place.

The protracted meeting will start at Friendship church on July 30. Everybody welcome.

BLUE EYES.

Demonstration of Modern Plowing in Rowan County.
 Speer, July 22.—The large plantation of H. Clay Grubb, in Davidson county, near Spencer, was the scene today of a splendid demonstration of plowing by the International Harvester Company. With a 5-horsepower gasoline traction engine and a 30-inch disc plow attached, covering 8 feet of ground at one passing, the demonstration was all that could be desired. The discs cut the hard earth to a depth of 12 inches, although the ground was unusually dry. Only two men are required to operate the mammoth plow, which has a capacity for ten to twelve acres per day of ten hours, and the fuel cost is less than \$3. Besides several special representatives of the International Harvester Company, a large number of farmers from Davidson, Rowan and adjoining counties witnessed the demonstration. The closing feature of the day was a big barbecue, at which Mr. Grubb was at home to his many friends.

HAS DAUGHTER 9 YEARS OLD.

North Carolina Born Woman Attains Remarkable Age of 111 Years. Atlanta, Ga., July 23.—Mrs. Mary Trawick Proctor, aged 111 years, a real daughter of the American revolution, a woman who has lived in three centuries, when stirring events were making the history of nations, has just been located in an humble cabin in Bartow county, Georgia. Her sole companions are her daughter, Miss Mary Proctor, aged 90, and two great-grandchildren, descendants of another daughter, all who are left of six generations of her family.

Mrs. Proctor was born in Wake county, North Carolina. She is the daughter of Wiley Trawick, who left North Carolina about 1800 and later moved to Alabama, where Mary was married to Hiram Proctor when she was 19 years of age. She was Proctor's third wife. Her husband was a veteran of two wars, the revolution and the war of 1812.

On a bed of straw, constituting a mattress so thin that the rough plank slats can be seen, this daughter of the revolution lies, her form emaciated, skin wrinkled, almost a skeleton. Her aged daughter, never tiring of her feeble efforts to give her mother every possible comfort, administers for her wants and tills the soil in a small cotton and garden patch nearby. The meager profits derived from this labor she adds to the \$12 a month pension Mrs. Proctor receives for the services her husband rendered in the war of 1812.

Greatly reduced rates will be had for this occasion from all points in North Carolina and will be good to return on any regular train up to and including trains leaving Wilmington, August 6.

Following round-trip rate will apply from stations named:
 Charlotte\$4.15
 Concord 4.15
 Salisbury 4.15

Hay Fever and Summer Colds.

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1634 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. M. L. Marsh, Druggist.

This investigation business has been going on quite a while and still we have not found the "good little trusts" as Roosevelt used to call some of his pets, that contributed so liberally to Republican campaign funds.

ALL MY PIMPLES GONE

Girl Tells How a Blemish Spot Was Cleared by a Simple Wash. "I was bothered by my face," writes Miss Minnie Pickard of Alamahaw, N. C. "It was all full of pimples and scars but after using D. D. D. Prescription I can say that now there is no sign of that Blemish, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities. The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble. D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

TERRIBLE STRAIN RESULTED NOT AMISS

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women. It will surely help you, as it has helped thousands of others, in the past 50 years.
