## THE GAME SATURDAY.

**Locke Mill Defeats Highland Park by a Score of 5 to 0.**  
In a game characterized by the magnificent pitching of Swaringen and the gilt edge support accorded him by his teammates, Locke Mill defeated North Charlotte Saturday afternoon by the score of 5 runs to 0.

**Morris Was There With the Wallop.**

The game was witnessed by a good crowd and was fast and snappy all the way. Morris, the Lockites right fielder, was the most effective willow swinger while Clark and Sapp's fielding formed the other features for the locals. Graham heaved up a collection of shoots and benders that had the Locke boys guessing but received

**Graham Made Nine Perform This Act.**

indifferent support. He fanned nine and Swaringen eight.  
R. H. E.  
Locke Mills...100 003 01-5 7 1  
Charlotte...000 000 000-0 3 8  
Batteries: Swaringen and Goodman; Graham and White.

## Hurt By Accident While Playing.

Little Miss Lane, the 13-year-old daughter of Mr. Henderson Overcash, of Enochville, was seriously injured Saturday afternoon while playing with the 9-year-old daughter of Mr. Ross Cox. In some way the little Cox girl struck the little Overcash girl in the stomach with her hand, causing a rupture of the stomach from which peritonitis developed. The little girl suffered intense pain and for several hours it was thought she would die. Dr. Withers, the family physician, sent for Dr. Stokes, of Salisbury, and after a consultation it was decided to take her to Salisbury for an operation. She will probably undergo the operation today.

## Champ Clark Not in it.

Wilkes-Barre, Pa., Aug. 5.—In a letter to Editor Perry Faust, of the Weatherly, Pa., Herald, Champ Clark, Speaker of the House of Representatives, declares he is not a candidate for President. He says: "I want to thank you for the things you have said about me in connection with the Presidential nomination and otherwise. While I am not a candidate for President and may never be, I consider it a great compliment to be thought of or mentioned in that high connection by my fellow-citizens."

## Linotype Now Sets Arabic.

New York, Aug. 5.—Crowds of Syrians and their American friends today thronged the office of the Al-Hoda (meaning the Guidance), a Syrian newspaper, at 61 West street, to see their new linotype machine set up Arabic type as easily as English. Although Arabic is the speech of more than 60,000,000 persons and many newspapers and books, including the Koran, are printed in that language, the machine seen today is the first in the world to set type in Arabic form.

This time of year a man's money runs much to waist.

## AT COLD SPRINGS CHURCH.

**First Service in the Handsome New Brick Edifice—One of the Best Churches in the State.**

The handsome and commodious brick church recently erected by the Methodist congregation of Cold Springs was formally opened yesterday with two services, morning and afternoon, both of which were conducted by the pastor, Rev. N. R. Richardson. Practically the entire membership of the church was present together with a number of visitors from other denominations, and several from Concord.

The church is of brick and is built of the best of materials along the lines of the most modern architecture, having a seating capacity sufficiently large to amply take care of the needs of the congregation and community. The church is located in a magnificent oak grove consisting of fifteen acres and nearby is one of nature's most delightful gifts—a spring of cold water, the fame of which is known far and wide, and it is from this the church was named.

Cold Springs church is by far the handsomest country church ever built by a Methodist congregation in Cabarrus county and few, if any, handsomer churches can be found in the country anywhere in North Carolina. The edifice reflects not only great credit upon the congregation of Cold Springs but upon Cabarrus county and throughout its future history will prove one of that section's most valuable assets.

Nowhere is there to be found a more loyal or earnest congregation of workers than at Cold Springs church and to this fact, coupled with the never tiring zeal and energy of the pastor, Rev. N. R. Richardson, is due the erection of the church. When it was first considered to build a church as modern and commodious as the one just finished there was a feeling among a number of the congregation that they were not able to assume such a task, but after considering the matter thoroughly they decided to build the church. They went about the task with an enthusiasm and a unity of purpose that soon accomplished great results and under the guiding hand of Mr. Richardson the building was soon a reality.

Yesterday was a great day for Cold Springs church, marking an epoch in its great history and it will now no doubt increase its powers and continue through the years to come to be even a greater and more vital force for good in the community.

## Majolica Wreck Victim Dies in Sanatorium at Salisbury.

Salisbury, N. C., August 6.—Richard Taylor Wilson, three and a half-year-old son of Mr. and Mrs. Richard Clark Wilson, of New Orleans, who was injured in the wreck of Southern Railway passenger train No. 22 at Majolica, 5 miles west of here, Friday afternoon, died here this afternoon at 1 o'clock in the Whitehead-Stokes sanatorium. The body will be sent to Mobile, Ala., for burial. The boy's mother, who was also injured in the wreck, has so far recovered that she has been discharged from the hospital and will accompany the remains to Mobile. Mr. G. S. Taylor, the lad's grandfather, is yet unable to leave the hospital. Mr. Wilson arrived in the city last night and will, with his wife, accompany the body to Mobile. Mr. Wilson drove out to the scene of the wreck this afternoon and viewed the demolished chair car, which was hurled down a thirty-foot embankment.

The other injured at the sanatorium are steadily improving. The railway officials are still making an investigation of the wreck, but thus far have not determined the cause. The prevailing opinion is that it was due to spreading rails.

## Offers New Cotton for Delivery.

The first offer of new crop cotton for delivery to the Carolina mills was received by the well-known local cotton firm of Rose, Webb & Co., yesterday. The Charlotte concern was negotiating for some of last year's cotton when the tender of new crop cotton was received. It was quoted as strict middling and was offered at 12.75 cents delivered. The offer was made by a house in Macon, Ga., and it is the first of the kind of the year.

## Homecomers at London.

London, Ont., August 7.—Special trains from all directions are bringing homecomers for the annual "home coming" festivities in London this week. Delegations have arrived from many points in western Canada and from Chicago, Detroit, Buffalo and festivities will continue through the entire week. The city is splendidly decorated for the occasion.

The millionth patent issued by the United States patent office was announced by Commissioner Moore Saturday. It is for a puncture proof tire for automobiles and other vehicles. The inventor is an Akron, Ohio, man.

See The Times for job printing.

## PERSONAL MENTION.

**Some of the People Here and Elsewhere Who Come and Go.**

Miss Maude Brown is spending the day in Salisbury.

Mr. C. A. Forrest is spending the day in Salisbury.

Miss Ida Dorton, of Salisbury, is visiting in Concord.

Mr. and Mrs. W. A. Overcash spent Saturday in Salisbury.

Rev. T. W. Smith is spending the afternoon at China Grove.

Messrs. P. B. and C. E. Raeford spent yesterday in Charlotte.

Mr. W. L. Morris left this morning for Newton on a short business trip.

Mrs. Plato Durham will leave tomorrow for Bessemer City on a visit.

Capt. L. A. Brown left Saturday night for Camp Glenn to join Co. L.

Mr. N. A. Archibald has returned from a week's visit to Jackson Springs.

Miss Jenette Lentz left this morning for Columbia, S. C., to visit friends.

Mrs. L. F. Brunt, of Greensboro, is visiting her sister, Mrs. J. F. Honeycutt.

Mr. Oscar Beasley, of Randleman, spent yesterday in the city with Mr. W. B. Ward.

Mr. George Means will leave tomorrow for Ocean View, Va., to spend two weeks.

Mr. Henry Smith went to Durham this afternoon, taking Mr. Buck Lyon's Interstate car.

Mr. W. B. Bruton left this morning on a two weeks visit to Philadelphia, Rochester and Canada.

Miss Sue Nicholson left this morning for Rocky River Springs, where she will spend two weeks.

Rev. S. N. Watson will leave tomorrow for Travelers' Rest, S. C., to spend a two weeks vacation.

Mr. Guy Bost has returned to his home in Durham, after visiting relatives in the city for a week.

Miss Rose Willeford and Miss Frances Ridenhour have gone to Asheville to visit Mrs. R. O. Whitehead.

Miss Helen Arceby and Mr. William Sherrill went to Lexington this afternoon to attend a party there tonight.

Mr. W. T. Johnson has returned to his home in Jackson Springs, after visiting friends in the city for several days.

Miss Lucy Brown has returned from Tarboro, where she has been visiting Miss Eliza Pender for several weeks.

Mrs. L. D. Coltrane and children, Tom and Marian Louise, left this morning for Gastonia to visit Mrs. D. A. Garrison for a week.

Mr. Claude Ramsaur returned Saturday from a trip to Western North Carolina. Mrs. Ramsaur is now at Kanuga Lake, Hendersonville.

Mr. Joseph Waddell, of Texas, who has been visiting his brother, Mr. L. H. Waddell, left this morning for Union county to visit relatives.

## Baggage Man to be Placed at the Depot.

Agent Cannon of the Southern Railway has received notice authorizing him to employ a man to check baggage at the depot. Several months ago The Tribune pointed out the necessity of such a man at the passenger station in order that the traveling public might secure their tickets and checks without being forced to wait in line for a long time. It will be gratifying news to the people of Concord that a baggage man will be employed.

## Widenhouse Reunion.

The annual reunion of the Widenhouse family will be held at the old homestead in No. 9 township, where John P. Cox now resides, on Wednesday, the 16th of August, 1911. All descendants of the Widenhouse family are requested to be present. Come and bring well filled baskets.  
P. F. WIDENHOUSE.

## Insane Man Cured by Shock.

Newark, N. J., August 5.—Frank Teeling, an insane hospital patient, has been cured of insanity by the shock of a collision between an automobile and prison van in which he was being transferred. Teeling developed symptoms of violent insanity while in jail on a drunkenness sentence.

## "Was" or Is?

Charlotte Observer.  
Attorney General Bickett, in his Appalachian commencement speech at Boone, is reported to have said, in effect, that Maj. W. A. Graham, Commissioner of Agriculture, was doing more for the farmers than any other man in the State.

## AFTER THE BOLL WEEVIL.

**Southern Railway to Advise Farmers How to Maintain Cotton Production Under Boll Weevil Conditions.**

Washington, D. C., August 7.—President Finley, of the Southern Railway Company, realizing the possibility of the further spread of the Mexican cotton boll weevil in the eastward, is taking steps to advise farmers in the territory along the lines of the Southern Railway Company, Alabama Great Southern Railroad Company, the Mobile & Ohio Railroad Company, and the Georgia Southern and Florida Railway Company, in localities to which there is even a remote possibility that the weevil may spread, as to the methods that must be adopted for maintaining cotton production under the boll weevil conditions. Farmers west of the Mississippi river, where the weevil has been present for several years, have learned how to grow cotton successfully in spite of its presence. They have learned this lesson generally at the cost of short crops for two or three years. In the fall of last year President Finley organized a Cotton Culture Department, in charge of Mr. T. O. Plunkett, with headquarters at Chattanooga, Tenn., with seven field agents to work in those localities where it is possible that the weevil may eventually appear. Mr. Plunkett and all the agents of this department have had practical experience in the growing of cotton under boll weevil conditions. All of the expenses of the Cotton Culture Department are borne by the participating railways and the services of its agents are absolutely free to all farmers along the lines of these railways.

The work of this department has been so successful and the services of its agents have been so highly appreciated by the farmers that President Finley has determined to extend the work further eastward.

Fortunately, the cultural methods advised by the Cotton Culture Department are identically those which the late Dr. S. A. Knapp, of the United States Agricultural Department, recommended for increasing the production of cotton whether the weevil be present or not. Farmers throughout the cotton belt will, therefore, find it profitable to adopt these methods, even though the weevil may never spread to their farms.

As a further step in aid of the work of the Cotton Culture Department, President Finley has prepared a circular letter incorporating Dr. Knapp's advice which is being distributed to farmers in all cotton growing territory along the lines of the railways above mentioned. Farmers along the lines of these Companies may obtain copies of this circular letter by addressing W. W. Finley, President of the Southern Railway Company, Washington, D. C.

## Plenty of Showers.

Washington, Aug. 6.—Cool weather will continue throughout the present week and local showers will be numerous, according to the forecast issued by the weather bureau tonight. The forecast says:

"The distribution of atmospheric pressure as shown by the weather map of the northern hemisphere is such as to indicate that there will be no unreasonably warm weather in any part of the country during the coming week, and temperatures will average near or below the normal generally. The precipitation during the week will be local, but fairly well distributed over the greater part of the country from the Rocky mountains to the Atlantic coast. The principal barometric depression to cross the country during the week is now forming over the western plateau region; it will cross the middle West about Wednesday and the Eastern States Friday or Saturday."

## FOREST HILL NEWS.

**A Good Game of Ball—Mr. Miller Returns to Kannapolis—Persons.**

Mr. J. A. Fowler spent Saturday in Charlotte, and was accompanied home by his brother, Mr. Jas. A. Fowler, who spent Sunday in this city.

Mr. Frank Crooks will spend a few days in Salisbury this week with friends.

Messrs. Jno. McInnis and Luther Jones have returned from a visit to relatives at Mt. Gilead.

Mr. J. A. Baker is spending a few days in Rockingham with home folks.

Mr. John Simpson and family of Durham arrived in the city Saturday and will visit Rev. Jacob Simpson for a fortnight.

Messrs. Leroy Watson and Eli Goldson were Charlotte visitors last week.

Mrs. A. W. Emerson, of King's Mountain, who has been visiting her sister, Mrs. A. C. West, on Church street will return to her home today.

Miss Lou Faggart is visiting relatives in Mooresville this week.

Mr. J. W. B. Miller, who moved his family here several weeks ago from Kannapolis to work at the Brander mill, will return to Kannapolis this week to live.

Mr. W. T. Linker has returned from a week's vacation spent at or near Wilmington, and of course, had a great time.

Mr. E. E. Stratford and father-in-law, Mr. Sloan, of Charlotte, spent Sunday in the city with home folks.

An extra good game of ball was played Saturday afternoon between Locke Mill and North Charlotte, the team with the near 100 per cent. winnings. The score was 5 to 0 in favor of Locke Mills. The near-perfect pitching by Swearingin and good support by the team did the work.

## COTTON CROP OUTLOOK SOMEWHAT DARKENED.

**Boll Weevil, Army Worm and Caterpillars Are Getting in their Deadly Work.**

Memphis, Tenn., Aug. 6. The commercial Appeal tomorrow will say:

Crop reports are less uniformly favorable than heretofore. Excessive rain has fallen in the Mississippi Valley States and in Oklahoma, while North and South Carolina have suffered from drought and shedding. Boll worms, army worms and caterpillars have appeared in many countries in Texas, Mississippi and Alabama and the excess of moisture for the season makes some of the planters fear rust and blight and an excess of plant growth. These conditions make the situation rather less satisfactory, but the outlook is still excellent, as the damage from these troubles has not been heavy.

The plant has grown large and seems very healthy in all States save the droughty districts of the two Carolinas and a little portion of northern Texas. It has taken fruit well and if the present crop set on the stalk is matured the yield will be a large one.

Picking has been delayed by the abundant moisture supply and the crop will not move as early as expected in the central and eastern States for this reason.

Boll weevil damage has been very slight up to the present and the crop in the infested districts promises to turn out well.

A gradual return to dry, warm weather is desirable.

## NARROW ESCAPE FROM DEATH.

**Small Boy's State Library Why He Was not Killed is a Mystery.**

A small boy, whose name has not yet been learned, had a narrow escape from death Saturday morning about 8 o'clock on Crowell street by picking up a live wire containing 2300 volts of electricity. A wire rubbed against a tree there Saturday morning and soon burned into, when the end connected with the power house began to do stunts resembling a spitting devil in action when it struck the wet ground. Mr. L. A. Fisher, of the light department, was notified and hurried to the scene. Just as he arrived a small boy, who had been playing in a yard nearby with a number of other little boys, ran out and picked up the wire. Mr. Fisher shouted to him to drop it which he did, but he showed no signs of being shocked or that he had done anything unusual. When asked by a line man if he was shocked he replied that he was not. Mr. Fisher says that he is at a loss to know why the boy was not killed instantly, as he was standing on wet ground and picked up the wire that certainly contained 2300 volts of electricity.

## They Kissed and Made Up.

Statesville Landmark.

Messes V. Lindsay and Alice and Edna Teaster, cotton mill operatives, were arraigned in Justice Turner's court Saturday afternoon for an affray at the Statesville cotton mill. The evidence disclosed that while V. and Alice had scuffled considerably—pulled hair and scratched each other—Edna had entered the ring as peacemaker and had done no wrong. The court was at a loss to know just what to do with the two offending girls and proposed to them that if they would "kiss and make up," and pay half the cost, and promise to be good hereafter they could go. The proposition was accepted and in the presence of the court the former combatants embraced and kissed and then contributed \$1.62 each, and the case was dismissed.

## Great Gathering of Sheriffs.

Omaha, Neb., August 7.—This city can boast of an unusual plethora of sheriffs today, there being nearly four hundred of these officials in the city. More than 300 of them, representing various sections of the United States, are attending the national sheriffs' convention, which opened here today, while the rest are members of the Nebraska Sheriffs' Association, which opened its annual convention at the same time. The two conventions will have three business sessions, but the greater part of the three days of the gathering will be devoted to recreation and sightseeing.

## Advertised Letters.

The following unclaimed letters remain in the Concord postoffice week ending August 7, 1911:

Men.  
Ashley, R. M.; Beasley, Sloan, Clark, H. L.; Davis, Rev. J. F.; Evans, Edward; Hartwell, W. L.; Jordan, Ely, Lytle, J. E.; Littleton, L. W.; Moore, Berrie, Maxwell, W. M.; Parks, P. L.; R. J. R.; Pope, T. A.; Ritchey, P. L.; Ritchey, Walter; Stanford, Edw. R.; Sprull, R. H.

## Women.

Barrette, Mrs. Susan; Bostie, Mrs. Claud; Carter, Mrs. Annie; Edwards, Ellen; Ervin, Sallie; Hill, Lillie; Little, Mrs. Ollie; Love, Teaner; Mitchell, Mrs. Nancy; Spaid, Ethel; Stephens, Mrs. Luther P. A.

When calling for the above please say "advertised."

M. L. BUCHANAN,  
Postmaster.

## Hired Horse and Buggy and Hasn't Returned Them.

Mr. George Carl is busy today looking for a horse that was hired from his stable yesterday morning and has not yet been returned. The horse and buggy were hired by a man who gave his name as Goodman and said he wanted to go to Glass. Since the man drove away with the horse nothing has been heard from him and all efforts to locate either the man or the team have failed.

## At a pinch the British lords gave up their political convictions to hold fast to their social positions.

The distribution of atmospheric pressure as shown by the weather map of the northern hemisphere is such as to indicate that there will be no unreasonably warm weather in any part of the country during the coming week, and temperatures will average near or below the normal generally. The precipitation during the week will be local, but fairly well distributed over the greater part of the country from the Rocky mountains to the Atlantic coast. The principal barometric depression to cross the country during the week is now forming over the western plateau region; it will cross the middle West about Wednesday and the Eastern States Friday or Saturday."

## Money in Your Shoes

If you were right sure that inside of every pair of Shoes you bought here during the next few weeks you would find 50c pieces, \$1 and \$2 bills, you'd buy some Shoes, wouldn't you?

Well, you can find it, and it's yours honestly and squarely. Keep it—the only difference is, we hand the money back to you in change, instead of putting it inside the shoe.

Men's, Ladies', Boys', Misses' and Children's Summer Footwear must be sold regardless of cost as we will sell New Goods next season.

Don't miss this Great Shoe Opportunity.
