Entered as second class mail matter April 25, 1914, at the postoffice at Concord, N. C., under the act of March 3, 1879.

JOHN M. OGLESBY, City Editor.
Concord, N. C., August 14, 1911.

The morally stunted at Montclair, N. J., have proposed a bold and unique scheme to give the thirsty citizen of that prohibition town the beer they don't need.

Speaker Champ Clark has announced that he is heartily in favor of a national road building policy.

Subterranean Sea in Texas. San Antonio, Texas, Aug. 14.—The discovery of a subterranean sea in Hale and Lubbock Counties confirms the recent geological investigations tending to show that there is an underflow from the Rocky Mountains sweeping across New Mexico, the "Panhandle" and southwestern portions of Texas.

It is contended that this stream is the source of many springs such as those which form the headwaters of the Guadalupe river near New Braunfels, Texas, the famous San Pedro springs in this city, the Carrigo springs in Dimmit county, the various flows at Sutherland springs, in Williamson county, and a series of springs forming the headwaters of the Nueces and those which pour constant streams into the Devil and Pecos rivers.

Personal Notices. Editor Way, of the Henderson Gold Leaf, has announced the inauguration, in his shop, of a novel scheme of reform in the matter of printing personal notices.

The Gold Leaf has come to the conclusion that it can find a better use for its news columns than to fill them up from week to week and month to month with the doings and movements of people who have not enough pride in their own community to help support a good local paper.

A Live Community. The citizens in the community of St. John's church in Cabarrus county are alive to their best interest.

THIS IS MY 46TH BIRTHDAY.

August 15. Edwin L. Norris. Edwin L. Norris, the present governor of Montana, was born in Cumberland county, Kentucky, August 15, 1865. He received his education in the country schools, and in 1886 graduated from what is now the Western Kentucky Normal School. During the next two years he was engaged in teaching school at various points in Kentucky, Tennessee and Texas. His spare time was spent in the study of law. In 1888 Mr. Norris moved to Montana, and during the next year he finished his legal studies and was admitted to the bar. In 1896 he was a successful candidate on the Democratic ticket for the Montana senate, and four years later he was elected lieutenant governor on the ticket headed by J. P. Toole. Mr. Toole and Mr. Norris were the only two Democrats elected on the ticket that year. In 1903 Governor Toole resigned, and Mr. Norris became governor, and in 1908 he was re-elected.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for its list of testimonials. Address: F. J. CHENEY & Co., Toledo, Ohio.

—Cost Plus 5%
Note the Money-Saving Price Stamped on the Sole
No guess work about these new Regal prices. The price is stamped right on the shoe—at the factory. And it isn't stamped on until chartered public accountants have figured the cost of manufacture and of marketing and added the Five Per Cent. Commission.
These accountants pay no attention to the old-fashioned superstition of "even money" prices. All they care about is an accurate, close-fitting price.
The chief thing that Regal designers care about is to put just as much Value—just as much Style and Comfort and Wear—as they can squeeze into each shoe.
The thing you care about in shoes—namely, big value in a close-fitting price—you're sure to find in Regals.
