PARAGRAPHS.

Turkey is charged as the cause for war, with cruelty, murder and having property that other nations want.

When a woman becomes very prominent they begin telling the truth about her age.

"Duped and delivered" is Colonel Waterson's comment on the result in Canada. Alliteratively speaking that is the best criticism we have seen.

"Atlanta won't take commission government in her's." It's about the only thing Atlanta won't take if she gets an opportunity.

Why should it have any political significance when people are polite to a president when he passes through?

Uncle Isaac Stephenson's campaign expenditures seem to have been governed by the scriptural injunction. He did not let his right hand know what his left hand was doing.

Drones on a Town. Salisbury Post. The High Point Enterprise says: "A man with a paper in his hand for which he was paying \$8.00 a year came in and wanted some special consideration from his home paper, which he has only been giving a half-hearted, and sometimes compromising support. He didn't get it, nor will he have shut down on such people as these. We don't need them—neither as far as this paper is concerned we do a live community."

Every town unfortunately has some of this class of persons. They call upon their home paper to advertise their business—to say when they are out of town and when they will return but never a cent do they give the editor to help pay his expenses. The chances are they will say the town has no paper, and if they do admit it they say there is nothing in it.

These are the sort of citizens that do a town no good. The way to have something is to pay for it—put hard dollars in it. The publisher will soon go broke if the people expect him to print a live paper and not give him their support.

Salisbury, we are sorry to say, has a few of this kind of people.

Could Have Bought it Cheaper at Home. Newton News. A Newton lady recently purchased an elegant coat suit in Charlotte for \$30. On her return to Newton she found a suit displayed that looked so much like hers that she inquired as to the price, and found it \$22.50. Later upon comparing it, it was found identical with the exception that the Newton article was perhaps a little heavier. She was surprised. Seeing a lady's long coat displayed, she stated that one just like it had been offered her by the Charlotte firm at \$12.50. The Newton price was \$8.50. Newton people who think to secure better values in large towns will usually find that they pay more for the same thing than they would have to do here, because, for one good and sufficient reason, the expenses of the small town merchant are far less than the city merchant. If prices were the same, or even if the city price were a little less, Newton people who make a living by dealing with Newton folks ought to spend their money at home; for if their patrons followed their example, they would have to go out of business.

Homicide Cases on Buncombe County Docket for Trial. Asheville, Oct. 17.—It is probable that never before in the history of Buncombe county were there so many homicide cases on the docket for trial and the docket is greatly congested. Jailer Jordan says that he now has 40 prisoners in jail awaiting trial. There are more than 100 cases now on the docket for trial. The homicide cases are Lawson Dougherty, who killed Milton Manby at Black Mountain several years ago. W. Pitt Ballow, charged with the killing of his nephew, "Buck" Trivett, on Park avenue a few weeks ago. W. J. Holland, of this city, rests in the county jail in default of bond for the killing of James Edwards, of West Asheville, and Ernest Webb, aged 14, for the killing of his 13-year-old sister, Mary Webb, in the Newfound section two weeks ago.

The Good of a Recorder's Court. Greensboro Record. Only two prisoners are in the county jail at this writing and one of them is a United States prisoner. For this state of affairs the municipal court is responsible. Judge Ears is doing business and defendants are learning that an appeal to Superior Court does not do good. Court being held every day, defendants are not permitted to remain in jail, but go direct to the courts or to the county roads where they are made to work.

WHAT JOE KING THINKS.

Some Easy Comments from the Bright Paraphraser of the Durham Herald. Judge Harmon is a pretty big man to have at our state fair even if the date was arranged by his campaign manager.

But they would not be hauling it around in covered wagons and stop carts if they did not find a ready sale for it.

As the matter now stands Mr. Taft has talked too much to please the standpatters and done too little to please the insurgents.

Considering that they were playing on their own grounds the victory of the Giants was not of a character to set their admirers to bragging.

Conditions in most towns that are governed in the old way could be better if those elected to manage affairs went in with the idea of making them better.

The police have probably ninety-ninths of the blind tigers of the town spotted, but this is not evidence and unless the people supply this conviction cannot be secured.

China should be careful that her revolution does not give some of the powers the opportunity and the excuse for grabbing something they have been wanting.

The people are not complaining that the governor pardons a poor negro now and then, but when the influential friends of a criminal make a pull for him and the pull has its effect, they feel that they have the right to kick.

AFTER LONG ILLNESS. Mrs. Schwartz Was Very Weak—Vinol Made Her Strong.

When we tell you that Vinol is the best remedy in all our large stock for making weak people strong and vigorous, we are only telling you what has been proved hundreds of times.

"I then determined to give Vinol a chance to help me and it is most satisfactory. My strength has been built up and I know that Vinol has been of great benefit to me."

If you are weak and rundown from any cause, let Vinol (our delicious cod liver and iron preparation, without oil), build you up and make you strong. We guarantee that it will—if it does not we give back your money. Try Vinol today. Gibson Drug Store.

If you suffer with backache, urinary troubles, or any form of kidney trouble, the advice contained in the following statement will add a valuable asset to your store of knowledge.

What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of Concord citizens who have been permanently cured?

Mrs. L. M. Moser, 242 N. Union St., Concord, N. C., says: "I have used Doan's Kidney Pills and in return for the benefit they brought me, I strongly endorse them. I was in poor health and was suffering from symptoms of kidney complaint when I got Doan's Kidney Pills at Gibson's Drug Store. They cured me and at that time I publicly recommended them. During the past three years I have endorsed this preparation at every opportunity and have considered it a pleasure to do so."

The Burglar Scare in Monroe. The Enquirer.

Within the past few weeks five dwelling houses in this town have been burglarized in the night time. Phil Gaston, a colored man, had the sum of \$600 or more taken from him; then Mr. E. G. Faust's residence was entered and over \$100 stolen; Dr. G. B. Nance had his pockets robbed of a few dollars while he and his family slept; and then came the attempted burglary at the Caldwell boarding house and the terrible affair at Mr. W. W. Horn's. At all these places the burglar was deliberate and bold to an astonishing degree, and it is believed that in some of the houses entered that he hid himself for some time before he did the stealing. It is believed by many that one person committed all these burglaries and it is not at all a pleasant thought that such a criminal is at large in the community. It is needless to say that the officers and citizens are doing all in their power to bring the burglar to justice.

Warehouse Company Pays Dividend. Mooresville Enterprise.

The Iredell County Farmers' Union held a called meeting here last Saturday, holding their sessions in the graded school auditorium. The meeting was very largely attended, nearly all locals of the county being represented. The object of the meeting was to issue dividends to the various stockholders of the Iredell County Farmers' Union Warehouse Company, a 6 per cent annual dividend being paid. It is said that the union is in a flourishing condition and that in the northern end of the county the membership had increased very much within the last year. No action was taken with reference to holding cotton for a higher price, it being understood that every farmer, whether a union man or not, if he was in a position to do so, will hold his cotton for the price set by the national convention several weeks ago—15 cents.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. It also stops the hair from falling out, and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist to-day, and notice the difference in your hair after a few days' use.
