BOSTON POISON MYSTERY.

Boston, Mass., Oct. 27.—Not for years has Boston been so thoroughly interested and stirred up as it is at present by the mystery surrounding the death, two weeks ago, of Miss Avis Linnell, a young and beautiful music student at the New England Conservatory of music in this city.

Conservatory of music in this city, who died from poison in the bathroom of the Young Woman's Christian Association lodging house on Warrenton street on the evening of Saturday, October 14th. At first little attention was paid to the case, as it was believed that the death of the girl was caused by a fatal mistake or that she had committed suicide.

But the sensational features which, at first, seemed to be lacking were soon supplied when the autopsy of the girl's body by the medical examiner disclosed the fact that the girl was in a delicate condition at the time of her death. The report that Miss Linnell had for two years been engaged to the Rev. Clarence V. T. Richeson, formerly of Hyannisport, Mass., but now pastor of the Immanuel Baptist church, Cambridge, and that quite recently the engagement of the young pastor to Miss Violet daughter of Mr. and Mrs. Moses Grant Edmunds of Brookline, had been formally announced, naturally increased public interest in the case.

From the very beginning, almost, there had been hints, that possibly the Rev. Clarence V. T. Richeson knew more about the circumstances surrounding the death of Miss Avis Linnell than he chose to admit.

The history of the case, so far as it is known at the present, presents many features of uncommon interest. The Rev. Clarence Vigil Thompson Richeson was born in Rose Hill, Va., about 35 years ago. He came from a family of devout Baptists, many of whom are engaged in church and missionary work in various parts of the world.

About one year before he had been called to the Hyannis Baptist church and he remained in charge of that church until he resigned in April, 1910, to take charge of Immanuel Baptist church, Cambridge. When Richeson became pastor of the Hyannis church Avis Linnell was a student at the Hyannis High School. She had a fine voice and used to sing in Richeson's church. The young and handsome minister became acquainted with the beautiful and charming young school girl and associated with her a great deal.

When Rev. Richeson left Hyannis and became pastor of the Immanuel church in Cambridge, Avis Linnell followed him to Boston. She entered the Conservatory as a voice student and lived at the Y. W. C. A. home on Warrenton street. When she was informed that Rev. Richeson's engagement to Miss Edmunds, the daughter of a wealthy family in Brookline, had been formally announced, Avis Linnell did not lose her confidence in her lover. She said, it must be a mis-

If Your Food Fails to Sustain You, Change.

One sort of diet may make a person dependent, depressed and blue and a change to the kind of food the body demands will change the whole thing.

A young woman from Phila. says: "For several years I kept in a run-down, miserable sort of condition, was depressed and apprehensive of trouble. I lost flesh in a distressing way and seemed in a perpetual sort of dreamy nightmare. No one serious disease showed, but the 'all-over' sickness was enough."

"Finally, between the doctor and father, I was put on Grape-Nuts and cream, as it was decided I must have nourishing food that the body could make use of."

"The wonderful change that came over me was not, like Jonah's, on the growth of a single night, and yet it came with a rapidity that astonished me."

"During the first week I gained in weight, my spirits improved, and the world began to look brighter and more worth while."

take and continued to meet the faith minister. She frequently visited him at his lodgings and went out with him. On the evening of Oct. 14, she returned to her lodgings and about an hour later was found dead in the bathroom. Her death was caused by cyanide of potassium and the police are said to have positive proof that Richeson purchased a quantity of the poison the day before the girl's death.

Deafness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring to its normal condition the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken off and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Novadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Weyl's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented. Don't neglect your hair. Get a copy of Weyl's Sage and Sulphur Remedy, and under the direction of a druggist use it.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Cities: Drug Store, Special Agents.

Farmers' Union Will Oppose Trade Disintegration Plan.

Raleigh, N. C., Oct. 27.—The speaker of the House of Representatives, E. J. Justice returned to Greensboro last night after a conference here with S. A. Woodard, of Wilson, the result of which is that they have agreed to start Saturday for New York city to take a hand in the public hearing and fight in connection with the opposition to the adoption of the proposed plan of disintegration for the American Tobacco Company. They go as counsel for the North Carolina Farmers' Union, being retained by President H. Q. Alexander under instructions from the farmers' convention, held here during State Fair-week, to take care of interest of the tobacco growers.

Mr. Justice could give no indication as to what action they would take, except that they go to fight in every way they can the pending plan as a subterfuge and a real aggravation of the trust oppression evil that the disintegration is supposed to cure. Messrs. Justice and Woodard indicate that they are in hearty sympathy with the fight that the Attorney General of North and South Carolina and Virginia are now making against the putting into effect of this objectional plan.
