SOUTH SALVATION OF THE COUNTRY.

Dr. Schurman Says Here the Conservative Progressiveness needed. Atlanta, Ga., November 23.—Dr. Jacob G. Schurman, president of Cornell University, uttered a note of warning against the spread of socialism in the country in an address at the University club here today.

"I have been in every section of the United States in the past few months, and have had opportunity to study the political situation thoroughly," said Dr. Schurman.

"In the South alone I have found that same spirit of conservative progressiveness which marked the spirit which animated the founders of our country, for from it will spread the right kind of conservatism, bringing back the erring sections to a realization of their mistake."

Western Governors to Tour East. St. Paul, Minn., Nov. 25.—The preparations for the tour of the East by the party of eleven governors of as many western and northern States, scheduled to start from here next Monday, are practically completed.

The object of the tour, as conceived by former Governor James H. Brady, of Idaho, is mainly educational. Politics is to be strictly barred and for that reason the urgent invitations of the woman's suffrage advocates, asking the governors to address suffrage meetings in various cities during their trip, have been politely but firmly declined.

BOLD TRAIN ROBBERY.

Coast Line Mail Coach Ripped Near Columbia.—Lone Man Does Daring Deed.

Columbia, S. C., Nov. 24.—A masked white man late tonight robbed the mail car of Atlantic Coast Line train No. 55 between Royster and this city, took the registered letters, stopped the train and jumped off just before the train reached the city limits.

The value of the registered mail stolen is not known but the letters are said to contain several thousand dollars. There is no clue to the identity of the robber.

The train, westbound from Wilmington, reached the Royster block house, 2 miles from Columbia, at 11:20. It stopped there a moment, then proceeded toward the city. The robber is supposed to have boarded the train at Royster. Within a few minutes after the train started, he made his appearance in the mail car, held up the two mail clerks at the point of a pistol and took the registered letters. He then pulled the bell cord and leaped off as the train stopped.
