

## MISS GOULD TAKES ISSUE WITH PREACHER

### BACHELOR MAIDS DO GOOD.

Minister Advocates Isolation of Bachelor Maids to Barren Island.—Manoe to Society.

Grand Junction, Colo., July 26.—When the Rev. Elmer V. Huffner, just resigned as pastor of the First Christian church, delivered a sermon recently advocating the exile of old maids, to a barren island as waste humanity, he anticipated local resentment, possibly, but hardly expected to find himself at issue with Miss Helen Gould, of New York. In her letter Miss Gould takes issue with opinions voiced by Rev. Huffner. Miss Gould's letter follows:

"Glancing over a Denver paper I notice an item concerning your sermon on 'love, courtship and marriage.' One part of which I especially notice saying that old bachelors and bachelor maids should be isolated on an island so they could not hinder the progress of civilization. I do not know why you made this statement, but I feel that it is a great injustice to the bachelor maids of our country. There are, I admit many manhaters in the world, but many bachelor maids are not living alone because they choose, but because they have been unable to find a suitable companion.

"I must admit that I am speaking from the standpoint of the bachelor maid. I feel that such persons as myself are not hindering the progress of civilization, but advancing it. If I had found a suitable helpmate, I might have spent my money in a different way, and for a reason which might not have done as much good as it has.

"Please think this question over and before preaching on this subject again make up your mind that there is some good in living a single life."

## BELL BLANKS VISITORS.

Concord Boy in Fine Form, And Triumphs Over High Point With Ease.

"Ding" Bell pitched Concord to another shut out victory yesterday afternoon at Cinco park. The Concord boy was so stingy with his wallop that High Point had to exert every energy to garner the small number of three. It was a furniture dealer hurling against the furniture makers and the dealer came forth a victor with glory to spare, the score being 8 to 0.

While "Ding" Bell was performing so steadily his teammates were going at the same game. They put up a swell article of defensive baseball, two fielding features outstanding, a dazzling stop of a smash from Bowden's bat by Johnson and a difficult catch in left by Morris. On the offensive Moore, Johnson, Pearson and Patterson wielded the willow vigorously. The doughty first baseman cracked one of Jones' offerings over the center field fence. Loman played a clever game at short for the visitors.

"Ding" Bell was the big boy of the conflict, though, and at no time did he allow Hauser's men a show.

### TWO FIRES THIS MORNING.

Firemen Peck and Carroll Handle the Situation in Fine Shape.—The Damage is Small.

Whitley's residence on Spring street. Messrs. Frank Carroll and Hope Peck, two firemen who did not attend the tournament, and several volunteers responded. Fireman Carroll took Driver Byles' place with the lines and with "Roe" and a lively horse made the trip in good time. The colored firemen also responded.

The first fire, the one near Gibson Mill, was caused by a defective flue and the blaze was soon extinguished. The fire at Mr. Whitley's house was also caused by a stove flue. The damage was slight, the roof of the kitchen being torn away in order to check the blaze. The house was owned by Mr. N. A. Archibald and the damage is covered by insurance.

### May Be Richest Bachelor's Bride.

Newport, R. I., July 25.—A new mark for lavishness and splendor is expected to be set for Newport society by the entertainment Mr. and Mrs. Paul A. Andrews will give tomorrow evening, at their summer home here, to introduce formally their daughter, Margaret. The cottage colony is intensely interested in the debut, for Miss Margaret is one of the acknowledged belles of Newport this season. In fact, she has almost monopolized public attention, especially since it was noticed that young Vincent Astor, America's richest bachelor, was exceedingly fond of her company. During his visit to Newport before leaving for Europe young Astor paid devoted attention to Miss Andrews. The fact that Vincent Astor's most intimate friend, young Hermann Oelrichs, is also a devoted attendant upon the young lady has added interest to the situation and it would not be surprising if sporty Newport would soon be laying wagers on the result of the contest between the two "millionaire kids" for the heart and hand of the fair Miss Margaret.

### Sensation in Wilmington.

Wilmington, July 25.—Some of the expected sensations of the present term of New Hanover Superior Court came today when following the issuance last evening of a dozen or more capias, for persons for selling whiskey something like 80 or 90 additional capias were issued these including 60 or more for those who entered pleas of nolo contendere to a similar charge at a recent term of Superior Court. Among those arrested on capias charging violation of the prohibition law was Charles Rogers, a member of the grand jury.

Most of those who entered pleas of nolo contendere and who were rearrested today were required to give \$1,000 justified bonds for appearance Saturday morning when an inquiry will be held to ascertain whether or not they, or any of them, have violated the law or their agreement since the plea was entered. The agreement was that they were not to sell whiskey again for a period of 12 months from January 1, 1912 and were to report at each term of court to show that they had kept their part of the bargain.

### National Convention of Gideons.

Atlanta, Ga., July 26.—"If you belong to Gideon's band," your proper place is in Atlanta today. Nearly 1,000, only a fraction of the total number of Gideons, are here. The major portion are busy selling goods over the north, east, west and south and wishing they were in Atlanta.

The Gideons are members of the Christian Traveling Men's Association of America, and this is their annual international convention. The opening session, which was held this morning in the assembly room of the Piedmont Hotel, was devoted to reports from National Secretary Nickerson of Janesville, Wis., and other officers and State superintendents of the association. The reports show gratifying progress during the past year, especially in the great mission undertaken by the Gideons of placing a Bible in every guest room of every hotel throughout the United States and Canada. At the present time, according to the reports, the work is being continued at the rate of about 5,000 Bibles a month.

## Right Food Works Wonders

It is often the case that people drift into wrong habits of food, although they should know better.

When one gets into trouble of this sort it's a fine thing to know how to get out of it. The "food route" is the common sense way back to health and comfort.

## Grape-Nuts

FOOD  
is made of wheat and barley, so perfectly cooked that it is partially pre-digested and contains the vital tissue-making elements required for the daily rebuilding of body and brain.

A dish of Grape-Nuts and cream for breakfast regularly, helps mightily to put one in mental and physical condition for the day's work.
