SENATOR POMERENE AFTER THE TRUSTS

RESOLUTION TO SECURE ACTION ON RESOLUTION.

Directing Attorney General Wickersham to Prosecute Standard Oil and Tobacco Trusts.—Wants Matter Considered on Floor of Senate—Will Have Hearing Next Week.

Washington, Aug. 10.—Senator Pomerene, of Ohio, made another attempt today to secure action on the resolution directing Attorney General Wickersham to criminally prosecute defendants in the Standard Oil and Tobacco Trusts suits. He moved to take the matter out of the hands of the Senate judiciary committee and consider it on the floor. Chairman Clark, of Wyoming, speaking for the committee, complained that work had been so heavy it had been impossible to reach the Pomerene bill. He declared the measure was not being neglected, but could not promise action this session. Compromise was reached by agreeing to give Pomerene a hearing next week.

Development at Whitney.

Manufacturers Record. Contract for completion of canal awarded to Joseph Sands Company, Roanoke, Va.; contract for masonry and power-house to Hardaway Contracting Co., Columbus, Ga.; capacity of power, present development work to commence immediately and be completed within nine months; works for the reduction of aluminum, with all necessary sidings, machine shops, stores, etc., will be constructed immediately; Dr. Paul Herrout, who invented the process for reduction of aluminum, representing French interests in Whitney; W. P. Marsailles, general manager; Donald F. Campbell, engineer.

In June the Manufacturers Record announced the plan of L. Aluminum Francis of Paris to purchase the North Carolina Electric & Power Co. property (former Whitney Company proposition and organize the Southern Aluminum Co., with capital of \$800,000, to complete the hydro-electric plant and build aluminum works for utilizing the electricity. The Southern Aluminum Company has its New York offices with 400 Banque Franco-Americans at 45 Wall street.

Retirement of Col. Jackson.

Washington, D. C., Aug. 10.—After nearly forty years' service, Col. James B. Jackson, one of the best known officers of the army, will be placed on the retired list tomorrow on his own application. Col. Jackson comes from Kentucky, and is the son of Gen. James S. Jackson, who was killed at the battle of Perryville, in 1862.—Col. Jackson graduated at West Point in 1877, and served in Indian campaign, in the Cuban campaign, in Alaska, in Porto Rico and in the Philippines. His last service was with the 25th Infantry at Fort Lawton, Wash.

Newport Dog Show.

Newport, R. I., Aug. 10.—Newport society through the Casino today to admire and pet the one thousand or more dogs on exhibition there at the annual bench show of the Rhode Island Kennel Club. It was an aristocratic show throughout. There was no place for an ordinary dog in the exhibition. A line of blue-blooded canine ancestors was the only ticket that inspired admittance. Even class distinction prevailed among the dogs, the haughty Blenheim spaniels absolutely ignoring the breezy looking little French and English bulldogs.

Resolution to Unseat Son of Millionaire.

Washington, Aug. 10.—Foreshadowing a warm partisan battle over fighting thereon, Catlin, son of a St. Louis millionaire, Republican Representative from the eleventh Missouri district to Senate minority report, sustaining Catlin's election in House today. Majority report recommending Catlin's ousting, seating Patrick Gill, Democratic opponent, already been filed. Vote on the issue will be taken next week. Gill charges that Catlin was elected by fraud, and corruption and a practical expenditure of Catlin's father of \$10,200, in violation of anti-corrupt practice laws of Missouri.

Miss Elizabeth Coltrane Entertains.

Miss Elizabeth Coltrane entertained a number of friends at dinner last evening at 6 o'clock at her home on North Union street in honor of Miss Isabelle Harris, of Asheville. Miss Coltrane's guests were: Misses Isabelle Harris, Myrtle, Adele and Mary Pemberton, Laura McGill Cannon, Blanche Brown, Esther Hatchett, of Atlanta, and Alice Brown.

MEADOWS PITCHES BRILLIANT BALL.

Barring "Bonehead" Offensive Work Both Teams Put Up Good Game.

The Cincos drew first blood in the series of games with Kannapolis here this week, defeating the visitors yesterday afternoon at Locke Park by a score of 3 to 1. A large crowd witnessed the game.

Anderson and Meadows were the opposing pitchers, being the second battle between the two twirlers. The right handed box artist triumphed over his formidable rival, the latter suffering from the same cause his successful rival did on their previous meeting—wield flinging. Anderson pitched a good game of ball but showed for the first time this season a tendency to lose the whereabouts of the plate. Meadows showed more stuff than on any of his previous entries to the box, which the fans well know, is showing some. He had everything and used it with great effect, fanning eighteen and allowing only four hits.

In speaking of Anderson it might be said, and the records will uphold the statement, that he is some classy twirler. It has been the habit of certain players in the Piedmont circuit to say that the lanky southerner "hasn't got a thing." If Anderson "hasn't got a thing" there is quite a collection of ball players in this league who have never learned the art of connecting with a straight ball.

A sensational catch by West at short, Willett's steady work behind the plate, M. Kirk's and Moose's trick work and Miller's home run drive over the left field fence featured the fray.

Concord scored in the fourth. Patterson singled, Pearson bunted and was out at first station. Grier made a wild heave to Kirk to catch Patterson at third and the runner completed the circuit. One more was added in the fifth. Roberts, who is the most successful "get on" man in this section, was hit by pitched ball. West and Johnson walked. Winston singled scoring Roberts. With the bases full Patterson and Pearson practiced surgery on the atmosphere. Moose smashed a vicious swat at Anderson, who made a swell stop and cut off an impending rally.

One more came across in the eighth. Moose was safe when Parrish dropped his long wallop down the right foul line. He scored a moment later on Dusenbery's single, coupled with a bad heave by Overcash.

Kannapolis scored their only run in the same frame. Big Albert Miller rode one to the clouds and when it dropped it dropped on the outside of the fence, thereby entitling him to a trip around the bases.

The two teams play this afternoon at the same park.

Electric Chair Finds Many Victims.

New York, Aug. 10.—Twenty-two years ago this week, on August 6, 1890, William Kemmer, a condemned murderer, was put to death in the electric chair in Auburn prison. Kemmer was the first person to be legally executed by the electricity in the United States and his case was the subject of wide discussion at the time. The action of New York in substituting the electric chair for the gallows has been found generally satisfactory and her example has been followed by Ohio, Virginia, South Carolina, Massachusetts, Kentucky, New Jersey and North Carolina.

Since the execution of Kemmer there has been 154 persons put to death in the electric chair in New York. The state prison authorities estimate that it costs about \$400 per individual to carry out the capital punishment mandate. On the basis of this estimate New York State has expended about \$65,000 for electrocutions since that form of inflicting the death penalty was introduced.

Several times the electric chair at Sing Sing has had two victims in one day and on one occasion a short time ago three persons were put to death within the period of twenty-four hours. But never before has there been such a wholesale execution of death sentences imposed on prisoners in this State as is scheduled to take place at Sing Sing next week. Nine men are to die on the same day, and in as rapid succession as they can be led to the death chair. Six of the nine prospective victims are the Italians who were convicted of the atrocious murder of Mrs. Mary Hall at Croton Lake, Westchester County, on Nov. 9, 1911.

Mrs. Mabrey Entertains.

Mrs. Marshal Mebery delightfully entertained a number of her young friends at a set back party last night in honor of Miss Nina Leonard, of Morristown, Tenn., and Miss Ponza Cline. Mrs. Mabrey's guests were: Misses Nina Leonard, Ponza Cline, Edna Honeycutt, Ollie Zertin, Ella Peck, Ollie Covington and Irene Mabrey, Sam Waddington, Mr. Sijargar, June Sapp, Charles Krider, Charles Caton, George Fisher and Frank Mabrey.

After the game the guests were invited into the dining room where cream, cake and fruits were served.

The Charm of Virginia Beach.

Richmond Times Dispatch. "If there is one thing that everybody is doing this summer, according to the monotonous refrain of the song, it must be going to Virginia Beach. That charming spot where the 'white horses' of the Atlantic rumble ceaselessly on the shining sand is really just a suburb of Richmond. The kilt and kinnery of the town are there some time or other, for the season, or the ten-day vacation, or the week-end. No Richmond-er need ever feel lonesome at Virginia Beach. He is right at home and enjoys himself hugely. He meets all his old friends and discovers a lot of new ones until he is doubly certain that Richmond has more nice people in her borders than anywhere else in the world and that all of them come to the Beach.

The reason is plain. Virginia Beach is just the kind of summer haven that city folks like. It makes no very great demands upon mind or body, yet gives plenty of quiet amusement. It is beautiful and cool and peaceful. It could be called the Atlantic City of Virginia, save that it is so much better than the tumultuous pandemonium of the Jersey coast; for it offers the worth-while things of vacation. The surf is pleasure and exercise and excitement all in one. The new Casino is very fine and imposing, and the nightly informal and friendly and full of the personal charm of many pretty girls, who are happy because they are alive and not because they can change frocks seven times a day. The atmosphere has the best simplicity of the true Virginia tradition. It is quiet and unaffected and companionable. It shows no sign of the money-mania, or the speed-mania, or the snob-mania.

Senator Simmons' Record.

From J. W. Bailey's Speech. I propose that we shall first consider his record as Senator. I am willing to discuss it in detail, but I hold that it is impossible to pass a just judgment upon any man's record on the inferences from any one or two or ten individual acts. I have no doubt that Chief Justice Clark has rendered now and then a decision displeasing some of his fellow Democrats. But his record as a whole is a matter of pride to us all. I have no doubt that some of you are inclined to criticize Governor Kitchin for some of his acts—some of the pardons that he has granted or his action on the trust question, for example. But on his record as a whole I am here to say that he has made a good governor. I suppose that Senator Simmons has cast some three or four thousand votes since he has been in the Senate. From this distance, in our ignorance of the true situation, we may pick out here and there a vote that we would not approve. But who would be so small as to judge his whole record in such a narrow spirit? Such a judgement were worthy only the man, who, looking at the world through the reverse end of a glass, would declare only himself big and all other men little.

Chicago's Big Water Carnival.

Chicago, Ill., Aug. 10.—An enormous crowd thronged the lake front of Chicago today to witness the initial events in the greatest water carnival and naval pageant ever held in this country. Riding at anchor within the great water area formed by the breakwater is a mighty armada of nearly 2,000 craft, comprising naval vessels, steam yachts, sailing yachts and power boats of all size and description, all ready to take their respective parts in the week's aquatic festival.

The programme leads off with the first race in the battle of supremacy between the Canadian sloop Patricia and the American sloop Michigan for the International Cup. During the week the fleetest motor boats of England, France, Germany and Canada and the United States will contest for the motor boat championship of the world. The Hampton Cup races; the Illinois A. C. Marathon swim; a naval sham battle, a long distance motor race to St. Joseph, Mich., and return, and a grand parade and review of the pleasure boat fleet will fill in the programme for the remainder of the week.

Sham War in New York.

Stratford, Conn., Aug. 10.—The stage set war has begun and the fate of New York City depends on ability of blue army defense to hold in check the red army invasion. Whole constituent Connecticut maneuver campaign. Six States are participating in the sham war: New York, New Jersey, Massachusetts, Maine, Vermont, Connecticut, comprising all branches of service.

He Says the Democrats Are "LUNY."

And Only Fit for Lunatic Asylum.—Admits Taking Democratic Planks.—Says New Party Will Solve Negro Problem.

Oyster Bay, August 10.—Colonel Roosevelt had no hesitancy in admitting today that many planks adopted by the Progressive party platform were Democratic organ. He also insisted that ten years hence it would be found that the new party had solved the negro problem and found the only way in which to really benefit the black race. Attention was called to the article by William Jennings Bryan, declaring that Progressives had stolen all their good planks from the Democrats. "Of course we have stolen all of the ideas from the Democrats that were good, except those that are fit for the inmates of a lunatic asylum," declared Roosevelt.

NEWS FORECAST FOR THE COMING WEEK.

Washington, D. C., Aug. 10.—In the interval between the Progressive convention and the Wilson notification of last week and the notification of the two leading vice presidential candidates fixed for a week hence, the national campaign promises to experience a mid-summer lull during the ensuing seven days.

The most important of the fixed events on the political calendar of the week will be the Populist National Convention, which has been called to meet in St. Louis next Monday to name a presidential ticket and adopt a platform.

Col. Cecil A. Lyon, chairman of the Republican State committee of Texas and an active Roosevelt supporter, has issued a call for a State convention of the party to meet in Dallas Monday to put a full ticket in the field.

A monument in honor of the memory of Sir Isaac Brock, who commanded the British forces in Canada in the early part of the War of 1812 and who was killed at the battle of Queenstown Heights, is to be unveiled Thursday at Brockville, Ont. Col. Samuel Hughes, the Dominion minister of militia and defence, is to officiate at the unveiling ceremony.

Another interesting event of the week in Canada will be the visit of the Duke of Connaught and his party in Halifax. The chief feature of the visit will be the dedication by His Royal Highness of the memorial tower erected at Halifax to commemorate the 150th anniversary of the first meeting of the provincial legislative assembly of Nova Scotia.

Among the conventions of the week will be the annual meetings of the International Typographical Union, in Cleveland, the National society of the Army of the Philippines, in Lincoln, Neb., and the Canadian Medical Association, in Edmonton, Alta.

Wireless to Girdle Globe.

London, Aug. 8.—The House of Commons today adjourned till October 7. Except for a break of a few days at Easter and again at Whitsuntide, the House has been in session for just seven months.

Before the adjournment Herbert J. Samuel, postmaster-general explained the British Government's contract with the Marconi Company, which provides that the British Government shall supply the company with \$3,000,000 for the building of five great wireless stations, Australia to supply \$500,000 for another station, and the whole to form a wireless circuit around the globe.

The contract was the subject of severe attack recently, and in reply to this Mr. Samuel said the British Government was unable to undertake the construction of wireless stations itself and the Marconi Company was the only concern possessing the necessary experience and plant to carry out the scheme.

Wants Troops on the Border.

Austin, Texas, Aug. 10.—Gov. Colquhoun today is awaiting reply to the ultimatum, telegraphed to the war department last night, stating that unless United States troops are sent to the Mexican border that Mexican rebels will invade Texas territory. State troops will be sent at once to the border.

Eight Dead as Result of Wreck.

Boston, Mass., Aug. 10.—Eight are dead as the result of Thursday's wreck on New Haven road, just outside of this city. Physicians at the hospital said today that five others of the injured can hardly survive the day. The cause of the wreck is still unknown.

Commissioners Appointed.

Messrs. Nelson Barnhardt, John A. Scott and P. M. Krimminger have been appointed commissioners for the Cold Water drainage district. The commissioners will have charge of the work, let the contract, issue bonds and supervise all matters concerning the district.

Panama Bill Diplomatic Question.

Washington, Aug. 10.—With leaders it is certain that the House would accept all the Senate amendments to the measure, and that it would receive the President's approval. The Panama bill today became a diplomatic question.

VAN HOY IS STILL IN JAIL.

His Condition is Somewhat Improved But Still Serious.

John Van Hoy, the young man who was injured yesterday morning by falling from a moving train, is somewhat better today, although he has not fully regained consciousness. His companion, June Westmoreland, was fined \$5.00 for riding a train without paying fare. He is still here and will remain with his injured friend. The sick man is locked up in the city lockup and is in a bad condition. A physician has attended him several times and his condition shows some improvement.

Judging by the condition of the lockup and the obnoxious odors that emanate therefrom it is no place for a well man. However, it was the only place the officers had to put the injured youth. It is a serious case and one that should appeal to the mercies of any community. The young man may be a tramp, a hobo, a worthless vagrant or whatever any one desires to call him but his condition is serious and he needs the aid of his fellowman, and needs it badly.

8,000,000 Eaten by Army Worms.

Washington, D. C., Aug. 9.—More than \$8,000,000 damage was done to crops in the South last month by the army worms, according to unofficial estimates of the department of agriculture.

Whether the season's second brood of insects, already appearing in South Carolina, Alabama, Georgia and other States, will increase this loss is of much concern to government experts. All the means at the department's disposal are being used to meet the emergency.

Reports to the department say the army worm at some places half a foot deep on railroad tracks, have stopped trains. The loss is placed at \$1,000,000 in Georgia, while in Arkansas twenty per cent of the corn and ten per cent of the cotton planted have been destroyed. Losses also have been great in Tennessee, the Carolinas, Alabama, Mississippi and Louisiana. In some of these, particularly Louisiana, they exceed the million mark. Corn, cotton, sugar cane and tree crops from Louisiana to the Atlantic have been affected.
