Full details printed elsewhere.

In today's issue of the Tribune and Times we are announcing a "Premium Vote Offer" commencing Monday, September 30th, and ending Saturday, October 5th, at 9 o'clock. Twelve Premium Ballots will be given to candidates who turn in the largest amount of money on subscriptions, the details of which are herewith given.

Here is the plan: A 500,000 premium vote ballot will be given to the candidate who sends or brings in the largest amount of money on subscriptions between the dates above mentioned. The person who brings in the second largest amount of money will be given a premium ballot good for 475,000 votes. There are called grand or capital premium ballots.

There are also five other ballots to be given away in each district, known as district ballots. The first district ballot in each district is good for 450,000 votes, the second district ballot is good for 425,000 votes, the third 400,000, the fourth 350,000 and the fifth 325,000. These district ballots will be awarded to the candidates after the grand or capital ballots have been awarded. You are not confined to new subscriptions. Old subscribers may pay three months, six months, or a year, five, ten and the same will count towards this offer. This is an opportunity for you to increase your standing if you are at the bottom of the list, win the 500,000 vote ballot and "cinch the prize."

Do not hold back your subscriptions. Send them in as soon as you get them. We keep a record of all money and subscriptions sent to our office, and on Monday morning, October 7th, we will check over all subscriptions and mail to the successful contestant the premium ballot that they won.

Double votes will also be given during this period. Note the decreasing schedules published in the paper. The above is a brief outline of the third special offer of the Tribune and Times contest which is announced today.

Just think of a special ballot good for 500,000 which will be given to the candidate who turns in the largest amount of money on subscriptions during this offer. Then to the person who turns in the next highest will be given a ballot for 475,000 votes; the next highest for 450,000, and so on down the list. There will be twelve special ballots. The highest one as stated will be for 500,000 votes and each of the other eleven will be decreased in value 25,000.

The prevailing scale of votes will be based on each subscription turned in during this offer and those special or competitive ballots will be based on additional. They will be awarded to candidates turning in the largest amount of money during this period ending October 5 at 9 p. m. It should be remembered by candidates that the money for these 100 per cent. increase over the regular schedule will be issued while next week the schedule will decrease 25 per cent. It will pay you to secure every possible subscription before Saturday, October 5, no as to get the increase, and at the same time have the money apply on this offer.

Offer Fair to All

This offer is as fair to one as it is to the other. It is entirely different from any other offer and can in no way be compared with them. This offer means that all must work hard during the next six days. In fact during the next six days it is necessary for those who expect to win to keep steadily at it. This offer means that those behind you may regain their lead by jumping into the field hard this week and win one of the big ballots and place themselves as one of the leaders.

In fact this offer cannot be overlooked by any of the candidates. If you are standing high in the contest and have a bunch of votes to spare you should be in mind that you may get one of the 500,000 ballot or one of the other big ballots. You not only can get a special ballot but your

Votes as well. If you expect to win in this contest you must work every day from now until the end of the contest. By this it is meant that you must take up all of your spare time in the interest of the contest.

Subscribers Take Notice

Now is the time to subscribe and secure votes for your favorite candidate. You're able to help them more than ever now and can turn over many votes to them. They will be needed. The race is just fairly on, and all your subscriptions would enable your favorite to win the Ford Touring Car or one of the other valuable prizes.

NEW YORK HERALD FORECAST.

Shows Strong Drift to Wilson. — Roosevelt is Second in Nearly All States.

New York, Sept. 28.—The New York Herald this morning contained a comprehensive poll of the nation and forecast of the result of the presidential election in November. The Herald's canvass indicates a strong lead for Governor Woodrow Wilson, the Democratic nominee; a great loss to the Republicans and a heavy Progressive vote. The Colonel is placed second on nearly all of the states canvassed. The Herald also says that "thirty-six days before the election shows the Democrats united in all sections, Progressives fighting desperately, and the Republicans apathetic." The Herald's forecast in part follows:

"With the Republican party from one end of the country to the other torn asunder by the activities of the Bull Moose candidate, and with the Democrats working in complete, almost bloodless, harmony, indications at the present time—thirty-six days before election—point to Democratic victory at the polls in November.

"Consensus of opinion seems to be that the Bull Moose sentiment has reached its highest point and that the Taft movement in many sections is on the rise. In some sections the indications are that the Wilson tide has reached its flood. In others it seems to be rising steadily.

"Stray votes point to the election of Governor Wilson. They indicate that President Taft will run third in many States. Personal canvasses made by the Herald's experienced political correspondents in every corner of the country indicate that sentiment at the present time favors Governor Wilson. They show keenest activity on the part of the Democrats and Bull Moose campaigners and in many sections listlessness and indifference on the part of the Republicans.

GEORGEVILLE HEARS KITCHEN SPEAKERS

MANAGER MANESS AND SENATOR HARTSELL SPEAK

North Carolina Public Service Attorney and Southern Railroad Attorney Present the Cause of Governor Kitchin.—One of the Speakers Introduced by a Representative of the Southern Power Company.—The Tribune Takes Place of the American Tobacco Company and Southern Railway and Receives Criticism.—Widenhouse Strong at His Home Precinct.

Manager Maness cranked up the Kitchen runaway Saturday night and took a tour to Georgeville, where a Democratic-Kitchin speaking was held, the manager and his first lieutenant, Senator L. T. Hartsell, being the speakers. With them were several other supporters of the Governor. The speaking was held at the school house and 23 citizens were present. The speakers were given a cordial welcome. Their remarks were intercepted with applause and there was an occasional cry of "Give us Kitchin" and equally frequent demands "Give us Simmons."

During the race for Governor between Craig and Kitchin the principal issues of the campaign were the Southern Railway and the American Tobacco Company. They were attacked times without number, it being necessary for some one thing to be attacked or else the campaign would have died. But a new platform has evidently been welded together this time, neither of the Kitchen spellbinders delivering a headside at the great corporation Saturday night. "There's a Reason," as Mr. C. W. Post, the maker of postcards, who by the way has spent millions fighting union labor, and Chief-Highway Muglin, would say. They really did not even mention the Government road four years ago. You just bet your campaign button they did not mention them. Just start a little process of elimination right quick and you have the reason, provided Post and McNeish don't appropriate it from you.

First, eliminate the American Tobacco Company. After lambasting it from Murphy to Mantee the Governor sold the North Carolina bonds to the octopus. That eliminated the American Tobacco Company as a Kitchin issue forever and forever. Now comes the lesser of the Governor's two issues four years ago, namely the Southern Railway. There is a reason for eliminating that. Senator Hartsell is a Southern Railway attorney. Mr. Maness is a traction company attorney and a representative of a big bond house in New York. It is no use to eliminate any further. Things have already developed to the extent that two attorneys for the big interests could not rap on the other interests. So they immediately set about to find something to attack. And what do you suppose they found? It happened to be the Times and Tribune. That is rather surprising at first but on thinking the matter over it is only natural in view of the Tribune's fight for a better street car service and better railroad accommodation that when the attorneys for the corporations wanted something to criticize, to accuse of being unfair, they selected The Tribune.

Claude Blackwell Gets Two Years' Prison Term

Convicted of Manslaughter at Charlotte on Charge of Killing Dr. Fred Misenheimer May 25.

Charlotte, Sept. 28.—Claude Blackwell, of Lancaster, S. C., was this afternoon found guilty of manslaughter and sentenced to two years in the penitentiary for the killing of Dr. Fred Misenheimer in a room at the Buford hotel May 25. Evidence in the case was to the effect that Blackwell and Misenheimer and several others had been drinking, playing cards and otherwise carousing and a fight followed. Misenheimer, so it was claimed by the defense, attacked Blackwell with a plumber's plunge stick and Blackwell stabbed Misenheimer, death resulting 10 days later.

Both parties were prominent in their respective cities and the trial attracted a great deal of interest. Eminent counsel appeared on both sides and the case was hard fought.
