

**Total Eclipse of the Sun.**  
 Washington, D. C., Oct. 9.—There is to be a total eclipse of the sun tomorrow, but few persons in the United States and none in Canada will have an opportunity to view the phenomena. Residents of Southern Florida, if conditions are favorable, will be treated to a partial performance by old Sol when he hides himself behind the moon.

The path of totality will cross South America from a point near Quito, Ecuador, to Rio Janeiro, Brazil. The best place, it is figured for observing the eclipse will be in the vicinity of the Brazilian metropolis. Here the astronomers from America and Europe have set up instruments with long, unpronounceable names to take observations during the two minutes' duration of the total phase. A total eclipse is of the popular interest because as a mere spectacle it is one of the most beautiful presented to human eyes. But the problems appmost in the minds of the scientists in connection with solar eclipses are those relating to the sun's corona, which can be seen when the sun is hidden by the moon. It is an appendage to the sun, consisting of very tenuous gases chiefly, and apparently kept out in its position by a repellant power of the sun.

**ROUGH SCALY SKIN**  
**Little Patches That Peel Off and For Again.**  
 Try this remedy at our risk. Most skin diseases are eruptions accompanied by itching. But there is another kind in which small patches of scales appear and fall off, followed by another crop. This may spread all over the body and become almost incurable. A soothing application of Saxo Salve, our new skin remedy, should be made. This is very healing and penetrates through the outer layer of the skin to the very seat of the trouble, destroying the germs.

Treated in this way, as directed by the box in the box, the scaly patches disappear and are replaced by smooth, healthy skin. Saxo Salve is wonderfully healing and soothing in all forms of skin diseases, eczema, barber's itch, ringworm, etc., and we guarantee it to satisfy you, paying back your money if it does not.—Gibson Drug Store, Concord, N. C.

**RESULTS THAT REMAIN**  
**Are Appreciated by Concord People.**  
 Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary relief. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merit right here in Concord.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now makes this testimony even stronger.  
 "Mrs. J. M. Brown, 168 N. Union St., Concord, N. C., says: 'We certainly can recommend Doan's Kidney Pills just as strongly as we did in 1903, when we gave a public statement in their praise. I got this remedy from Gibson's Drug Store, when I was suffering from backache, headaches and other troubles caused by my kidneys being out of order. Doan's Kidney Pills acted as a tonic to my entire system. Another member of my family has also taken this remedy for weak kidneys and the results have been satisfactory.'  
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
 Remember the name—Doan's—and take no other.

Mrs. P. B. Parks, who has been visiting her mother, Mrs. John A. Sims, has returned to her home in Yorkville, S. C.

**Helps the Farmer to Sell**  
**THE FARMER** was worried over the market reports. Cotton was rising. When it reached a certain figure he proposed to sell. The day before it had almost reached his price. What would it bring today?  
 The farmer needed first-hand information at once. He stepped to his Bell Telephone. The Long Distance connection with the buyer in a distant city informed him that cotton had reached the top figure, and he sold his crop at a handsome profit.  
 The Universal Bell System enables the producer in remote rural districts to keep in touch with market conditions without the necessity of leaving home.

By the way, have you a Bell Telephone?

**CONNIE MACK IS AFTER NEW OUTFIELD**  
 After winning two world's championships with an outfield which really never possessed major league class, Connie Mack has finally come to the conclusion that he will have to improve this department of his team if he expects to be a contender in future campaigns. So long as he had Dunn, Murphy in the game his hitting much up for the shortcomings of the other fielders on the team, but with the injury to Murphy Mack found himself with a great infield, some good pitchers, but a decidedly weak outfield.

**NEW YORK GROUNDS HARD ON CATCHERS**  
 Ed Sweeney of the Highlanders thinks one catcher is not enough to backstop a game in the New York American league grounds. He wants a second catcher to hover above the stands in a balloon to watch for foul flies. He is needed, Sweeney says, to get them when the wind is whistling down the Hudson. "Some day," says Ed, "I'll be running for a foul on that field and the wind will carry the ball to the center fielder."  
 Oscar Stange of Detroit is with Sweeney there. On the first trip east this year Gardner hit a high pop that appeared to be foul. It was foul till it got above the stands and then the wind caught it, landing it near second.
