

MEETING OF NEW CITY FATHERS

The Little Ours Room at the City Hall was crowded with citizens who watched the meeting of the new city government body in transacting municipal business.

The purpose of the meeting was to elect the salaries of city officers, which was done.

At 8:15 o'clock last evening Mayor A. F. Hartsell tapped on the desk at the city hall, calling the first meeting of the new board of aldermen to order.

The mayor's salary was first taken up. The city has heretofore been paying its chief executive \$50 a month.

The city tax collector's salary then came up and the new board proceeded to check a large slice of the "pie" that has heretofore been divided in this position.

The city engineer's salary was then brought up and afforded considerable discussion. Several elements of interest were brought out at this stage of the meeting.

The city clerk's salary, \$450 a year, was left at that figure.

The chief of police is now receiving \$70 a month. The maximum salary for this office under the charter is \$80.

The police officers were also given a boost in salary, their present pay of \$30 a month being increased to \$35.

The driver of the fire wagon will be paid \$100 a month as a result of the action of the board last night.

The fire wagon will be paid \$100 a month as a result of the action of the board last night.

Work Begins on New Pavilion

Work has been begun on the new pavilion beside the lake. This pavilion will be 30 feet in diameter and will be furnished with tables and chairs where all who wish may go and spend their evenings and watch the boats which will soon be on the lake.

Mr. H. O. Pitt, who runs a variety store both at Concord and Kannapolis, will be the proprietor.

Mr. Pitt will put in two boats as soon as they arrive; one is an 18 foot motor boat to carry 10 passengers, and the other will be a row boat for the athletes.

The pavilion will be lighted by electricity and will be made comfortable. This will be a good place for picnic parties and ice cream suppers.

Kannapolis has not got lax by any means, but it is like a hive of bees and all drones who will not work soon become ashamed and leave for some looser paradise.

The Methodist Sunday school will observe next Sunday as Children's Day. The regular morning service will give way to the programme which has been arranged for the children.

Members, N. A. Gregg and T. P. Moore took a trip to Bessemer City in Mr. Gregg's automobile Sunday.

Mr. C. R. Harmon and family spent Sunday at King's Mountain, going over in their automobile.

Automobiles are plentiful here now. Mr. H. F. Probst bought one some time ago and since then Mr. Harmon bought one. Dr. H. H. Couble has gotten tired of runaway horses and now rides about in an auto.

The Methodist Philathea class gave an ice cream supper in the Y. M. C. A. hall Saturday evening, and had a nice time.

Mr. J. P. Moore, of Winston-Salem, formerly of this place, is here visiting his daughters, Messames J. H. Honeycutt, J. J. Brown and M. A. Lindsay, coming especially to see Mrs. Honeycutt, who is very ill.

The report of the Y. M. C. A. for April is out and shows a total membership at the last of the month of \$30. There was an average attendance of 197 members and 20 visitors each day.

Arrangements are being made for a charity entertainment to be given Saturday night, the 24th, to raise funds to be used by the charity committee for the benefit of any destitute families who may be found here from time to time.

There will be moving pictures to-night illustrating the recent flood in Ohio, accompanied by a lecture on same.

Kannapolis, May 14, 1913.

Motor Will Be Taken Up in Cab... Motor will be taken up in cab...

Washington, May 15.—The Japanese situation is further complicated by Governor Johnson's signing the California anti-alien bill.

The first step in what is reported to be a general organization of the State Department came from the appointment of Dr. W. L. Long, of New Mexico, chief of the Bureau of Latin American Affairs.

The Secretary of Commerce Redfield ordered at first an investigation by an agent of Department of the shoe and leather industry of the country.

The St. Paul Oil Company has not bought the Ford business. We are not selling three Ford cars for one thousand dollars to anyone.

We have no connection whatever with any other automobile concern. The entire Ford organization is so determined to carry through as indicated above.

The dealer who is familiar with his contract will give silly rumors concerning Ford business scant attention. The Ford contract furnishes him ample guarantee that such rumors are without foundation.

PERMANENT OFFICERS OF ASSOCIATION ELECTED

At Raleigh Today.—About 200 Representatives Present.—To Decide on Best Course to Pursue.—Dr. Anderson Takes Charge of State Hospital at Raleigh.—Other Matters at the State Capital.

Raleigh, May 15.—The Just Freight Rates Association entered into active service today when the plan of organization adopted at Charlotte a week ago was ratified and permanent officers were elected.

Speaking of the freight rates to and from Concord Mr. Patterson said that the difference was so great in comparison with Virginia and other towns as to work great hardships on the North Carolina business men, and that they were losing thousands of dollars in business every year.

The meeting will definitely decide upon the best course to pursue in backing up the Governor and rate commission in any movement they may take towards securing relief from the alleged discrimination of the railroads against North Carolina shippers in the matter of freight.

Dr. Albert Anderson, of Raleigh, who was yesterday elected to succeed Dr. L. J. Pichot as superintendent of the Central Hospital for the Insane here, today entered upon his duties.

Thomas W. Fenner, chief clerk at the State prison during Governor Kitchin's administration, has been elected chief clerk to Mayor James I. Johnston at a salary of \$1,500 a year.

President Wilson to Investigate Brees-Dickerson Case. Washington, May 15.—President Wilson has sent to the Department of Justice for all the evidence in the case of Brees and Dickerson, who face a sentence of two years in the Federal prison at Atlanta for complicity in the failure of the First National Bank of Asheville, N. C., fifteen years ago.
