## SENATORIAL DIGNITY SHATTERED TODAY

### VICE PRESIDENT AND SENATOR GALLINGER CLINCH

Word Encounter Disturbs Senatorial Dignity Today.—Gallinger Protests Against Applause in the Galleries of Senator James' Speech.—Marshall Makes Remark And Afterwards Admits It Was Out of Order.

Washington, May 16.—A spirited word encounter between Vice President Marshall and Senator Gallinger, of New Hampshire, during the debate on the sugar schedule of the tariff, shattered, temporarily, senatorial dignity today. Senator Gallinger arose to protest against the applause in the galleries of the speech of Senator James by the Democrats. Mr. Marshall remarked that there was no applause on a Republican speech, "the shoe being on the other foot." Senator Gallinger hotly objected, Mr. Marshall finally acknowledging that his own remark was out of order.

### CITIZENS' BUILDING AND LOAN ASSOCIATION

Annual Meeting Held Last Night—Number of Shares Now in Force, 3,900.

The stockholders of the Citizens' Building & Loan Association held their annual meeting last night. This association is seven years old and has matured 527 shares of stock, amounting to \$52,700. The association sold last year over 1,900, making the total number of shares of stock now in force 3,900 shares. The association is the youngest in town and is one of the most vigorous and aggressive business organizations ever organized here, and has been a great agency in building up the town. Secretary Fox states that last year was the best in the history of the association and that the prospects for the future are exceedingly bright. The following officers were elected last night:

W. C. Houston, president; C. B. Waggoner, vice president; John Fox, secretary and treasurer; H. M. Probst, assistant secretary and treasurer; J. L. Crowell, attorney; W. C. Houston, C. B. Waggoner, W. D. Pemberton, J. L. Harrison, M. L. Marsh, C. M. Ivey, W. C. Correll, F. C. Kiblock, Thomas Widenhouse, H. B. Wilkinson, C. H. Barrier, W. B. Brunton, H. M. Probst and John Fox, directors.

### Mr. Barrier May Be City Clerk

Since the announcement by Mr. John M. Hendrix that he would not be a candidate for city clerk there has been considerable speculation as to who would get the office. It now develops that Mr. C. H. Barrier will likely be selected by the board for this position. Soon after the election Mr. Barrier was mentioned as a likely selection for Recorder, but it is understood that this position did not appeal to him in the least. With Mr. Barrier's name eliminated in connection with the Recorder's position, there is much speculation as to who will land the place. The election of a Recorder does not take place until January and so far no avowed candidates for the place have announced themselves.

### Baptist Missionary Stopped During Speech

St. Louis, Mo., May 15.—When A. Y. Napier, Baptist missionary from China, in an address before the Southern Baptist Convention today on how to make foreign missionary work more effective, said it was desirable that the Baptists join the other Protestant sects in building up interdenominational mission schools, there were cries of "no, no," and "sit down" from all over the audience. Finding it impossible to continue his address, he took his seat.

## SUPERINTENDENT WEBB

Closing a Most Successful Year's Work in the Concord Graded Schools.

The public schools at Concord are closing a successful year. The superintendent of public schools of Concord is also closing a most successful year's work. It is a success wrought by the inevitable result of ability, governed by well directed energy. It is not a success heralded by loud acclamations, spotlight performances and grandstand tactics. Such practices find no place in the make up of the man at the head of Concord's schools. His nature is foreign to such things.

A bond election recently carried in Concord by a magnificent majority. By leaders of educational work it was considered a splendid victory. To bring about that victory required work and an abundance of work. The work was done and done well. To Superintendent Webb belongs the distinction of performing a major portion of that work. From the time the movement started he was at the helm and he stayed steadfastly until the victory was achieved. All this was accomplished in addition to a year filled with duties as superintendent.

A member of a family of teachers, Superintendent Webb has an inherent right to success in his chosen field. And his high character, training, ability and energy have caused him to make good.

### Stany County News

Mrs. Hubert Patterson is in the Charlotte Sanatorium undergoing treatment and operation. Mr. Patterson accompanied her and the little child to Charlotte.

News of the ill health of Roy C. Jenkins is of a very disquieting nature. Roy is with his parents, Mr. and Mrs. J. L. Jenkins, some 5 miles northeast of Albemarle.

### Mr. Morton Begins 90th Year

New York, May 16.—Levi P. Morton, former Vice President of the United States and for nearly half a century a leading figure in American banking and financial circles, entered upon his ninetieth year today, having been born May 16, 1824. There was no observance of the anniversary, owing to the state of Mr. Morton's health. For many weeks past the venerable banker has been confined to his bed and for days his condition was reported to be extremely critical. Of late there has been some slight improvement in the condition of the patient, though the physicians in attendance do not hold out any hope of a complete recovery, owing to Mr. Morton's advanced age and the nature of his illness.

They came down the air line a little over 100 miles and "clocked" with the various owners in rapid succession, so rapid, in fact, that seconds counted.

The birds were released at 12 o'clock with the following results:

Palm Beach, Fla., May 16.—The condition of Henry M. Flagler is unimproved, and death is not improbable within forty-eight hours unless he rallies.

Mr. Flagler is weaker this afternoon. His physicians have abandoned hope, and said his death is expected at any time.

The latest reports are that the strange white man found dead in the Yadkin river, near Norwood, 10 days ago, was never identified. It is said he had \$849 in money the day previous, that when found this was missing from his pockets, that his face was badly mangled in and it is believed he met death at the hands of an unknown robber. He was well dressed, and from a letter found near the place, it is thought he came from Atlanta.

Nine shots were fired during the engagement and seven of them took effect.

In all Mayes fired four shots, two of which took effect—one in the left hand of Cheshire and the other striking his breast bone and deflecting. Cheshire fired five times, each bullet taking effect in the negro's body, three entering Mayes' left arm above the elbow and shattering the limb; one bullet entering the left shoulder and the remaining one striking the breast and ranging downward. It is the latter ball that may prove fatal.

Washington, May 15.—Charles Hubert Martin, secretary of Senator Overman, aided and abetted by Charles, negro messenger, wheeling a wheelbarrow, and Lee Christian, negro messenger, pushing a pushcart, carried to the treasury department today the voluminous endorsements of Col. Austin D. Watts from the Democrats of North Carolina for appointment as collector of customs of the western district. Mr. Martin also handed to Secretary McAdoo the joint recommendation of Senators Overman and Simmons for Watts' appointment.

"Is this all?" asked Mr. McAdoo. Another communication was sent to President Wilson by the Senators advising him of the delivery to the treasury department of the recommendation and the endorsements. Secretary McAdoo was amazed at the bulk of the endorsements and clearly puzzled as to where to store them until tomorrow, when he promises to go over them carefully until he is exhausted. Clerks at the department stated emphatically that it was the largest bulk of endorsements they had ever seen delivered there.

The endorsements are from leading Democrats of North Carolina, both Senators, Governor Craig, all the Congressmen except Mr. Kitchin and Mr. Stedman, the latter having a candidate in his district, and from the judges of the State and Federal Courts and thousands of voters.

Secretary McAdoo said he would take the matter up as soon as possible and send for Senators Simmons and Overman and advise with them as to the course to pursue.
